Location

The resort is set on a hillside with spectacular ocean views and a protected bay which makes the water calm and perfect for swimming and kayaking. Beach lovers will enjoy our private, tranquil, 500 ft white-sand beach.

Hotel Accommodations:

Rooms provide plenty of space, a private entrance, shared balcony or terrace, AC, phone, Cable TV with US channels, daily housekeeping service and of course – free WiFi!. You can simply stroll across to the pool deck, down to our calm private beach protected by a natural mangrove sea wall. From there you can relax, or get right into the action: diving, snorkeling, talking with the dive pros or you can take a swim in the pool.

Meals

Breakfast, Lunch, and Dinner are included in your package and they are served at the Resorts restaurant.

Diving

Dive sites are close by so we come back to the dive shop for our surface intervals. When we go to some of the further dive sites we do a two tank dive in the morning and one tank in the afternoon.

Horseback Riding

Meander on horseback along the slopes of Bonacca Ridge, feasting your eyes on panoramic vistas, then walk down to the beach and gallop along the coastline. You'll amble through a tropical rainforest atop a well-trained, gentle steed and pass by our vegetable farm project. The ride is ideal for first time rider, mature riders looking to get back in the saddle, but regardless of your experience, you've never seen scenery like this on horseback!
