(please specify: _____)

There are multiple finish options available. One example would be Cera Kote™ finish on the frame and slide with polished barrel and controls. The controls include the slide stop, beavertail, and ambi-safety. Please include a note below about the desired finish options. Some options may require additional lead time as some vendors take longer to process components than others.

Order Cancellations: *Your Build starts the Day I Deposit your check. Cancellations made within 14 day's of your check being deposited will be subject to a re-stocking fee equal to 25% of the full gun build price. After 14 Days you owe the balance due! If you are unable to complete the purchase you may sell your build upon my approval and a new build contract **signed** by your buyer. Delivery estimates are just that, estimates. I am at the mercy of some manufacturers for build parts.*
