Thanksgiving feast

This year, our Thanksgiving feast will look a little different from previous years'. Weather permitting, we will host a picnic in the outside playground. Parents and immediate family are invited. Parents will bring a lunch for their own family only; no potluck dishes for this year.

As an additional effort to keep our environment clean for our teachers and students, we have been using portable HEPA/ UV air purifiers in our classrooms. The HEPA filter captures dust and allergens while the UV light kills germs and bacteria.

Get to know our teachers!

Periodically, we will pose questions and answers from our teachers so you can get to know our teacher!
