Mayor's Report

Rich Regovich
Mayor/Safety Director

School is back in session and the kids are probably anxious to see how this school year will be. I think we have learned not to assume that things will return the way they used to be. My hope is that we make good decisions so our students have the best experience and gain the knowledge to prepare them for the future. It was nice to see the buses out preparing for the start of the school year. Please be aware of the school buses and make sure to follow the state laws when the buses are on the roads. Also, please be mindful of the crossing guards and the school zone speed limits. It is not worth the risk of injury or a life just because you are running late or not paying attention while operating a vehicle.

We had some big storms in August where the winds took down large trees and limbs causing power outages in the city and Northeast Ohio. If you experience a power outage please call First Energy at 888-544-4877 (888-LIGHTSS) or if

Willowick Recreation Department: News & Notes

By Julie Kless
Recreation Director

I hope everyone was able to come out and enjoy the Water Show on August 3rd. It was a fantastic show. I would like to thank all the lifeguards for all the time they put in with our young swimmers in helping them with their skits for the show. None of this would have been possible without all the hard work, dedication and creativity of Natali Trem and Ben Lausin who wrote and directed the show. Thank you,

Natali and Ben Great Job! Congratulations to our Willowick Swim Team for an undefeated season as well as finishing 1st in the Suburban Championships. I would like to thank all of our coaches for doing such a great job with our Willowick Wildkats! Congratulations to our Head Coach Jack DiCello, for being coach of the year. Great Season!

A special thank you goes out to our Girls' Softball, Soccer, Swim team, and Baseball Boards for all of their hard work organizing and

running another very successful season.

The Willowick Football and Soccer Leagues have starting their seasons.

I would like to thank all the coaches and volunteers that help to make our programs a fun and rewarding experience for all of our youths.

Our Willowick Youth Basketball registrations will begin on September 13th. Along with players, we are in search of parents who are willing to coach a team or assist in coaching a

team. Parents are encouraged to contact me at Manry with any ideas or suggestions to help make our basketball league an enjoyable learning experience for our youth.

Fall/winter program guides are available on our city website.

Please feel free to contact me at jkless@cityofwillowick.com with any questions or concerns you may have.

you are able to please go to First Energy's web site to report the outage. You should call 911 if you experience a medical emergency or any other type of incident that requires the Police or Fire to respond. Please do not call dispatch to report your power loss or to ask when the electricity will be back on unless it is emergency related. The dispatchers more than likely have the same information from First Energy that you do. Dispatch gets extremely busy during storms dealing with emergencies. There may be trees and wires down, flooding, accidents, traffic lights out etc. Do not assume that dispatch or your neighbors have called in to report that the power is out. Many

times First Energy does not know the power is out because people assume that someone else has contacted them. This is why it is important to contact them directly when you are able to do so.

I would like to congratulate the Willowick WildKats Swim Team on their championship winning season. The Wildkats were undefeated in dual meets this year and won the Championship Meet where all teams in the Suburban Swim League participate. The Willowick Wildkats have been in existence since 1960 and have not won the championship since 1978. We are lucky to have dedicated and caring coaches in Jack DiCello and Matt Trem along with their valued coaching staff. The Swim Team requires

many parent volunteers to ensure a meet runs successfully. Willowick is lucky to have the support of many families who actively participate in the swim events. Congratulations and great job to all involved. This truly was a team effort and a well-deserved championship title.

I would also like to thank our seasonal workers for a successful pool season and summer camp season. Willowick is blessed to have many of the same seasonal workers return every year. A few have done it for more than 30 years. This was a tough year to get enough qualified people to fill the spots for lifeguards, and camp counselors. Many cities in our area struggled to keep facilities open. We are fortunate to have Julie

Kless the best Recreation Director around, and her staff to keep this all together. A job well done.

I was excited that we were able to have our 59th swim show this year. We had a great turnout and were able to help the food pantry at St. Mary Magdalene. The show is put on by the guards and workers who produce, and coordinate this event every year. The directors of this year's show were Ben and Jack Lawson and Natali Trem. They did a great job and I am looking forward to next year's 60th show to be special. Thank you to all the swimmers and workers who participated and to everyone that came out to watch and support the show. This is why Willowick is a special place to live.

