The Rays

THE SAVAGE STONE AGE

English

We are going to begin this term by exploring poetry, creating images and experimenting with word use. We will be looking at stories with historical settings, linked in with our Savage Stone Age theme. During the term, we will be looking at instructional writing whilst discovering how to wash a woolly mammoth! Our grammar work will cover speech, prepositions, conjunctions and sentence openers. We will continue to improve our handwriting and spelling skills.

Mathematics

This term we will concentrate on using our knowledge of place value to mentally add and subtract as well as using the formal written methods to calculate.

Later this term, we will investigate geometry, fractions, statistics and measures. We will be exploring how to find change when paying with money, using practical equipment.

History/Geography

Our creative curriculum will make links to the life, times and places of the Stone Age, with a particular focus on Skara Brae.

<u>Music</u> In Year 3, we will continue to develop our ukulele skills. We will also investigate graphic scores with

Mr McDermott.

ICT

We will be using Purple Mash to explore the Stone Age.

RF

Mrs Riseboro will be teaching Year 3 about Hinduism and important festivals/ events during this term.

Science

To link in with our Stone Age topic, we will be investigating different rocks this term. We will explore how fossils are created and study the characteristics of different rock types.

Later in the term, we will be investigating plants and learning about what they need to be healthy.

French

In our French lessons we will be learning how to speak about our families and continuing to learn numbers up to 30.

Art/DT

Our creative curriculum will link to Stone Age cave painting and using a variety of media to create a Stone Age landscape.

PΕ

Children will continue to improve their rugby skills. We will also be developing running, jumping and throwing skills through our athletics work. To link in with the Stone Age, we will be learning some basic orienteering skills.
