## AED's

These are "Automatic External Defibrillators. There are 2 of them in the park. One is always accessible in the EAST laundromat (next to lot 107) and the other is reachable whenever the main hall is open. It is located on the wall next to the EAST door that exits onto the shuffleboard courts. If someone has collapsed, anyone can use an AED. Turn it on and it will tell you what to do. Hopefully we can have a refresher course on basic CPR next season.

In the event you have difficulty in the laundromats and lose money in a machine, please put an out of order sign on the machine and then come to the office with the tag information. See the sample tag below. We will order immediate repairs and will file a form with the company who manages them to send you a refund check for whatever amount you may have lost. We simply need your mailing information for them and the number of the machine. We simply need your mailing information, phone #, and your email address for them along with the number of the machine. If you ask for a refund, they will email you and you will need to follow the instructions in the email.
