Dear Families,

The call has been made by the Mayor of New York City. All schools will not re-open until tentatively Monday, April 20th, 2020. As of now we are following the recommendations of DOE and DOHMH and will be closed until April 20<sup>th</sup> as well. If anything changes, we will notify all families immediately.

We will keep you updated with new dates and information as well as community resources available to you.

In the meantime, we will provide optional home activities on our website in the next few days.

Again, if you have any questions, please do not hesitate to text us on the Remind app(join by texting @1bryans to 81010) or email us at [info@bryanseducationalcenter.com](mailto:info@bryanseducationalcenter.com).

We thank you for understanding and please be safe!

Sincerely,  
Bryan's Educational Center Administration
