

Firearms and Freedom!

(Gun Control Means People Control!)
by Lt. Col. Gordon (Jack) Mohr, AUS Ret.

*"Then He (Jesus) said unto them (His disciples):". . . he that hath no sword,
let him sell his garment and buy one". Luke 22:36*

My first lecture in the fight to protect our 2nd Amendment rights to "keep and bear arms", was made on September 25, 1973, in Martin, Tennessee. That was over 23 years ago. I don't remember much about that meeting, but it was the first one in a series of 260 lectures on this subject, which took me into 45 states, Canada and Mexico.

This message is an up-date on that first lecture. As we approach the year 2000, the "turning point" of the 21st Century, it is of more vital importance than ever before, since that is the year that the New World Order adherents say they will enslave all man kind on their Jewish controlled Global Plantation. In the Babylonian Talmud, the religious guide of world Jewry it clearly states: "When our Messiah (the Jewish State rules supreme) every Jew will have 2,000 goyim (a Yiddish word of contempt meaning: "non-Jew animal, you and I) slaves". This slave state can only take over control of mankind, if our American people, especially White Christians, can be "brainwashed" into accepting government control of our firearms, beginning with registration and culminating in confiscation.

All "stops have been pulled" by the enemy in an all out move, controlled by Zionist interests in Washington, D.C. to bring us under this control. This Jewish control in our Nation's Capitol has become so strong, that according to International Zionist sources, America is now run by Jewish interests, no matter whether Democrats or Republicans are at the wheel. They have been in the "driver's seat", since 1913, when a **TRAITOR** President and Congress, sold our economy into the hands of the International Banking clique now known as the Federal Reserve Board.

Today International Jewry controls not only our economy, but the media, the entertainment world, the law practice, the medical profession, education, sports, and a large share of the Christian world, who teach their "spell bound listeners;" that these "despoilers of mankind" are God's Chosen People, whom we must honor and support, even as they destroy us!

But in spite of these tremendous odds, which have grown to the point where a high ranking Israeli official could openly and contemptuously say: "We have the best Congress that money can buy". In spite of the fact that our President has appointed over sixty anti-Christ Jews to high government positions, they cannot be successful until good Americans are first disarmed. This is why we see them expending millions of dollars, nay billions, to convince our people that Gun Control is for our protection and safety.

Our Founding Fathers were not only politicians; first and more important, they were statesmen. (We have not had one worthy of this title in America, since Gen. Douglas MacArthur was smashed by the liberals, because he believed '£there is no substitute for victory", and sought to win the War in Korea, over the objections of the politicians who were even then playing the New World Order game).

These men established this country as a Republic, not the Democracy which has been crammed down our throats for the last fifty years. Today the term we hear used universally is "America is a democracy!" Yet any honest study of history will show that Democracies, are one of the worst forms of government ever developed by mankind, and have never lasted. They always degenerate into dictatorships. The government we have today, is closely akin to Jewish inspired Communist-Socialism!

Today, the men who have been voted into office since 1913, have turned this mighty Constitutional Republic, from a giant among the nations, to a Democrat weakling, then a Welfare State, until today we are tottering on the dangerous edge of totalitarianism, which will be worse than anything we can imagine!

I am honored to be able to present you with these truths. The interest of many of you in our 2nd Amendment rights, in the face of tremendous odds, reminds me of a story I heard one time about a Texan who was visiting the Niagara Falls in Canada. As he watched this majestic natural display of power, a Canadian said to him: "I bet you don't have anything like this in Texas?" To which he replied: "Sure don't, but we got a plumber in Houston who could stop that leak".

So let's take some time and look at the "leak process" in America, which has become a destructive torrent. Today we need "patriotic plumbers", who will stop this leak!

Since I am not trying to win a popularity contest, nor am I running for office, I will be able to tell you the truth. Some of you undoubtedly won't like what I have to say, but it's the truth. I may have to say as the Apostle Paul did to the church at Galatia "Am I therefore to become your enemy, because I tell you the truth?" (Gal. 4:16)

Our situation in America reminds me of another Texas story. It seems that a cowboy was riding across the Panhandle during a blizzard, when he came across a huge rattlesnake that had been frozen in it's coils. For some strange reason he felt sorry for it, and dismounting he placed it inside his fleece lined coat and rode on.

When the snake thawed out it bit him and as he died in agony, he said: "Mr. Snake, why did you do that when I was trying to help you?" And the snake replied: "You dumb cowboy, you knew I was a rattlesnake all along!" The moral of the story is that you can't play "patty cake" with a rattlesnake without getting bit!

