

FMPG Classes: 2013

Adult Classes

Cost is **\$225.00** for 8 consecutive weeks.

This includes the cost of clay, glazes, firing, and use of tools.

Please wear comfortable clothes that will be OK to get dirty – cause they will!! Also remember our classes are co-ed and when you are working on the wheel you will be bent forward most of the time so we would encourage you to think about your choice of tops / necklines 😊.

Level 1

During the class you will learn about the clay you use, and learn about techniques for both hand building pieces and throwing on the wheel. It takes a lot of practice to get good on the wheel (months and months) so just come with the intent of trying things out and having fun!

Level 2 (when available)

Due to great demand for an intermediate class, we are offering a “throwing only class”. This class will focus on the techniques of working on the wheel. To register, you must have taken one class with the FMPG in the last 12 months.

Kids Classes for kids 8 – 12 yrs:

Cost is **\$200.00** and classes run for 7 weeks.

This includes the cost of clay, glazes, firing, and use of tools.

Please make sure the kids are wearing comfortable clothes that will be OK to get dirty – because they will!!

Classes consist of hand building techniques along with hand painting and glazing the pieces.

We are not able to provide family or teen classes at this time.

Remember to bring your completed registration form. Look forward to seeing you there!
