

We offer dance and creative movement to our students. Dance has played a major role in our family, and we will always offer dance and creative movement to our kiddos. And best of all, it's included in your tuition!

Twice a week, our students get immersed into the world of Espanol! And like dance, this program is inclusive. And of course, the kids love doing PE with Coach Matt!

MY LIL'  
WRANGLERS

2017-18  
Brochure

## What We Do

- We offer child care infants through 1st grade
- We offer a structured curriculum for all of our age-groups (infants through pre-k)
- Our extra-curricular programs are fantastic with dance, Spanish, and PE being a favorite part of our students' days
- Our schools have enrollments of approximately 40 students, so personal attention is what we do best!

## Our story

My Lil Wranglers all started eight years ago. We love Keller ISD, but at the time they only offered half-day kindergarten. Dawn Wilson was teaching first grade at Willis Lane in Keller, but she wanted more than a half-day kinder program for her daughter. So she resigned her position, homeschooled her daughter, and as luck had it, eleven other children joined the in-home kindergarten.

Today we operate two preschools in the Keller area. This is a family business. My daughter and I run these two schools. We take great pride in our small and personal learning environments. Come check out one of our schools! We specialize in creating small and intimate environments for preschool education.

## We are Texas School Ready!

Our school just completed a three year accreditation process. We are the only school in Keller that has achieved the distinction of "Texas School Ready"

We worked closely with the University of Texas and the Child-Care Institute to accumulate the very best curriculum, and our teachers have been trained how to use it. Through this process, we have obtained

- Pearson's Open The World of Learning
- The Frog-Street Press
- Infant to Pre-K Curriculum from the Early Childhood institute
- WE ARE MORE THAN DAYCARE

## Who We Are

Dawn and Kaisa Wilson are the Mother-daughter team that is the backbone of My Lil Wranglers. Dawn is the owner of the two facilities and will be teaching the pre-k class at the Academy on 1240 North Main Street in Keller. Dawn is an experienced public school teacher with a Bachelor of Science degree in Elementary Education emphasizing in the teaching of reading from Northern Arizona University.

Kaisa is Dawn's daughter and is currently taking courses towards her elementary degree. She is working her way through school while holding down the fort at Keller Hicks Road. Kaisa was with us from the beginning and was an instrumental piece in our successful accreditation through Texas School Ready. She and her Husband Matt, also an education major, will work together to deliver our three and four year old curriculum at Keller Hicks Road. The kids love Coach Matt. Don't be surprised if you hear them say, "high five, good game".

Ms Claudia is our Spanish teacher. Twice a week, she comes to our school and immerses our kiddos into the world of Spanish. Our kids love Espanol!

Dance has been a huge part of our family's life, and we will always offer dance and creative movement to our kids. We do a lot more than ABC's and 123's at My Lil Wranglers.

We are family owned and operated. Come see us today!