Our Founding Fathers realized this, for as George Washington once said: "Government is like fire. It can be a good servant, but once out of control it becomes a frightful master". Another of the Founding Fathers said: "because of this we must bind down big government with the chains of the Constitution".

So they set about to establish a government where individual freedoms were given top priority, such as the world had never seen before. They were incorporated into a matchless document which we call the "Bill of Rights". It was added on to the original Constitution, when many of the Founders would not sign it until these freedoms were included. The "Bill of Rights" was designed to protect the American people from a government, which some time in the future, might turn away from being the servant of the people, and attempt to become their master.

It could more properly be called a "Bill of Limitations", for this is what it does to big government. The first nine of it's Amendments say to government: "Thou shalt not! Thou shalt not! Thou shalt not!" then the Tenth says in essence: "Government, if there is anything we forgot in the first nine, you can't do that either, unless we the people give you that right! And this nation truly became a nation, "of the people, by the people, and for the people."

To put teeth into this "Bill of Rights", and protect it and the people from government, the Second Amendment was inserted. This was not for the purpose of giving Americans the right to own guns for hunting, or target practice, but to protect them from a government which got "too big for it's britches!" By adhering to these principles, this country has remained free for over 200 years.

Unfortunately, in our search for a "better way of life", the "American Dream" some call it, many good, Christian Americans have forgotten the purpose of government which is to protect its citizens, not become their nursemaid.

At no place in the Constitution, or in any law of the land, does a city have the right to tell you that you can't build on your own property without a "city permit" or a "building license". In no place does the government have the right to say: "You can't drive on our public highways unless you purchase a driver's license from us". Yet government has usurped these rights and many more. There are certain God given rights which government may not tamper with, yet today, our politicians have thrown the "Bill of Rights" into the garbage can, as they make "rules and regulations" which are designed to control our people and turn them into slaves.

Few Americans realize that the alien plans for the Federal Reserve System which now illegally controls our economy, was hatched in Europe by the International Jewish banking family of the Rothschilds, over 150 years ago, when they made plans for the future control of our economy and the wealth which went with it. This is why there is no possibility of government "balancing the budget", as long as this monstrosity is in place. Our politicians know this, even those who shout the loudest about "balancing the budget!" This foreign element, made up exclusively of alien Jewish bankers, has literally robbed the American people of trillions of dollars in our national wealth, and today is the driving force behind the institution of the Global Plantation which will complete their plans for world slavery.

The great German statesman, Otto Von Bismarck realized this before the War Between the States began and said that an insidious process was in operation in Europe in banking circles (Jewish all of them) to keep America under control, by controlling her economy. "If she is ever allowed to print her own currency, we will never be able to subjugate her," they said.

Nowadays, you are apt to hear some "jerk" say: "Our Constitution is out of date. It was written for the horse and buggy days, we need to revise it for 21st Century America!" They forget one essential "fact of life", and this is that "Truth is eternal. It never changes!" It does not change from one century to another, no matter whether men like it or not! The interpretations of Congress, or the Supreme Court cannot change the Constitution, for the basic truths are as "self-evident" now, as they were the day the "Bill of Rights" was signed. Today this nation is being destroyed by evil men in public office, who for their own nefarious reasons have discarded the truth of the Constitution.

America's elder statesman in 1776, Benjamin Franklin once said:

"He who values his safety more than he does freedom, deserve neither". Yet in recent years, Americans have been on a "safety binge", and as the result, the "chickens of our evil domestic and foreign policies" are "coming home to roost", and we don't much like what is being hatched.

In 1913, we allowed an alien, foreign power to seize control of our economy, when a traitorous President Woodrow Wilson, while his Jew advisor, Col. Edward Mandel House, and a treasonous Democratic Congress, railroaded the Federal Reserve Act into law, and our economy became subservient to alien interests.

Today our national debt is controlled by eight privately owned banks, who control the Federal Reserve. They are above the law and do not answer either to the President, Congress, or the American people. Here are the banks which control our economy:

- 1 - Rothschild Bank of London and Berlin;
- 2 - Lazard Brothers Bank of Paris;
- 3 - Israel Moses Seif Bank of Italy;
- 4 - Warburg Bank of Hamburg and Amsterdam;
- 5 - Lehman Brothers Bank of New York;
- 6 - Kuehn-Loeb Bank of New York;
- 7 - Chase Manhattan (Rockefeller's) Bank of New York, and
- 8 - Goldman Sacs Bank of New York

These banks are all owned by International Jewish bankers. They control our economy and national debt. Our National Debt can never be paid, as long as these vultures control our economy. They are also the "driving force", behind the New World Slave Order.