Hi Everyone,

Reminder school is now in session which means children are crossing streets and school buses are driving around. Please give yourself extra time in the mornings and afternoons to allow for delays by school buses stopping and children in cross walks. Also be extra careful driving, children don't realize how fast a car is going and may think they can run across the street before a car passes them or a child may not be paying attention and looking at their phone instead of where they are walking.

Great News! Dudley Field House now has air conditioning. Did you know that as a resident you could rent one of these places in Willowick? You have several different options, the Community City (capacity 100) has a commercial kitchen and ice machine, Dudley Field House (capacity 50) has a standard kitchen and ice machine, Dudley Pavilion (capacity 25) has charcoal grills and picnic tables, Dudley Pool, Dudley Spray Park, Manry Pavilion (capacity 35) with charcoal grills, electric hook up, water, picnic tables, Manry Pool and Richard Bondi Activity Center Gymnasium. Call the recreation center at Manry 440-516-3011 when you need to make a reservation.

Did you know that you could purchase brick pavers and be included in the brick paver walkway in front of the Activities Center at Manry? The brick paver walkway includes commemorative bricks with the names inscribed of those who want to be a part of the "History of Willowick." Brick Paver order forms are available at the Recreation Department located at Manry Park, and they are a wonderful way to mark your family history here in Willowick. The cost for an 8 x 8 paver is \$50.

Issue 4 will be on the ballot in November for ALL Willowick residents to vote on. The City is seeking to do away with referendum zoning which means a yes vote at the ballot on Issue 4 will do away with referendum zoning.

The benefits of voting yes on Issue 4 are that businesses that want to establish themselves in Willowick and need to change the zoning of the property they want to use, can move in quicker without the zoning change having to go to the ballot. THIS DOES NOT TAKE AWAY THE VOICE OF THE RESIDENTS OR TAKE AWAY THEIR CHANCE TO BLOCK THE ZONING CHANGE!! Any zoning change request will come before the Planning Commission, whose meetings are open to the public. Any zoning change coming before Council will be put on three readings, meaning it will be on the agenda for three consecutive Council meetings. These meetings are open to the public. There will also be public meetings specifically to address any zoning change requests.

Once the process is finished, residents STILL have 30 days to petition signatures and block the zoning change. As we mentioned on my Fridays With Phares video on July 23rd with Mayor Regovich and Economic Development Director Monica Drake, every zoning change that has ever gone to the ballot in Willowick in the past has been approved by the voters. But we need to speed up the process in order to attract new businesses to our City. We are one of the few remaining cities in Lake County that still have referendum zoning and this gives other cities that have done away with it, an advantage in getting new businesses. How to Take the Bite Out of Dental Care

Taking care of your teeth is about more than having a nice smile. Recent research has found that the oral hygiene is closely linked to your overall physical health. Yet, more than half of older Americans have not been to a dentist in the past year.

Unfortunately, Original Medicare's (Part A and Part B) dental benefits are very limited. Original Medicare does not cover the cost of routine treatment including exams, teeth cleaning, fillings, extractions, x-rays, and dentures, leaving you responsible to pay out of pocket for these services. But that is no reason to forego a healthy mouth. Here are some ways to cut the cost of dental care down to size.

My first recommendation is to investigate the various private insurance plans and Medicare Advantage plans with dental

coverage. Both types of insurance offer affordable options for routine care. Most policies pay for a set of annual x-rays as well as cleanings and checkups every six months. Other plans offer more comprehensive coverage that will pay a significant percentage of major dental services including crowns, bridges, root canals and dentures.

As you are comparing plans, ask yourself the following questions:

- What procedures will I likely need next year?
- What is the policy's maximum benefits?
- Is there a waiting period before I get treatment that's been put off?
- What dentists accept this insurance?

If you are not in the market for insurance, you can contact dental colleges and dental hygiene schools in the area. Many,

including Lakeland Community College and Case Western Reserve University offer dental clinics where students provide services at a reduced cost and under the supervision of licensed professionals.

Another approach is to ask your dentist whether he or she participates in a dental savings plan. These work like warehouse clubs where you pay an annual fee for discounts of up to 60% on check-ups, cleanings, root canals,

crowns, and bridges.

