

Men are Gods method. God is looking for better men not better methods.

## **From the Army to the Navy**

## **The Navigators Navy Work Past and Present**

Dawson Trotman began the work among men of the Navy in San Diego before WWII - a work later dubbed "The Navigators" by the men themselves, because they learned how to use the Bible as their chart in navigating the sea of life, with Christ as their Captain. After WWII those sailors took the Gospel of Jesus to their colleges, work places and oversees as missionaries to those they battled with during the war. The Navigator ministries exploded in all the branches of the military, college campuses and churches across the Nation. Over the years the Navy has sent out men and women who were mature in Christ to develop others for service in the Kingdom of God. During the past two decades many

Navy bases have been without laborers and leaders. But, God is on the move in the Navy.

For the past year God has been speaking to us about moving out of Ft. Bliss, TX to another ministry location within the U.S. With many hours of prayer, Godly council, and direction through the Word (Ezek 47:9-12, Amos 9:11-15, Is 66:19). God has lead us to Norfolk Naval Base in Virginia. Norfolk is the world's largest naval station, supporting 75 ships and 134 aircraft and it houses the largest concentration of U.S. Naval forces. We plan to be on the ground during the Spring of 2014.

As we transition to Norfolk would you join our weekly

prayer team in asking God to send laborers out into His harvest at Norfolk (Matthew 9:37-38) to reach all the sailors at Norfolk? We hope to have 100 people on the team before we arrive there.

If you feel lead to be part of the prayer team, would you send an email reply to us at [Taylorallan1@gmail.com](mailto:Taylorallan1@gmail.com)

Carrier Row, each Air craft Carrier has over 4,500 sailors on them

### Arieh starts walking

Arieh has been working with a Physical Therapist weekly since he came home from the NICU a little over 2 years ago. I've heard from people that God doesn't do miracles anymore like raising people from the dead or healing the sick. I always point them to our son and say here's an example of God's authority, mercy and strength. We are so grateful for everyone's prayers for our little Lazarus, God is answering your prayers!!

### Jachin Eliam Taylor

God has graciously given us another gift. Jachin was born April 3, 2013. He weighed 9lbs 12oz, 21 1/2 inches long. God gave us his name while having a quiet time in 1 Kings 7:21. Jachin means He shall establish. (Eliam) Gods people. He is now over 16lbs and 24in long.

Saturday morning Bible study @ Goodfellow

## A drop of a bomb or a click of a mouse

I have been in the Air National Guard for over 9 years now and have had the opportunity to work in 2 different job fields. My last job was in ejection seats but since my unit lost our jets I had to switch jobs again. Instead of maintaining jets that defend our freedom, I'm clicking a mouse as an analyst in the geospatial realm. With this change I'm having to attend a re-training course for a few months at Goodfellow, AFB. Its 6 hours from El Paso, which doesn't allow me to be home accept on holiday weekends. This will be challenging for us as Tiffany raises a newborn along with a special needs child, but we know that we are surrounded by a loving community of believers to help us out.

Before the re-training a group of us gathered for 40 days of prayer at 5:30am in preparation of big decisions such as getting out of the military, next duty station and how to develop men as Jesus did. One prayer for myself was that God would give me a man to develop and that man to lead another man to become more like Jesus. God has been gracious and has answered that prayer with Matt who's in my class at Goodfellow. During the first week of class I was reading in 2 Timothy 4 and it mentioned to "Be ready at all times, and tell the people what they need to do." So I announced a Bible study that was happening at the Chapel which automatically labeled me as a follower of Jesus. As I was giving the announcement this guy in the corner was giving me the third eye look, you know the look. After class this guy came up to me and said he was interested in attending. I initially thought this Matt was not even a believer the way he was looking at me. This astonished me! In only a few days God answered my prayers, normally it takes weeks or even months of searching for a guy who has Jesus as his LORD and Savior. I've been asking myself "If God has been this faithful what have I been hesitant or unfaithful to ask God for?"

What about you? What could you ask God for that is unheard of or unbelievable in your mind? Is it a friend or co-worker, a city, state or country to come to know Jesus? Could it be one person that you can invest your life into that will reach nations for the King. Just remember "If you can?" said Jesus. "Everything is possible for one who believes."

Matt is now trying to help Adam understand that Jesus wants us to live out the righteousness of God today by following up with him in the area of daily time in the word and prayer while

Fishing for men and fish ☺
