**Facilitators:** In our second opportunity to experience Xynchro™, at FSSC, we are joined by the geometric Xynchro™, which anchors cosmic meditative energies to transport you safely to higher dimensions, returning refreshed and renewed. Xynchro™, is the creation of GW Hardin, [www.gwhardin.com](http://www.gwhardin.com), brilliant sacred geometry buff, mathematician, and angelic space holder. Biologically it assists our human form in elevating and remembering latent codes of the Divine. This gathering will be just one more opportunity to move into greater resonance with peace, love and harmony for yourself and the planet.

**Al and Aurelia Taylor** have been working with sacred sound for many years. Aurelia has remembrances of using sacred sound in shamanic and temple settings. If you haven't experienced the WHALE tones of the gong, you are in for a treat! [www.AureliaTara.com](http://www.AureliaTara.com) [AureliaTara@aol.com](mailto:AureliaTara@aol.com), 303.771.5622

**Jack Welker**, [medicinejack@gmail.com](mailto:medicinejack@gmail.com), adds a tonal mix of the sacred conch, drum, bowls and fabulous toning and over-toning vibrations. Combine sacred intention with tones and it's 'lift-off' time.

**Magaical Mary Schroer**, [soundradiance1@gmail.com](mailto:soundradiance1@gmail.com), will play the angelic alchemy crystal singing bowls. The beautiful harmonies and sound vibrations allow deep, meditative states that bring healing and deep peace.
