

HAVE A NEW YEAR FILLED WITH JOY AND PEACE AND LIFE

THANK YOU FOR JOINING WITH US IN 2013

A wonder-filled Christmas was had with many friends of TMC and our TMC family !!! We were able to celebrate without wondering if/when Soc Serv would arrive to load up children thanks to the Court Injunction . The dec 12 court appearance resulted in the Government not being prepared and the judge setting dec 27th as the new date ... the 27th result was the Judge was not available and a new date was not set which results in our having another three weeks or so protection because of the injunction. So in the mean time we carry on and work on assessments of relatives of TMC children as to capability and what would be needed to bring their situations to a place where they can care for their own and accept additional children into their families.

We had a wonder-filled Christmas here are some pictures for you \O/

We invite you to join us at a premiere viewing of:

Compelled by Love:

Our primary pursuit in life is always the presence of God.

One life surrendered...

One nation transformed...

We are overjoyed to introduce ***Compelled by Love (2014)***, a powerful, inspiring and definitive feature length documentary that traces the revival that is sweeping across Mozambique. The film follows the lives of Iris' founders, Rolland & Heidi Baker, and their own personal journey of intimacy with Jesus.

Iris Global ministries are currently based in over 30 nations around the world. Captured on the run over a period of 20 years, in 10 countries and on 4 continents in war zones, brothels, bushes, and Ivy League campuses, from Hollywood to Mozambique, this film transcends all political, religious and social barriers. Follow the Bakers' journey into the world's darkest and most desperate places, as their pursuit of the presence of God has transformed a nation through love in action. The film chronicles the power of one life fully yielded to God and the truth that love wins.

We are mobilizing a grass roots effort by contacting our Iris family of friends. We are delighted that the majority of the proceeds will go to helping care for our precious children. We believe that the film is an invitation for all to return to our First Love and give our lives away for love's sake. The film calls the lost home to the Father, the Bride to Her Beloved, and is a call to action for worldwide movement to stop for the One who is the One, and to also stop for the person in front of you.
