PRESIDENT'S MESSAGE BY DIANE M. GREENWELL

Our next meeting
will be held
**Thursday,
June 4th, at
7:00pm at the HB
Coast Guard
Auxiliary, doors
open at 6:45pm.**

~~~~~  
**The purpose of  
this organization  
is to unite the  
property owners  
of Hernando  
Beach for Civic  
purposes that  
lead to improved  
quality of life.**

Hello HBPOA Members!

Can it be possible that the year is nearly half over already? Our accomplishments this year as an association have been delayed, but we do hope to get back on track and many projects completed the second half of the year. Be sure to check either your email, HBPOA's website, HBPOA's Facebook page, or Nextdoor when you receive this Beachcomber to find out if our June meeting is still scheduled.

HBPOA will be sponsoring a 2020 Primary Candidates Forum on August 6<sup>th</sup> at 6:30 p.m. at the Coast Guard Auxiliary building on Ca-lienta Street. All county primary election candidates with opponents will be included with about a dozen candidates participating and some unopposed candidates may be in attendance. The forum will give HBPOA members and Hernando Beach community an opportunity to meet the candidates and ask questions that directly relate to their goals for Hernando Beach and our coastal area. This will be a great event and a time for our community to learn more about the candidates for potential representation at the county level. Candidate bio's will be featured in the August issue. Doors will open at 6:30 p.m. for our community to visit each candidate's table. Candidates will have literature and signs available for supporters. Speakers will begin at 7:00 p.m. with Q&A about 8:00 p.m. Refreshments will be served after Q&A to allow more time to visit candidate tables and ask additional questions. Mark the date now for August

6<sup>th</sup>. Early voting starts on August 7<sup>th</sup>, so it is important to attend and learn all you can about the candidates.

Photos of pets enjoying the water, kids (big and little) fishing, wild life, and others are still needed for the 2021 HBPOA Calendar. Also, send in your social distancing pictures from the restaurants or any others that you think will be great memory makers of Hernando Beach Life. The HBPOA Calendar is a fund raiser event that helps us with landscape and other beautification expenses. Be sure to place your order for a calendar now so that we order enough for everyone. They make great gifts for family and friends and are a great way to preserve memories of Hernando Beach.

Don't forget there is a photo contest at the September meeting. We still need entries, so be sure to start sending in those great photos to [hbpoa34607@gmail.com](mailto:hbpoa34607@gmail.com) and mark it as "Photo Contest Entry".

We hope to see you June 4, 2020 at 7:00 p.m. at the HBPOA meeting. Meanwhile stay safe and enjoy the lazy days of summer ahead.

**Diane Greenwell**  
**President, HBPOA**

## LANDSCAPE BEAUTIFICATION COMMITTEE UPDATE

The Pandemic has been chaotic for everyone, but we managed to keep control of the weeds by relentless spraying, weed whipping and trimming. Round-Up doesn't work any more. Those weeds are tough! Weed killers need to be used at maximum recommended strength to do any good.

We did some repairs to lighting, and Kathy Watkins fixed some irrigation problems, which will need to be substantially reconfigured for future use. Gladys has been very helpful and is a treasure trove of useful knowledge. Mike Fulford has been in touch with the county regarding excessive electrical charges at the 19 sign and it's being investigated. Some cat tails are growing back and will be dealt with before they get out of control again.

Landscaping is not only about what we see, but about what **we** don't see. We sprayed painted the things we do not want to see a camouflage dark forest green, to blend in better. A cheap permanent fix. I would also like to see any equipment well hidden by bushes, especially at the sign on 19.

The plan was to make these properties more manageable, less work and much cheaper to maintain. By taking them from a gardening project, to a relatively maintenance free landscape project, we hope to accomplish those goals. We plan on using permanent stone instead of the endlessly renewable wood mulch. I've personally had very good results doing this on my property. We could use more large local limestone rocks for edgings too. Using low growing ground covers and dwarf plants will help a great deal to reduce maintenance.

We need a lot more help on our committee! Please contact me on Next Door, or at [gunter@silverprofit.com](mailto:gunter@silverprofit.com) or 1-414-322-3000, for help and/or contributions. If anyone has any extra stimulus funds for this transformation, this would

be a good local, long term investment for your community.

Spreading stone mulch will be first on the agenda in order to control the endless weed growth ASAP. It can cut weed spraying and its cost down by about 80-90%. The date is yet to be announced. We currently only have limited funds for this, so a little has got to go a long way for now. The permanent long term savings, should more than pay for this transition.

