

2019 BC-2 MD

BY BCROASTERS.COM

SPEC SHEET

The BC-2 MD is a great roaster for a small coffee shop or as a sample roaster and for advanced home roasting. It can roast from 4oz. to 2lb. per roast and up to 4-5 roasts per hour. It has all the features of the big commercial roasters except mixing arms for the cooling tray as that is not needed with its powerful cooling tray fan motor it can cool beans in 2-3 minutes. It has 2 Omron digital temperature controls on the panel for quick viewing of both BT & ET. It has variable drum speed control and precise airflow control via the MDDS (manual damper) system. Solid heavy-duty stainless steel drum and built in profiling system. Direct-Connect chaff unit for efficiency & reduced footprint. A LED Lamp provides illuminated viewing.
