**Are Other Power Driven Mobility Devices (OPDMD) allowed at this event?**

The Meadowdale International Raceways Preservation Association, (MiRPA), has determined that due to the unique operational characteristics along with the rough and uneven terrain of this venue, and in the interest of the safety and security of all attendees and show cars, the use of other power driven mobility devices (OPDMD) by attendees will not be allowed.

This event is focused on the co-existence of high-volume pedestrian traffic, multiple forms of vehicular traffic and static display of high-value vehicles. Introducing the use by attendees of OPDMD into this mix would adversely affect MIRPA's commitment to the safety and security of all its attendees.
