Thank you for contacting the Real Wishes Foundation.

The eligibility consideration process is initiated when an Application for Assistance is submitted to the Real Wishes Foundation. The application form is the first step to receiving a wish – it is not confirmation of eligibility for a wish.

Applicants are to read, thoroughly complete and sign the application for assistance. If there is insufficient space on the application, additional pages may be attached, as needed, to provide complete information. This information should be detailed enough for the Foundation to understand the applicant's need and to assist in deciding on the request.

All applicants applying for assistance will be subject to a background check.

The completed signed application, budget form, bank and income statements, valid identification, along with endorsements and supporting documents, will form the basis for determining if assistance may be provided. However, in more complex or unusual cases, in addition to the information provided on the application, applicants are encouraged to provide an additional statement that may help explain or justify the need for assistance.

Generally, the more information provided by the applicant explaining the situation they are in, their need, and what they are expecting from the Real Wishes Foundation, the easier it will be to understand the applicant's request and to make the correct decision as to whether or not assistance may be provided.

All wish requests are brought before the Real Wishes Board of Directors at the monthly meeting.

Our vision is to assist those individuals and organizations in need in our community. While not every wish is granted, the Foundation attempts to make the public aware of other assistance that may be available in our community through our Resource Guide which can be found on our website.

The Real Wishes Foundation is a local 501c3 charity that is funded and supported through volunteers, fund raisers and supporters.
