DALTON MELENDEZ

Dalton is another one of our CFIs. He got into Aviation through a neighbor who was a Southwest captain in April of 2021; no one in his family worked in Aviation. Despite this, he quickly rose through the ranks to become a CFI. He got his CFI rating locally through ATP flight school in Livermore and he comes to Skyview with 280 hours under his belt. Dalton has open availability and is willing to work with his student's scheduling needs. Dalton hopes to one day fly bigger and faster planes whether that be for an airline, cargo, or fire fighting tankers. His favorite thing about flying is the freedom that it gives him to see different places around the world.
