

Ella's Adoption fee is \$250.

Hi, I'm Ella! I'm a sweet natured female shih-tzu/yorkie mix about 11 years old and I weigh about 11 pounds. I'm spayed, up to date on vaccines, micro chipped and I've had a dental.

I'm kind of nervous and timid, I would need a calm home with a patient gentle person and it might be best if I was the only dog, although I am fine with the dog I'm living with, she is really sweet and quiet like me. I do bark crazy when someone comes to the door but otherwise I rarely bark or cause any trouble at all.

Even though I'm timid, I love my walks and I'm confident when I go out. I will carefully meet other dogs for a nose to nose, but I don't want to play and will likely back away if people want to pet me. My foster Mom tells me I'm a pleasure to walk with. I also like my car rides and love to hang my face out the windows and watch the world go by. I also let my foster mom brush and groom me and clean my ears and give me a bath. I might be a nervous nelly but I'm a co-operative nervous nelly.

I need someone who is willing to give me the time and space to adjust and help me build my confidence and protect me from situations which I might find scary. It will take me some time to trust you and I may be frightened for a while but I'm worth it and will return your love tenfold. I need to feel safe and loved forever.

I'm in the Toronto area and it would be wonderful to have a transition rather than an abrupt change. I could go visit you and you could come visit me. Looking forward to hearing from a special someone.

Thanks for reading my story.

Ella
