

Project New Start and Living Water Recovery Center would Like to say thank you to all of our supporters. Our motto here is “Where God Is Changing Lives” and with your support and generosity through the year we have been able to make a difference in so many people’s lives. As the New Year begins we would like to thank you in advance for your continuous generosity and support in helping us make it possible to change lives.

The New Year stands before us, like a chapter in a book, waiting to be written. We can help write that story by setting goals.

Living Water

“Where God Is Changing Lives”

“Behold, I will do a new thing; now it shall spring forth; shall ye not know it? I will even make a way in the wilderness, and rivers in the desert.”

Isaiah 43:19 KJV

January 2024

The Webster Dictionary says that vision is the ability to perceive something not actually visible, as through mental acuteness or keen foresight {a project made possible by one man's vision}.

Listen to what the Bible says in Proverbs 29:18

KJV—"Where there is no vision, the people perish"

NIV—"Where there is no Revelation, the people cast off restraint"

NLT—"When the people do not accept divine guidance, they run wild"

NASB—"When there is no vision, the people are unrestrained"

Let me translate this verse where we can understand it.

Where there is no Project New Start or Living Water, the struggling adult and child would have no hope for a better tomorrow.

A family with no vision becomes dependent on others.

A church with no vision is a dying church.

A city with no vision will become a broken society.

We need vision and plans for our future. The church must offer safe havens for those who are seeking refuge, with Biblical beliefs that line up with God's ways, and the Bible. God's word has the cure for every problem in life. John Calvin says "When the church is the church—that is when the marks of the church are evident. The culture around the church is inevitably transformed".

God has called, anointed, and favored our ministry in these areas of his work. This New Year, Project New Start has vision and plans to grow and prosper, doing God's work, being his hands, and his feet in a lost world. In order for these changes to become reality it is going to take your help.

So partner with us at Project New Start, "Where God is Changing Lives".

Tim Bumpous

### Community Pride In Action

Our men and women in the program are volunteering in the community for various projects. We are never idle at Project New Start, keeping our counties and cities clean and orderly, flower beds, sidewalks, streets, trash and keeping the lake clean. We are committed to helping our community be a better place.

## Living Water Recovery

A Recovery Center for Mothers & Children

### New Beginnings

Christmas Break is almost over and the kids will soon be going back to school to begin their new year. The new year is a time when we begin to reflect on the previous year and think about the one that is ahead. We begin to think about what we should do, need to do, or like so many it is a time for New Years Resolutions. Living Waters and the New Year brings about not only a new year but a new beginning for the mothers and their children here. Over the past year we have seen several families leave with a new beginning and we know we will see new families this year that we can offer a new beginning to. We are excited about the opportunity we have to make a difference in the lives of the mothers and their children here. Living Waters is committed to providing a safe, loving, and stable environment. If you are interested in making a difference at Living Waters please contact our office.