So as Americans have searched for the "easy way - the good life", we have become a lazy, greedy, backsliding people and nowhere is this more evident than in our churches. Most pastors love to talk about the "goodies" folks can get from God, and tell of all the blessings they will receive if you support their particular ministry, but we hear precious little about our responsibilities to God and our fellow men. We are beset with the Oral Roberts Syndrome: "Something good is going to happen to you today, **IF** you support my ministry!"

Because of this attitude, good people, Christian people, have been hiding in their comfortable, spiritual foxholes, waiting for Jesus to handle the dirty work He gave them to do, and the battle rages outside and the enemy gets ready to take over.

The Prophet Jeremiah explains this in (5:31) - "A wonderful and horrible thing is committed in the land; the prophets (preachers) prophesy (preach) falsely, and the priests (politicians) bear rule by their means, and my people love to have it so. What will ye do in the end thereof?"

How can you possibly protect a people who are willing to allow the enemy to run their lives? It's impossible! Yet it is being attempted in this country.

No group in America has been more negligent than those of us who call ourselves Christian. I can say this because I am one of this group! Instead of being front-line soldiers", in the battle which rages for our souls and our freedom, we have been cowering in our spiritual foxholes asking God to save us from the results of our own apathy. According to Isaiah 59:2, God does not even hear the prayers of many so-called Christians. He most certainly does not answer those who are in **DISOBEDIENCE** to Him!

Instead of a battle cry coming from the Christian church, we have heard the whining excuse: "You can't allow the church to have influence over the State". Or as one woman told me, when I was lecturing on Gun Control in Minneapolis a few

years ago: "Colonel, I believe everything you said tonight, but I'm born again, you know, and I don't have to worry about things like that. Jesus will come back and rapture me away before it gets all that bad!" Talk about being wrapped in a sheet of self-righteousness, that old sister was wrapped in a shroud and didn't know it!

Christians for the most part in 1997, have become the "salt which has lost it's savor", it's ability to halt corruption, and Jesus said in Matt. 5:13, that when this happens they are good for nothing but the "garbage heap!"

If you want proof of this, answer the question, if you can, why with 50-million "born again" Christians in America, we are headed for hell faster today than at any time in our history? Something is obviously wrong! In Jeremiah 23:22, we are told that if the preachers of the land would preach the "whole counsel" of God's Word, the people would "turn from their evil way, and from the evil of their doing". This hasn't happened, which indicates to me that something is sadly lacking in the preaching coming from our churches, even those that are growing the fastest.

We have become like the woman I heard about who had been mugged and raped in Central Park New York. A man found her laying on the ground, bleeding from her wounds. He said: "Shall I call the police!" to which she replied: "No don't! I don't want to become involved!"

Our danger in America at this time is not from Communist Jews, or radical aliens, although they have certainly added to our problems. The major danger we face comes from White Christian people who have been elevated to positions of trust in our government, and have betrayed this trust! And to the good people who have allowed them to get by with their treason! The **JEWS** and **ALIENS** are not the **CAUSE**, they are the **EFFECT** of our **DISOBEDIENCE** to God. If you want scriptural confirmation for this, read Deuteronomy 28.

We all know that when a public official takes an oath of office, many times with their hand on the Holy Bible, they say they will "protect this country from all enemies, both without and within, and will bear true allegiance to our Constitution". Many of them are not doing this! Instead, they do what is "politically expedient, and which gets them the biggest reward".

A Jewish rabbi named Cohen, from the **YESHIVA**, the Jewish Seminary in New York City, recently said: "We (Jews) now control America through the governmental powers that we have usurped. They are our slaves, but first we must make them fearful and anxious. They must become willing to give up their Constitutional Rights in exchange for promises of safety and security. We (Jews) are fighting against time. The patriots and some Christians are getting too close to the truth". We cannot allow this to happen. They will begin by voting our allies out of office." This is what has happened since World War II.

How far will you Christians go in defending these enemies of God and your Savior? Is it because you do not understand the depth of hatred they have for your Savior and for all of you who go by the name of Christian? Why are you willing to engage in national suicide?"

Cohen went on to explain how Jews, numbering less than 4% of the population could control the country. He said: "It is easy! We control the media, the newspapers and the magazines, the wire services, the TV and entertainment. We are free to make the 'goyim' of America, think what we want them to think! As they think, so will they do! How can they not believe, when a thousand identical fingers all point to the same accusation? We have already enslaved their minds, and they do not realize it. But I warn you, we **MUST** not allow them to learn the truth, for if they wake up, we are finished"!

