

Green Space Meeting  
8-28-2017  
10 AM

All 5 members were present: Margaret Williford, Barbara Vanecko, Joan Solbeck, Sandy Komaskinski and Ausra Zarins.

We congratulated Sandy on the new Green Space web page. Sandy continues to work on ideas of how to include maps of the parcels on the site.

We have not heard any more details from Candice Smith of the Environmental Group regarding a work day at one of our sites. Margaret will check with her.

Margaret has heard that the Plan Commission has approved the criteria by which our committee will judge whether or not to recommend that the Town Council should accept the donation of a lot.

There are no new donations pending.

We discussed ways of spreading the word of Green Space. For the time being, we will revise our previous mailing lists of owners of undersized & unbuildable lots and send out informational letters.

Our next meeting will be Monday, October 23

Respectfully submitted,  
Ausra Zarins