If you are interested in learning more, call me at 440-255-5700 or email me at Lmutsko@mutskoinsurance.com. I will show you some affordable dental insurance options for you and your family. You can also visit our website at www.mutskoinsurance.com and click on **online quotes/dental insurance** where you can check out several plans and find the one that's right for you.

Lake County Genealogical Society Meeting - Sept 30th

The Lake County Genealogical Society (LCGS) meeting will be held on September 30 from 10:00 am to approximately noon. The LCGS has been meeting on Zoom due to Covid-19. Please join us for a short business meeting then we will have our speaker, Donna Moughty talking about "Strategies for Finding Your Irish Ancestors."

Donna Moughty has been conducting family research for over 30 years. She teaches and lectures on the Internet, Irish research, methodology and computer topics locally and at national and regional conferences and institutes. In addition, she provides consultations, research assistance and training. Donna

takes groups to Ireland each year to research and is the author of the Quick Reference Guides for Irish Research. Her blog can be found at www.irishfamilyroots.com.

Success in Irish research is highly dependent on discovering the exact location in Ireland of ones ancestors and typically clues to the location are in records in the United States. Although researching in Ireland can be a wonderful experience, research at home is key to successful Irish research. The fire at Four Courts in 1922 (the Public Records Office) was devastating, but contrary to popular belief, not ALL records were destroyed.

Visit our web site at www.lcgsOhio.org to find the email

address so you can email us for an invitation to our Zoom Meeting. You can also go to our web site to learn more about us. If you do not have a computer, you can join the ZOOM meeting from your phone, so call Bonnie or Cynthia to get the phone number for the meeting.

If you have any questions you can call Bonnie at 440-428-3783 or Cynthia at 440-951-0914.

Please join us to learn how to research and organize your findings on your ancestors, find your "Roots", and create your own "Family Tree." You can also join our genealogy group and meet new people, and get help from other members besides from listening to the speakers.

Bankruptcy 101:

The two types of bankruptcy that most people hear about are chapter 7 and chapter 13. The word chapter refers to the chapter (like in a book) in the bankruptcy code. Chapter 7 is a liquidating

bankruptcy and chapter 13 is a non-liquidating bankruptcy. Liquidating means they (the government) can take your stuff. Non-liquidating means they can't. However, there are

Relay for Life of Lake County: Saturday, September 18th

Relays across the U.S provide major funding for the American Cancer Society. Our local Relay takes place Saturday, September 18, from 4:00 pm to 10:00 pm at Wes Point Park, located between Euclid Ave. and River St. in downtown Willoughby.

Join us for food trucks, raffle baskets, games, music, team fundraisers, and a whole lot of fun for the entire family. Eighteen teams will have a walker moving around the park during the event as well as raising funds throughout. There always is something awesome going on at Relay.

Our event opens with a celebration as we honor the strength and courage of cancer survivors and their caregivers. At dusk is a moving ceremony in which luminaries are lit that contain names of people touched by cancer--those lost, battling the

disease, or who have survived it. The event closes by all of us making a commitment to fight for a world free of cancer.

Since most Relays were canceled last year, this is a very important year for us to raise funds for cancer research and various programs provided by the American Cancer Society.

For more information, go to www.relayforlife.org/lakecountyoh. We hope to see you there!

exceptions to this. I will try to lay this out in a simplistic fashion:

In a chapter 7 you will be able to discharge all of your debts without paying anything back. However, if you have any equity in anything (your home, your car, your bank account, your boat- anything) you must surrender it to the bankruptcy trustee (the person who looks out for the creditors) so that it can be sold (liquidated) to pay back the creditors to the largest extent possible. Equity is what determines which chapter of bankruptcy you can file under. Fair Market Value minus Amount Owed equals Your Equity in anything.

A chapter 13 is a non-liquidating bankruptcy.

This means you get to keep everything, but you have to pay back a percentage of your equity. It is also used for people who are in foreclosure or behind on their mortgage and in fear of foreclosure. A chapter 13 requires a payback plan from between three to five years. The payment is monthly. The amount is determined, again, by the amount of equity you have accumulated in your life. This is referred to as your bankruptcy estate. Obviously, everyone wants to do a chapter 7 because it is no pay back. However, since 2005 it has become much harder to file chapter 7. In 2005, legislation was passed which tightened up the income restrictions on people with regard to the Chapter 7

bankruptcy. The intended result was that more people must file under Chapter 13 of the Bankruptcy code and pay back, at least, what the government thinks they can afford.