Now I realize that those of you who read this, and come from a Judeo-Christian church will find these facts hard to accept, since you have had pounded down your throats, the falsehood that Jesus was a Jew and that the Jews are God's Chosen People. This in spite of the fact that your Savior definitely said otherwise. (See John 10:26), where He told their leaders: "But ye **BELIEVE NOT**, because ye are **NOT OF MY SHEEP**," (emphasis mine), or Matt. 23:15, where He accused them of turning their converts into "two-fold more a child of hell than yourselves". Hardly a criteria for God's Chosen!

Cohen continues: "Like the animals they are, the 'goyim' can be dangerous to us. Fortunately for us, we have ensconced in the White House, the greatest friend the Jews have ever had, President Clinton. He has been of great benefit to us and will be rewarded and he knows this!"

To prove this, notice how Clinton has appointed to high government positions over 60 anti-Christ Jews, although he professes to be a Christian.

You may ask: "Why have you brought the Jews into this discussion. I thought you were speaking on Gun Control?" The reason, as any thinking person should be able to see, is that Jewish influence in America, is foremost in every effort to destroy White Christian civilization. They openly boast of it! This **MUST** begin by **DISARMING** us. The idea that out there somewhere, are men and women who love God, their own people, their country and their family; that they are armed and willing to fight for these things, is something their narrow souls can't comprehend and it "scares hell out of them!" Don't argue with me about the Jews and what they have done to harm America, look at the names of those who have been found guilty of treason against America; those who back every evil thing which is destroying our moral foundations, and you will find a preponderance of Jewish names. I'm not responsible for the fact that they are Jews, I'm just telling you the truth about it! You can reject the truth, and take the consequences of becoming slaves. That's your

right! But how will you explain it to your children sometime in the future, if you are still alive, and more important, what will you say when you stand before God?

Under the present corrupt political system, we see men who have proven by their actions to be **TRAITORS** against this country and its people, as they have been voted into office term after term by blinded voters, as long as they bring financial "goodies" to their constituents. The cry is no longer "What is good for America!" It has become, "What is good for me and mine!"

Many years ago, a noted historian said: "Treason doth prosper; what's the reason? For when treason prospers, none dare call it treason". Today **TREASON** is prospering in America and Christian people are allowing it to happen!

I can't think of a better example than that of Robert "Strange" McNamara, who was Secretary of Defense during the Vietnam War years. Recently he has written a book, which is making him millions, in which he openly admits that he knew we were wrong in going into Vietnam, but that for "political reasons", he remained silent. The media has praised him for having the courage to admit he was wrong, when in any decent society he would have been tried for **TREASON**, and executed as the **TRAITOR** he was!

Where are the cries of outrage from the loved ones of the more than 50,000 Americans who died in a war fought for political expediency? They have been quieted by the falsehoods published in the Jewish controlled media, and often from their own church.

The same thing that happened in Vietnam, has taken place in Panama, Desert Storm, Haiti, Somalia and now in Bosnia, and will very possibly take place in the Middle East soon, in a big war, as we defend the anti-Christ's of the Israeli, against those they have persecuted? When will our Christian people have the courage to say to our government: "This is enough! This is as far as we will allow you to go!" Instead the Judeo-Christian preachers will pontificate on Romans 13, and tell their people how Christians **MUST** obey their government, even when it is anti-Christian!

Today, as **TREASON** has become profitable in that "cesspool of iniquity on the Potomac" that we call our Nation's Capitol, many elected officials have opted for a giant socialist bureaucracy which controls our people from the "cradle to the grave", and which is leading them into One World slavery!

The purpose of this message is to analyze one very important part of this conspiracy, which is designed for ultimate control over all mankind. It is popularly referred to as **GUN CONTROL!** I am going to use this subject as the jumping off point, into an even more important subject, which might be titled "People Control!"

REMEMBER that GUN CONTROL, ALWAYS MEANS PEOPLE CONTROL!

There is no area in American politics, where more bureaucratic pressure has been exerted, than on Gun Control! Over a 100 years ago, the internationally famous lawyer, Frederic Bastiat said:

Each of us has the natural right from God, to defend his person, his liberty, and his property. These are the three basic requirements of life; the preservation of any of them, is completely dependent on the other two".

