CREATIVITY ENRICHMENT After School Program Partnership

World Performances Inc. is a 501(c) 3 not-for-profit organization, dedicated to the creation, collaboration and implementation of high quality multicultural theatrical productions and special events along with arts and educational projects that bridge the peoples and cultures of the world for the betterment of global peace and prosperity.

It is the **World Performances Inc.** belief that exposure to different art forms and by, working together in fun-filled groups, students can learn a true appreciation and respect for diverse cultures while at the same time expanding their minds and creativity.

SCOTT ESPINOZA, After School Program Manager / Instructor

Mr. Scott Espinoza is a very passionate educator who has been trained in many areas. Scott received training in Audio Engineering, Television and Film at Houston Community College. His martial arts philosophy is based on AKIDO (Japanese) and TAI CHI (Chinese) Martial Arts. His creative background is in theater and musical theater, both on stage and in theater's technical aspects.

Scott has demonstrated his martial arts skills by entering in competitions, defeating two time Tae Kwon Do National Champions and Golden Gloves boxers.

Mr. Scott Espinoza has been PTO President and has developed *All Stars Enrichment Afterschool Programs* since 2015. He has concentrated his instruction on martial arts and robotics development. Recently, Scott supported the home school production presented by World Performances Inc. & World Theater: "Annie, Jr." He discovered the non-Profit organization, World Performances Inc. shared his similar goals: "Nurturing and developing the potential talent and goodness of younger generations." The three organizations have now joined together to offer the *After School Creativity Enrichment Program* for families and children in Katy and its surrounding areas.

World Theater and World Performances, Inc. welcomes multi-cultural organizations to make use of its classrooms and auditorium facilities by presenting meaningful events that benefit our diverse citizenry. All well known musicals and shows or newly created productions and special events are selected for presentation because they include positive values, contrary to the current multi-media focus

on violence and negativity. Our mission is to provide a fun-filled family oriented venue with State-of-the-Art Lighting and Sound Systems along with special production support including Video Scenery creation and animated Special Effect Backdrops. Together, front stage and backstage support and classroom instruction create a joyful and dynamic theater for all involved; performers, back & front stage tech crews, volunteers and for the diverse audiences in attendance. This **CREATIVITY ENRICHMENT After School Program** collaboration is now here for all children and their families.

CREATIVITY ENRICHMENT After School Program Partnership

ADVANTAGES

This well-planned, quality CREATIVITY ENRICHMENT After School Program focuses on four major aspects to support children's mental and physical wellbeing through the following goals:

Performing Arts— Besides having fun, benefits include:

- Improving Social Skills
- Improving Memorization Skills.
- Building Self - Confidence
- Advancing Public Speaking Skills

Martial Arts— Benefits include:

- Physical Training
- Building Self Esteem and Confidence
- Self-Defense for Anti Bullying!
- Self-Control
- Discipline and Responsibility
- Team Work and Social Skills

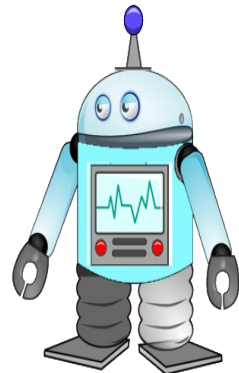

Robotics:

We're in the everchanging modern technological world. The Robotics program helps children to build creative ideas and interest in Science, Technology, Engineering and Mathematics in constructive ways.

Benefits include:

- Creative thinking skills
- Problem solving
- Advanced computer programming abilities

Homework Help: An Instructor will supervise and render tutorial assistance to children. Benefits are:

- Developing good homework scheduling and habits
- Keeping parents informed and involved with how their children are doing with their homework.
- A tutorial teacher whom the children can turn for help as needed.

Burton Wolfe, World Performances Inc. Executive and Artistic Director: Mr. Wolfe has been a Speech Communications, Public Speaking and Theater College Professor for many years. He has an outstanding history producing and directing Broadway Musicals, Comedy and Dramatic productions and special events, nationally and internationally. He will oversee the *Creativity Enrichment After School Program* and participate in certain performing arts workshops throughout the semester including staging, dance and vocal training.

Original Musicals & Special Events created and produced by World Performances Inc.
