

# Schedule of Events for the SQAB 2005 Conference

## Thursday, May 26 International Ballroom South

05:00-08:00 pm *Cash Bar & Registration for SQAB attendees*

## Friday, May 27 International Ballroom South

07:00-08:30 am *Registration, coffee, & pastries*

08:30-08:45 am **William Baum**, President's Introduction

08:45-09:20 am **Armando Machado & Joana Arantes**, Critical Tests of Timing Models Using a Double Bisection Procedure

09:20-09:55 am **William A. Roberts**, Number and Time Representation in Pigeons: Studies of Scale Bisection

09:55-10:30 am **Seth Roberts**, Where Do New Responses Come From?

10:30-10:50 am *Coffee Break*

10:50-12:00 am **Michael Kubovy**, Phenomenological Psychophysics and Mathematical Models of Gestalt Phenomena

12:00-01:30 pm *Lunch Break*

01:30-02:05 pm **Donald Blough**, Random-Walk Simulations of Discriminative Reaction Times

02:05-02:40 pm **John Pearce**, The Discrimination of Structure: Spatial Relations

02:40-03:15 pm **Nestor Schmajuk & Jose Larrauri**, Experimental Challenges to Theories of Classical Conditioning: Application of a Computational Model of Storage and Retrieval

03:15-03:45 pm *Coffee break*

03:45-04:20 pm **Ronald Weisman, Andrea Friedrich & Thomas Zentall**, Using Behavior Analysis to Study the Evolution of Pitch Perception

04:20-04:55 pm **Robert Cook**, Structure of Avian Memory Systems

04:55-05:30 pm **Olga F. Lazareva, Kate L. Freiburger, & Edward A. Wasserman**, Effects of Stimulus Manipulations on Basic-level and Superordinate-level Categorization

## Friday Evening, May 27 International Ballroom South

06:30-09:30 pm *Poster session/Cash Bar*

## Saturday, May 28 International Ballroom South

07:00-08:15 am *Registration, coffee, and pastries*

08:15-08:50 am **Cynthia Pietras**, Energy-Budget Models and Human Risky Choice

08:50-09:25 am **Melissa Bateson**, Effects of Energetic State on Risk-Sensitive Decision Making

09:25-09:40 am *Coffee break*

09:40-10:15 am **Gene Heyman**, Some Implications of Preference Dependent Changes in Reward Value: Matching, Maximizing, Addiction

10:15-10:50 am **James S. MacDonall**, Is There a Variable Missing from the Concatenated Generalized Matching Law?

## Saturday Afternoon, May 28 International Ballroom South

### INVITED PREEMINENT TUTORIALS

1:00-1:50 pm **Russell Church**, Simulation of Quantitative Models of Behavior

2:00-2:50 pm **Gregory Galbicka**, Response Shaping and Percentile Schedules -- or "How I Stopped Worrying and Learned to Love Rank Orders"

3:00-3:50 pm **Randolph Grace**, Choice and Value

4:00-4:50 pm **Daniel Cerutti**, Temporal Regulation of Choice