Civilized laws, during the 6,000 years of written history have been based on this premise. It was the idea our forefathers had in mind, when on a foggy day, June 15,1215, in a place called Runnymede, England, they gathered, sword in hand and demanded these liberties from the despotic King John. This became known as the Magna Carta, and was the basis of our Constitution. It was with this same idea in mind, the framers of our Constitution wrote the 2nd Amendment, giving the **PEOPLE** the means to protect themselves against a despotic government. Notice it's specific wording: "The right of the **PEOPLE** (not the National Guard, or the Militia, but the people) to **KEEP** and **BEAR** Arms, shall not be **INFRINGED**". (This means it may not be tampered with by government, at any level, for any reason). They wanted future generations to be sure of it's meaning, that this **RIGHT** belonged solely to the **PEOPLE**, and that it was given by God Himself! The 2nd Amendment was not given to protect our hunting rights, or our rights to belong to some Shooting Club, it was designed as a final protection against a government which turned from being the "servant" of the people and attempted to become it's "master" . . . Thus, this is the principle reason we **MUST** retain this right!

We know the plans of the International Zionist gangsters are to control the world, for they have told us so plainly. This was the major purpose behind International Communism, which was the "brainchild of Zionism".

We know this, for Jewish sources, such as their leading newspapers have bragged about it. This was the force which has been responsible for the horrible deaths of over 100 million people, including millions of Christians who are always the main object of their hatred.

Since they have not been able to finance a big war since World War II, which they feel will be necessary to control us, they have done it by insidiously inserting their agents within our government, our media, our education system and many of our Judeo-Christian churches. Our main danger today, is not from Moscow, or Beijing, but from Washington, D.C., New York City, and Jerusalem.

Rabbi Cohen stated: "Although we Jews make up less than 4% of the U.S. population, sixty percent of President Clinton's political appointees have been our people. We now control the Supreme Court, national judges, Ambassadorships, the

F.B.I., the C.I.A., and the B.A.T.F. We now control America's governmental powers which we have usurped. Our first task is to make Americans fearful and anxious. They must be willing to give up their Constitutional rights in exchange for our promises of safety and security".

What we see happening in America is nothing new. It is a repeat of history as seen over the centuries.

A vile, wicked man is elected to the highest office in the land, by a Constitutional vote of a free people in a democratic country. This ungodly schemer, realizes that only a dramatic act of chaotic evil will catapult him towards dictatorial power. Therefore, this national leader orders the destruction of a Federal building, not caring about innocent lives which may be lost.

In a brilliant diabolical move, he blames the fiery carnage on his enemies, in this case Christian Patriots, and cleverly inflames the public against them via the media.

Then he orders law enforcement to become involved and hundreds, nay thousands of innocent men and women are swept up in the government net. Most of these will be Christians who have refused to bow their knee to his evil desires. He has his minions plant evidence to frame these people and then smugly announces over national TV that "I am doing this' to protect you," and the "brainwashed" simpletons, sitting before their TV "boob tube", proclaim him a hero, and re-elect him for another four years of chaos. Not realizing that this time it may end in slavery and death!

Actually he is fulfilling the prediction Jesus made in John 16:2, when He said: "They will put you out of the synagogues (meeting places); yea, the time cometh, when whosoever killeth you (true Christians), will think he doeth God service". So through use of the controlled media, the general public is inflamed against the Christian Patriots, who are really the only people who care about the future of America. The others have already proved they do not care by their apathy!

As acts of planned government terrorism escalate, people will agree to give up more and more freedoms, until one day they find themselves trapped in world slavery.

The national leader will explain to his people via TV and the media, that respect for his government **MUST** be the prime objective of the day and wide-spread legislation will be passed by a subservient Congress. Anyone who opposes the leader's plans will be classified as a "hate monger" and a danger to humanity. "We **MUST** purge the nation of this evil," will be his cry! His first act will be to take firearms out of the hands of the good citizens who just might oppose him. "Why do good citizens need firearms"? he will say. "The government will protect them". (Sort of like having a fox guard the chicken coop.)

Then, once disarmed, the plans for enslaving the people can go forward, as his world masters have planned all along.

Unfortunately, the people who should be in the forefront of the fight to preserve freedom and our right to keep and bear arms", the Christian ministry, will be in the forefront of the effort to appease the anti-Christ in charge of government, and thus maintain their "tax free" status. They will trumpet the planned message that Christians **MUST** never use force, no matter what the provocation, even though the Apostle Paul tells us in I Timothy 5:8 "If any **PROVIDE** not for his own, and especially for those of his own house, he hath denied the faith, and is worse than an infidel". The English word **PROVIDE**, comes from the Greek **PRONEO**, which literally means: "to look out for beforehand", which most certainly would include their protection. This is what this message is all about. Your Christian duty to protect your family, your nation, and your freedom!

