Point system explanation

School Challenge is for Relay Teams (two or three participants make a Team).

Schools will earn points for each team entered in the event and where they placed in respect to other teams.

The more teams your school entered the greater the chance of winning the School Challenge Cup.

The Cup will be awarded to the school (not an individual Team) with the greatest number of points accumulated based on place in final standings. (see table above).

The Cup will be returned to TRIO Sport Events the following year to be defended by previous year winners or presented to current year winning school.
