SPECIALTY[®] Corn Legend

VALUE ADDED TRAITS:

SS =	SmartStax [®] corn				
SSRIB =	SmartStax [®] RIB Complete [®] corn blend				
VT2P =	VT Double PRO [®] corn				
DGVT2P =	DroughtGard [®] Hybrids with VT Double PRO [®] corn				
VT2PRIB =	VT Double PRO [®] RIB Complete [®] corn blend				
DGVT2PRIB =	DroughtGard [®] Hybrids with VT Double PRO [®] RIB Complete [®] corn blend				
VT3P =	Genuity [®] VT Triple PRO [®] corn				
DGVT3P =	DroughtGard [®] Hybrids with VT Triple PRO [®] corn				
VT3PRIB =	Genuity [®] VT Triple PRO [®] RIB Complete [®] corn blend				
DGVT3PRIB =	DroughtGard [®] Hybrids with VT Triple PRO [®] RIB Complete [®] corn blend				
RR2 =	Roundup Ready [®] Corn 2				

GENERAL:

N/A = Not Available
α = Brand
T = Brand Blend

- ‡ = Variety
- B = Brand BB = Brand Blend V = Variety

Before opening a bag of seed, be sure to read, understand and accept the stewardship requirements, **including applicable refuge requirements for insect resistance management**, for the biotechnology traits expressed in the seed as set forth in the Monsanto Technology/Stewardship Agreement that you sign. By opening and using a bag of seed, you are reaffirming your obligation to comply with the most recent stewardship requirements.

Monsanto Company is a member of Excellence Through Stewardship[®] (ETS). Monsanto products are commercialized in accordance with ETS Product Launch Stewardship Guidance, and in compliance with Monsanto's Policy for Commercialization of Biotechnology-Derived Plant Products in Commodity Crops. This product has been approved for import into key export markets with functioning regulatory systems. Any crop or material produced from this product can only be exported to, or used, processed or sold in countries where all necessary regulatory approvals have been granted. It is a violation of national and international law to move material containing biotech traits across boundaries into nations where import is not permitted. Growers should talk to their grain handler or product purchaser to confirm their buying position for this product. Excellence Through Stewardship[®] is a registered trademark of Biotechnology Industry Organization.

B.t. products may not yet be registered in all states. Check with your Monsanto representative for the registration status in your state.

IMPORTANT IRM INFORMATION: RIB Complete[®] corn blend products do not require the planting of a structured refuge except in the Cotton-Growing Area where corn earworm is a significant pest. See the IRM/Grower Guide for additional information. Always read and follow IRM requirements.

Individual results may vary, and performance may vary from location to location and from year to year. This result may not be an indicator of results you may obtain as local growing, soil and weather conditions may vary. Growers should evaluate data from multiple locations and years whenever possible.

ALWAYS READ AND FOLLOW PESTICIDE LABEL DIRECTIONS. Roundup Ready technology contains genes that confer tolerance to glyphosate, an active ingredient in **Roundup® brand agricultural herbicides**. Agricultural herbicides containing glyphosate will kill crops that are not tolerant to glyphosate.