I was made aware of the "pacifist" position of the National Council of Churches many years ago. (It has now infested most of the Judeo-Christian churches). I was debating a United Methodist minister on a Minneapolis Radio Station on the Gun Control issue when he said: "The only reason you would want a gun is that you intend to kill someone".

My answer was: "A statement like that doesn't deserve an answer, but I'm going to give you one anyway. I have a gun for the same reason I keep a fire extinguisher in my house, I don't expect the place to catch on fire, but it sure would be nice to have if it ever did!"

When I asked him what he would do, if someone broke into his home and threatened his wife and daughter with rape. He replied: "I wouldn't do anything if it meant using violence!" My reply was: "You are beneath the contempt of a decent man!" A man who has this attitude shouldn't be considered as a man, no matter how religious he may be! The Judeo-Christian crowd love to quote Christ when in His Sermon on the Mount, He said: "Love your enemies, bless them that curse you, do good to them that hate you, and pray for them that despitefully use you, and persecute you". Jesus spoke these words, yes He did! But I have found that most of them, including their pastors don't really mean them. When I broke away from the Judeo-Christian philosophy in 1980, and began to preach the truth about Judaism, (I didn't change my doctrinal teaching), they descended on me like a "hawk on a June bug," and torn me into bits, calling me names such as "apostate", "hate monger", "anti-Semite", and worse. Yet in the years which have passed, not one of these ministers who used to be my friends, has ever tried to show me where I was wrong. They avoid me as though I had the plague! So much for "love your enemies".

But these same preachers are not honest enough with their people to go further than this verse which deals with treatment of personal enemies, to show you what the Word says about the enemies of God.

If these ministers were honest, they would study the meaning of the word **ENEMY**, and find that it has two meanings. There is an enemy in the "national or racial" sense. The Jews are such an enemy to White Christianity in particular, by their own open admission. The Christian soldier has the obligation to defend himself, his loved one's and his country against such an enemy. Then there is the enemy of God, which the Bible speaks about in 2 Chronicles 12:10 ". . . shouldest thou help the ungodly? and love them that hate the Lord? therefore is wrath upon thee from before the Lord". (This is what you do when you support Judaism in any way!) Then there are David's words in Ps. 139:21, 22 - "Do not I hate them, O Lord, that hate Thee? and am not I grieved with them that rise up against Thee, I hate them with a perfect hatred; I count them as my enemies". This is the kind of **HATRED**, all true Christians should have. Yet in over sixty years in a Judeo-Christian church, I can never remember hearing either of these two passages read, to say anything about having sermons preached on them.

Then there is the personal enemy that Paul speaks about in Romans 12:10, when he said: "If thine enemy hungers, feed him, and if he thirsts, give him drink!" From the context of this verse, we know he is speaking about the Christian or racial brother who may be at odds with us. He goes on to say that we should be willing to suffer loss, rather than to take a Christian brother into court, and thus bring disgrace to His Kingdom Movement.

Nowhere, in either Old or New Testament, are God's followers told to "turn the other cheek" to evil men who seek to harm them, their family, or their country. This is what the "gun banners" want you to do! Over and over in the Old Testament, we have examples of men who used violence to save their own people. (Read about it in Genesis 14).

Looking back on the more than half a century I spent in the Judeo-Christian church, I can never remember a sermon preached on Luke 22:35, 36. This incident took place during what we now call the Last Supper. Jesus was discussing His departure, and His return to set up His Kingdom. He reminded them how He had sent them out to preach the Kingdom message and how they had gone unprepared, yet they lacked nothing. Then He makes this significant statement: "**BUT NOW**," (this indicates a change has been made), "but now, he that hath no sword (weapon of defense), let him sell his garment and buy one". What did He mean? This was as much an order as when He said: "Go into all the world and preach the Gospel!" He was telling them that they were going into a hostile world, which would attempt to destroy them, so "be prepared, buy a sword"! There is no indication that He ever changed this order, so I tell you Christians today, His word is still "Be armed and prepared to defend your Christian heritage", against evil men.

It should be pointed out at this place, that our "freedoms were not bought and paid for at Valley Forge". That was only the "down payment" on the account. In order to remain free, we **MUST** make payments on our freedom in every generation.

You see these rights, were given to us as a precious heritage, purchased with blood, suffering, and tears.