Stay healthy everyone! - Gunter Woog

## HOSPITALITY COMMITTEE

By: Judith Hughes

Hello Hernando Beach

So, it has now been two months since HBPOA has been able to meet at the Coast Guard Building but we have a feeling that those meetings are not far from your thoughts. It is still uncertain if there will be a meeting in June and beyond. Making sure establishments open in a safe manner is a priority and surely your Board of Directors will alert you all of the next possible in person meeting.

The Hospitality committee's primary duty is to greet you all and hope you feel welcome. Please know we are thinking of our neighbors and hope you all are navigating Covid 19 in a positive manner. Some will be bored, some will find new hobbies, some will become reacquainted with their wonderful Hernando Beach Homestead, some will take up fishing. We just need to look around us to realize how fortunate we are to live in this place called Hernando Beach located right on the Gulf of Mexico.

Because of the situation we still find ourselves in with the invasion of Covid 19, new buzzwords have entered into our vocabulary. Here are some of them.

20 Second hand washing...PPE's... N95... Social distancing...Six feet apart...Stay at home...Wear your face mask.. Vulnerable folks ... Community spread...Essential businesses...Instacart...One way aisles...Testing and Contact Tracing...Respiratory droplets...Covid 19 Task Force...No high school and college graduations in 2020... and on, and on, and on. Who thinks these words/phrases will become a new normal in our conversations with family and friends going forward?

(Continued from page 6)

As of May 4, 2020 businesses and restaurants began to open. Many restrictions apply such as plexiglass barriers at our grocery check out counters, employees and patrons of businesses will need to wear masks when interacting with the public. We are fortunate to have many "outdoor seating" restaurants in our community so only the six feet distancing applies there. If dining indoors, only 25% seating is available. And, each day personal caution when going out in public guards our behavior.

Communication with HBPOA members is now limited primarily to text, emails, Nextdoor, Facebook and Instagram. Is this going to become our new normal? We don't have an answer to that yet but we are hopeful that our "New Normal" will give us back at least a sense of what we considered normal two months ago.

Hospitality is sending good wishes not only to HBPOA members but all residents of Hernando Beach. We are indeed in this together and we look forward to meeting in person again.  
Life is Good, Live it Well....Look for the Good!

## THANK YOU

There has been so much out there about COVID and all good information and keeping us well informed but I don't know about you but I have had enough. It gets to the point the hearing and seeing all this isn't helping mentally and many times you just have to walk away from it.

So now Florida is slowly opening up with the restaurants and some businesses, although let me tell you I can't wait until those hairdressers and nail shops open up! Didn't realize what it is like to be a "cave woman" which is what I feel like not being able to get my hair cut or my nails done.

Monday as the restaurants opened up it was so good to see all the cars in the parking lots for Drunken Mullet, Sunset Grille and many more. Bud and I were happy to be able to go to our favorite Applebee's on 19 and sit on the patio and let me tell you they distanced the tables and there were a lot of people coming out. Felt like old times.

I am so proud of our community though and shout out a big THANK YOU to Leslie Tomlinson and the First

Baptist Church for making sure food is distributed to families and helping those who can't do for themselves – the elderly, the sick.

What about Joy Martinez and her getting the community to unite and order masks and gloves and gowns and getting all this to the hospitals in the area! Great job on that and so many reached out. People were actually upset when their orders were delayed because they were so concerned and wanted to be able to provide these things. That is all coming together everyone!!!!!!!

How nice it was that a few of us got together and provided an Easter dinner for our Station 6 fire fighters and to see their happy faces when we dropped it all off was so heartwarming. It was our way of saying THANK YOU.

Seeing some surprises like the one for Mandy Birren and her birthday was so cute and so loving of people to make her day!

What we also are seeing is more of our neighbors – riding bicycles and waving, taking walks, driving their golf carts around keeping the distance but saying hello. That's a positive in my books.

So yes are we all suffering from cabin fever? ABSO-

LUTELY! But try and look at the positives and most of all each day thank your higher power for the fact that you are here, your family is here and all are ok.

We may be short of money, we may be out of work, we may be shut in and so tired of it but there are so many that are dealing with so much worse.

Some day soon, thinking positively, we will be able to meet face to face and go where we want and become free again.

Kathleen Frase  
Past President HBPOA

## HURRICANE SEASON

The best time to prepare for a hurricane is before hurricane season begins on June 1. It is vital to understand your home's vulnerability to storm surge, flooding, and wind. Here is your checklist of things to do BEFORE hurricane seasons begins.

**Know your zone:** Know if you will need to evacuate.

**Put Together an Emergency Kit:** Put together a basic emergency. Check emergency equipment, such as flashlights, generators and storm shutters.

