Brooke's Story

Brooke Hester was diagnosed with Stage IV Neuroblastoma when she was just 3 1/2 years old. Brooke passed away at the age of 8, after 4 years and 8 months of fighting this rare form of cancer. Neuroblastoma is a cancer of the nervous tissue and is found mainly in infants and children.

Brooke was able to fight as long as she did due to taking part in multiple new therapies and being a part of clinical trials - all because of research. At the Brooke Hester Hustle, we raise money for research into earlier detection, newer treatments, and cutting edge, targeted therapies and cures for pediatric cancer that will be gentler and more tolerable through all stages: discovery, diagnosis, treatment and remission.

Since 2011 we have raised nearly \$35,000 to help children fighting cancer worldwide. For our very first Brooke Hester Hustle, we gave all proceeds to the Hester family to help pay for the mountain of medical expenses that accrued due to Brooke's treatment. After 2011, Brooke asked that all proceeds go to research. We have granted her wish since and will forever continue to do so.

The Brooke Hester Hustle is part of Brooke's Blossoming Hope for Childhood Cancer 501(c)3 Foundation.

This Year's Challenge

If we raise a total of \$15,000 this year, the Race Director will get a tattoo that Brooke designed !
