RESPIRATORY CARE CONFERENCE

Friday, September 22nd

Conference Time: 8:00am – 3:00pm

Registration: 7:30am

Hosted by:

Missouri Baptist

Missouri Baptist Medical Center, an acute care hospital in St. Louis County, offers a full continuum of medical and surgical services, including heart care, cancer care, and women's and infants' services. The hospital has a 24-hour adult emergency department and cares for pediatric patients at a separate emergency department in collaboration with St. Louis Children's Hospital.

In 2016, Missouri Baptist was named a Magnet® hospital by the American Nurses Credentialing Center (ANCC). The prestigious designation is the highest credential a healthcare organization can receive for nursing excellence and quality patient care. Missouri Baptist is the first hospital in St. Louis County to achieve this recognition, which has been accomplished by less than 7 percent of hospitals nationwide. Additionally, U.S. News & World Report ranked the hospital #2 in the St. Louis metro area.

Missouri Baptist Medical Center is a member of BJC HealthCare, one of the nation's largest nonprofit health care organizations.