It may have been those women who stood behind the muzzles of the Revolutionary War cannon, and serviced them, when their men were shot down. It may have been your great-grandfather or grandmother, who trudged beside a Conestoga wagon across the prairies with a Bible under one arm, and a rifle under the other.

These rights were purchased at the Battle of the Marne in World War I; our men fought for them at Bastogne, during World War II; at the Chosen Reservoir in Korea in 1951 and during the Tet offensive in Vietnam. (We did not fight for them in Desert Storm, or now in Bosnia).

Today, if you want to see the direction our government officials are taking, get a copy of State Department Book Publication 7277, titled: **FREEDOM FROM WAR** (The United States Program for General and Complete Disarmament). As you read this, you will understand why our Armed Forces now serve under United Nations Control, and why it is impossible for us to fight a war in defense of America, without U.N. approval.

What is the best way for our enemies to bring about "complete and general disarmament"? Common sense dictates that it must begin through individual gun control and confiscation of firearms in the hands of those who may be willing to use them against a "rogue government".

It always begins with "gun registration", followed by "gun confiscation", as surely as day follows night. Don't ever let the gun control folks tell you differently!

This is what folks like Sarah Brady, and President Clinton seek. Even the liberals who take little interest in the subject, recognize this!

I have before me, as I write, an Editorial from the Tyler, Texas **TELEGRAPH**, for Sept. 21, 1996, which takes a realistic look at "gun control", as taken from a recent article in the liberal Los Angeles Examiner. After stating that he did not own a gun, and did not like hunting, this writer from a major California newspaper said: "In spite of this, I am unequivocally opposed to additional gun laws". Quoting from his column titled **THE BRADY GUN LAW IS RIDICULOUS**, Donald G. Smith, states that he does not belong to the National Rifle Association. He goes on to say: "There are anti-gun activists crisscrossing the country at every hour, day and night, spewing forth the erroneous message that new gun laws are needed to cut down on crime.

"They won't! It is a matter of record that New York City, and the District of Columbia have the toughest gun laws in the nation. Yet a person is more apt to be

mowed down in either of these enclaves than in any other political sub-division in the world.

"This should tell the anti-gun activists something, but apparently it hasn't registered. It is notable that the 1994 Brady Gun Law, for all its waiting period, all its background checks and noble intentions, has had no effect on crime whatsoever. It represents only a lot of huffing and puffing for no apparent reason.

"The crux of all this anti-gun activity lies in the inexplicable mind set of the American liberal, which deals with any problem by

- (1) appropriating money;
- (2) by forming a committee, or;
- (3) by passing a new law.

"In the case of guns, the liberal has chosen the latter option and believes that by passing more laws (notice closely now) all guns will disappear, along with all gun related problems.

"What they choose to overlook is the obvious reality that criminals don't give beans about the law, which is why they are criminals in the first place. Waiting periods and background checks serve little purpose because they only apply to people who normally keep the law.

"The anti-gun activists seem to be unaware that guns do not wear out, spoil, or disintegrate. A turn-of-the-century vintage Springfield rifle, or a Colt handgun, if properly maintained, is as fine a weapon now, as when it was manufactured.

"If no guns were manufactured anywhere on earth, effective immediately, we would still have enough firearms on hand to supply the criminal population for the next millennium.

"The answer to the problem, which those with a left leaning tilt refuse to face, is to focus their energies on the users, not on their weapons. We have enough gun laws now, so the obvious answer is to go after the people who violate these laws. Anyone who uses a gun in the commission of a crime, should receive an automatic life sentence. The problem lies not with the weapon, but with the person who shoots or threatens someone else.

"Anyone with half a brain cell working, can be taught to make a lethal weapon out of a piece of pipe in about fifteen minutes. Of course, this activity is illegal, but that means nothing to the criminal. We can stop the criminal in his tracks, by cracking down on him, rather on the tools he uses: "Maybe if we could get judges to use existing laws, we would see a reduction in crime." (UNQ.)

Undoubtedly there will be screams from the liberals, who will say: "What about the poor fellow who steals from a grocery store to get food for his hungry family. Should he be put away for life?" Yes, if he is armed when he commits the crime. He is saying by his actions in being armed, "I am going to take away your property and if you try and stop me, I'll kill you if necessary". It's as though he had already done this!

How unfortunate it is, to see good, often Christian people, as they compromise with evil and evil men and are willing to give up their "God given rights" for a little momentary security. Few of these are willing to look into the future and see the results of their cowardice, to their children or grandchildren.

