

# How does the proposed **Measure E** compare to **Measure AA**?

## Measure E

### Novato Flood Control & Habitat Improvement

- Provides an additional \$1.1 million in annual revenue, raising an estimated \$19.8 million over 18 years.
- Funds can only be spent in the Novato area.
- Construct **flood mitigation projects** that restore creek and wetland habitat for fish, birds, and wildlife.
- Improve **water quality** in Novato's creeks, wetlands and the Bay.
- 20% of revenue goes to **City of Novato** to fund priority City storm drainage projects and reduce roadway flooding.
- Repair/replace **levees and pumps** in Novato watershed damaged in the 2016/17 winter storms.
- Widen lower **Novato Creek** to reduce flooding.
- Takes action for **sea level rise** adaptation.
- Provide local match to attract state and federal grants to further improve flood mitigation.

## Measure AA

### San Francisco Bay Restoration

- Raises funds from all 9 Bay Area counties.
- All 9 Bay Area counties must compete for a grant program focused solely on **restoration projects** for the Bay's shoreline.
- Provides at least 9% of revenues (estimated at \$45 million over a 20 year term) for projects in the North Bay, which includes Marin, Sonoma, Napa, and Solano counties.
- Does **not** guarantee any funding to projects in Marin County.
- Priority is given to projects with a local funding match.
- Does **not** fund flood mitigation projects without a restoration component.
- What does **not** qualify for funding?  
Projects that would fix/upgrade pumps and pump stations, or improve city drainage systems.