It is the bankruptcy attorney's job to advise you which is the best chapter to file under. It is also the attorney's job to make sure you keep your home, your car, and everything else you have accumulated throughout your life.

A good bankruptcy attorney will do those all of those things. He or She will also stop the creditors from harassing you, protect you from lawsuits, garnishments, put you back on your feet and give you a fresh start in life.

public transit riders to get the COVID-19 vaccine.

Anyone who has received at least one dose of the COVID-19 vaccine can enter to win a \$100 Laketrans bus pass. Those interested in a chance to win the VAX & RIDE contest can complete an entry form online at www.laketrans.com/vaxandride.

"COVID-19 presented a lot of challenges for public transit," shared Laketrans CEO Ben Capelle. "We have worked very hard to keep transit safe while continuing to get people to work, shopping, vaccinations, as well as ongoing medical care, like dialysis.

"We appreciate that the state has continued to recognize transit employees as essential workers throughout this pandemic and has provided financial support and incentives to keep them safe," continued Capelle.

The VAX & RIDE contest is open until September 17, when Laketrans will randomly select 300 entries to win the \$100 prize.

ODOT's Rides to Community

Immunity program has already funded 1,200 free Laketrans trips provided to residents, primarily seniors and people with disabilities, to access vaccination opportunities.

Laketrans will continue to provide free transportation to any COVID-19 vaccination appointment.

"Laketrans has done a great job keeping public transit safe for its riders throughout the various phases of this pandemic," shared Health Commissioner Ron Graham.

"Over 57% of Lake County residents have begun their COVID-19 vaccination, but we'd like to see that number improve. We appreciate ODOT and Laketrans' help in making vaccinations accessible to everyone, and hope those who haven't been vaccinated will be motivated by this contest."

A list of local vaccination clinics is available on the Lake County General Health District website.

The contest limits one entry per person.

Class of 2022 - It is time for College Planning

Choosing which college to attend is a big decision. How much can you afford? Near or far? Big or small? You have a lot of options, so explore all the possibilities!

Here are three important factors to consider:

1. COST

Paying for college is a big consideration. Lakeland's tuition is one-third the cost of four-year public universities. Financial aid and scholarships are available to those who qualify. Lakeland credits easily transfer to four-

year colleges and universities. Save thousands by starting your bachelor's degree at Lakeland.

2. EARNINGS POTENTIAL

When choosing a career, your future earnings potential is worth considering. Lakeland offers more than 140 degree and

certificate programs that prepare you for a high-demand career or a four-year university. Ninety-six percent of Lakeland graduates find employment or continue their education.

3. QUALITY EDUCATION

Lakeland was recognized as one of the nation's Best Community Colleges 2020 by College Consensus, a unique college ratings website that aggregates publisher rankings and student reviews.

Lakeland also ranked No. 1 in Ohio and No. 2 in the nation for students reaching

their educational goals based on a combination of three student success measures, according to The Chronicle of Higher Education, the leading publication for the higher education sector.

Applying to college

October begins the college application season, and it is no different at Lakeland. The Fall 2022 admissions application opens Oct. 1, 2021. The \$15 application fee is being waived for a limited time. Visit lakelandcc.edu/apply.

SOLAR & ELECTRIC CAR TOUR IS BACK!

Installing clean renewable solar at your home or business has never been more affordable. It's one of the best things YOU can do to reduce pollution and offset your impact on the climate. And with the recently exposed evidence of bribery at the Ohio Statehouse and First Energy, installing solar is YOUR WAY to push back against the corruption!!

To help convince you, dozens of homes, parks, and businesses throughout Ohio have joined with the American Solar Energy Society and Green Energy Ohio to host VIRTUAL tours this coming October 2nd and 3rd. Plans are also in the works for possible guided tours of some form. For more information, go to www.nationalsolartour.org and search for the OHIO "Wish You Were Here" tour.