**Write or review your Family Emergency Plan:** Before an emergency happens, sit down with your family or close friends and decide how you will get in contact with each other, where you will go, and what you will do in an emergency. Keep a copy of this plan in your emergency supplies kit or another safe place where you can access it in the event of a disaster. Start at the **Ready.Gov** emergency plan webpage.

**Review Your Insurance Policies:** Review your insurance policies to ensure that you have adequate coverage for your home and personal property.

**Understand NWS forecast products,** especially the NWS Watches & Warnings.

### -Watches

Listen closely to instructions from local officials on TV, radio, cell phones or other computers for instructions from local officials. Evacuate if told to do so.

## **US COAST GUARD AUXILIARY (15-8) NEEDS VOLUNTEERS**

The Hernando Beach USCGA is seeking volunteers to help with promotion of classes, special events, and more. There are also opportunities to help with the upkeep of the flotilla building and grounds. Please contact Dennis Skonecki at

262-370-4060 for more information.

*(Continued from page 14)*

from the shoreline somewhere within the specified area, generally within 36 hours. If you are under a storm surge warning, check for evacuation orders from your local officials.

- **Hurricane Warning:** Hurricane conditions (sustained winds of 74 mph or greater) are expected somewhere within the specified area. NHC issues a hurricane warning 36 hours in advance of tropical storm-force winds to give you time to complete your preparations. All preparations should be complete. Evacuate immediately if so ordered.
- **Tropical Storm Warning:** Tropical storm conditions (sustained winds of 39 to 73 mph) are expected within your area within 36 hours.
- **Extreme Wind Warning:** Extreme sustained winds of a major hurricane (115 mph or greater), usually associated with the eyewall, are expected to

begin within an hour. Take immediate shelter in the interior portion of a well-built structure.

Please note that hurricane and tropical storm watches and warnings for winds on land as well as storm surge watches and warnings can be issued for storms that the NWS believes will become tropical cyclones but have not yet attained all of the characteristics of a tropical cyclone (i.e., a closed low-level circulation, sustained thunderstorm activity, etc.). In these cases, the forecast conditions on land warrant alerting the public. These storms are referred to as “potential tropical cyclones” by the NWS. Hurricane, tropical storm, and storm surge watches and warnings can also be issued for storms that have lost some or all of their tropical cyclone characteristics, but continue to produce dangerous conditions. These storms are called “post-tropical cyclones” by the NWS.

## BICYCLE SAFETY AWARENESS

SHARE THE ROAD

In Florida, the bicycle is legally defined as a vehicle and has all of the privileges, rights and responsibilities on public roads (except for expressways) that a motor vehicle operator does.

Bicyclists may ride out of the bike lane in the travel lane for their own safety on narrow roads to avoid obstacles or pavement hazards, or to prepare for a left turn. A bicyclist may use the full lane even while traveling substantially below the speed of traffic if the lane is too narrow for both a car and bicycle to share.

To learn more about laws and safety rules for bicyclists, see pages 40 and 41 in the [Florida Driver License Handbook](#).

### Rules for Bicyclists

- Obey all traffic controls and signals.
- Do not ride a bicycle under the influence of alcohol or drugs.
- Stay alert – do not text while biking or wear headphones or ear buds so you can hear everything around you.
- If you are not traveling at the speed of other traffic, you must use the bike lane, and if no bike lane is available, you must stay on the right-most side of

the road.

- You may use the full lane when making a left turn, passing, avoiding hazards, or when a lane is too narrow for you and a car to share it safely.
- Use directional hand signals to show other drivers that you are about to turn.
- Never attach yourself or your bike to any vehicle on the roadway.
- If you are riding on a sidewalk or crosswalk, you have all the rights and duties as a pedestrian. However, you must yield the right-of-way to pedestrians.
- Between sunset and sunrise, you must have a white light visible from 500 feet on the front of your bicycle and a red reflector and a red light visible from 600 feet on the rear. Be seen – wear neon or fluorescent colors and wear something reflective when riding at any time during the day.
- All bicyclists and passengers under age 16 are required to wear helmets. However, it is recommended that all bicycle riders wear a helmet, no matter your age.

(Continued from page 17)

- When riding with others, you may not ride more than two side-by-side unless it is part of a roadway reserved for bicycles; you must ride single file if you and the other rider are impeding traffic.

### Tips for Motorists

- Drivers must give bicyclists a minimum of three feet of clearance when driving alongside or passing them. It's the law.
- When turning, yield to any bicyclist in the bike lane and make your turn behind the cyclist.
- Avoid using high beam headlights when you see a bicyclist approaching.
- Before opening a car door, check for bicyclists who may be approaching from behind.
