Adam & Eve:

The first people to not read the Apple terms and conditions.

We have more HOT weather coming our way. Be aware of your time in the sun, your surroundings, drink lots of WATER, try not to work too hard, keep in touch with family, friends and neighbors. That goes for your pets and livestock too. If you can't hold the back of your hand on hot pavement or concrete for 5 seconds, it's too hot for walking your dog.
