A Note from Rick: ALTERNATIVE ANIMAL AUCTION MAY 19-20 IS CANCELLED DUE TO CONSTRUCTION!

Market trends continue to follow the same path they've been on for several weeks now. Slaughter prices were higher again this week and dairy prices were lower. Feeder prices for steers were slightly higher and dairy feeders were slightly lower. We are officially under construction at TLA and we're definitely going to have a busy summer. The first phase of the project is a new office at the end of the current horse arena. It was initially slated to be completed mid-May, but we are behind schedule due to forces outside our control. We are now looking at mid-June. The second phase is replacing part of the old original building and constructing a new horse arena. We need to complete and move the office before we can really get started on that due to our wiring and computer systems. The horse arena has to be complete by our Fall Draft Horse Sale, so wish us luck! We will continue to follow our regular sale schedule and we apologize in advance for any inconvenience our construction may cause. Please bear with us. The face of Topeka Livestock is changing and we couldn't be more excited! We appreciate your support through the transition. See you at TLA!