A typical commercial solar energy investment can pay for itself in less than 8 years. Residential systems are often

projected to pay for themselves in less than 12 years. And this is for systems with a 25 YEAR life expectancy!! A federal 26% tax credit is still in effect, and there may be other incentives and credits available. Invest in long term energy self-sufficiency and let the sunshine give you many, many years of free energy and protection from rising utility costs.

From the 2,500 watt home array in Eastlake, to the 400,000 watt commercial array in Mentor, all around you people are harvesting THEIR electricity from the SUN!! This year's virtual tour will showcase various renewable energy applications including solar water heating, solar electric generation, wind power, electric cars, living roofs, solar water pumping, geothermal, and energy efficient construction.

If you have questions that are not answered on the nationalsolartour.org website, call Valerie at 440-231-0842.

Blackbrook Audubon Co-Sponsors Chagrin River Bird Quest

Two local chapters of the National Audubon Society challenge everyone who enjoys birds to safely explore the Chagrin River Valley and find as many bird species as they can in the 7th annual Chagrin River Bird Quest.

Bird alone or in teams and record species in one 24-hour period from 4 p.m. Friday, September 10 to 4 p.m. Saturday, September 11. Audubon Society of Greater Cleveland and

Blackbrook Audubon Society are co-sponsoring this birding event which includes parts of Lake, Geauga, Cuyahoga and Portage counties.

All Bird Quest activities and materials are free, but registration is required by September 10. Register at <https://clevelandaudubon.org>.

Team check-in will be 4:00 - 6:00 p.m. September 10 at The West Woods Nature Center, 9465 Kinsman Road in Russell

Township. Each check-in packet will have a map, checklist, a list of scheduled walks and t-shirts. Teams must turn in their checklists for judging by 4 p.m. Saturday.

This year's Quest Celebration will be 4:00 - 6:30 p.m. September 11 at The West Woods Nature Center. Audubon will award prizes for the most species overall, most warblers seen, most habitats visited and most creative team name.

For more information, visit <https://clevelandaudubon.org> and click the Chagrin River Bird Quest logo or email birdquest@clevelandaudubon.org.

Audubon Society of Greater Cleveland, which covers territory along the southern half of the Chagrin River watershed, began this contest in 2015 to bring attention to the Chagrin River Corridor IBA, or Important Bird Area. National Audubon declared

this watershed an IBA to highlight the many species who use riparian and other habitats along the Chagrin to nest each year and rest during migration.

Once again, Blackbrook Audubon Society, which covers the northern half of the Chagrin River IBA in Lake and Geauga counties, joins ASGC as a co-sponsor and hopes to encourage its members to share in the quest. Geauga Park District is also a sponsor.

CELEBRATING 35 YEARS OF EXCELLENT SERVICE!

Mentor Window Earns Yet Another Angie's List Super Service Award - 9 Years Straight!

Mentor Window has earned the home improvement industry's coveted Angie's List Super Service Award for the 9th year in a row. This award reflects exemplary years of service provided to customers throughout Northeast Ohio, along with honest, fair prices.

Steve Douglas the owner of Mentor Window was asked about how they continue having such success in the home improvement industry. "We have crews that have been with us for decades, and we are very particular about

the installers we hire. We won't just hire anyone to catch up if we are backed up a bit, quality is at the top of our list when it comes to workmanship. When it comes to pricing, we are straight forward with people, they don't want to hear any buy 1 get 1 free nonsense. They want a fair, honest price up front without all the gimmicks you see out there in advertising. We treat each and every one of our customers like family."

"Only about 5% of the Home Improvement companies in Northeast Ohio have performed

consistently well enough to earn our Super Service Award," said Angie (founder of Angie's List.) "It's a really high standard."

Angie's List Super Service Award 2020 winners have met strict eligibility requirements, which include an "A" rating in overall grade, recent grade, and review grade period; the company must be in good standing with Angie's List, pass a background check and abide by Angie's List operational guidelines.

Service company ratings are updated daily on Angie's List.

Companies are graded on an A to F scale in areas ranging from price to professionalism to punctuality.

Mentor Window offers a full range of home improvements, including Energy Star Tilt-In double hung windows, slider styles, bay windows, casement windows, patio doors, fiberglass and steel entry doors, vinyl siding in over 50 colors & styles, cedar shake style siding, seamless gutter systems, gutter covers, blown in insulation, and a complete line of backyard storage buildings.
