## Dancers & Parents

- Think about the dances ahead of time and come to practice prepared with questions. Watch the DVD if you purchased one. Please come dressed to dance and bring a water bottle during your practice times. We will continuously run through the dances and review where needed. Groups will be practicing at different times and will bounce from different instructors if in more than one dance. If you have any questions please call my cell- 814-442-1406
- Parents are welcomed to park in the grass and bring lawn chairs to watch or drop your dancer off and come back after their practice is over. ***If there are not enough dancers to perform the dance to its fullest, I will cancel that dance.***