After extensive travel and speaking before thousands of people across America, for the past thirty years, my opinion of the average American is pretty low. I have found that the majority, if you give them a comfortable home to live in, three square meals a day, a nice car to drive, a TV set, and a six pack of beer, they will sit comfortably before the "boob tube", and let the country "go to hell," without a whimper! How very sad to see our nation drop to this level!

These are aided by the "faint-hearts" in our Judeo-Christian churches, especially those who stand behind their pulpits, who point trembling fingers at gun owners and say: "Isn't it terrible, so many Americans killed by guns every year. Wouldn't you be willing to give up your gun, if it would save a life?" Yet these same "fools", refuse to look at historical records, which show that in nations which have been disarmed by their own government, for their "own good, no doubt," they have been murdered by the hundreds of millions, including millions who go by the name of Christian.

When was the last time your preacher told you about the millions of Christians who have been murdered by Judeo-Communism? Has he ever! I'd be willing to wager most of them love to harp on the so-called Jewish Holocaust of World War II!

If the time ever comes, when decent Americans are willing to assume the status of slaves on the Global Plantation of International Zionism, then there is nothing that can save them from their stupidity. Slavery, my friends, will be the consequences of moral cowardice!

It would be well for our people to remember that every country which has been taken over by Communism with the cooperation of it's politicians, educators and pastors, traitors all, have taught their people: "It's better to be Red than dead!" and in all these countries, they and their families have been the first to be liquidated!

A few years ago, after President Nixon returned from his pilgrimage to Moscow, he suddenly dropped all references to the "evil Empire" which has been the proper

term for the Communist countries. Suddenly he told Gorbachev: "We are now your friends!"

Was President Nixon so lacking in intelligence, that he could not understand, that a Christian nation cannot compromise with atheistic, God hating nations such as the Communist countries, and, yes, the Israelis, and come out in the "driver's seat"?

Has our national leadership become so immoral and lacking in plain old fashioned "guts", that we cannot see that Socialism, Communism and Zionism come from the same "rotten barrel", and are all "brainchildren" of International Zionism which has murdered millions of our Christian brethren?

While we have been told by the media that Communism is dead, a little study will show that they merely cleverly changed their name, while their idea of world conquest is still alive and well in the Zionist World Movement, as taught in their religious book the Babylonian Talmud. Socialism creeps in quietly through the ballot box. It seduces its people into believing that guns and gun owners are evil and that Big Government will protect them, when in reality it is their worst enemy. It is like a man with cancer. He may live comfortably for years, until one day, he wakes up with unbearable pain and his doctor tells him: "It's too late! If you had come to me six months ago, I might have stopped it. Now you have six months to live!", and he sends him home to die in agony.

History proves over and over again that you cannot compromise with evil, and come out in the "driver's seat", either as a nation or an individual. It always destroys you in the end. We have 6,000 years of written history to prove this. Yet as the great Athenian philosopher said: "Men are blind as stone, and deaf as mud", to this truth!

I remember hearing a story of two lady school teachers who were on their vacation in the Middle West, when they stopped at a large city Zoo. To their amazement they found a cage containing a huge, fierce, black maned African lion and a little lamb. They asked a zookeeper: "Sir, how do you get the lion and Iamb to get along so peacefully?" To which he smiled and replied: "It's easy, ladies. All we have to do is replace the Iamb every two or three days". This is always the result of "detente" with the enemy.

Have our national leaders been so "brain washed" in liberal detergent, (which is a mind washing solution made up of an ounce of fact dissolved in a gallon of hogwash), that they refuse to see the danger we face? When their leaders speak words to the effect: "We will make the Christians believe we want to be their friends. We will do this through the biggest peace offensive the world has ever seen, and the Christians, stupid and decadent, will leap at the chance to be our friends. They will be willing to cooperate in their own destruction. Then when their guard is down, and they have gone to sleep, we will smash them with our clenched fist".

(This thought came from Dmitri Manualisky, in 1949, when he was Under-Secretary of Military and Political Affairs in the United Nations).

It echoes the statement of Gus Hall (Hallberg) the perennial head of the Communist Party, U.S.A. when he said: "I will live to see the day when the last congressman is strangled with the guts of the last preacher. The Christians love blood so much, they are always singing about it. We will give them all the blood they can stand, as we cut the throats of their children, and drag them across the altar rails of their churches. May the parents drown in the blood of their own children". This is the enemy we face so blithely, and with such little Christian concern!!

When Gorbachev visited America a few years ago, according to their official newspaper, **PRAVDA**, on his return he told the Russian people: "I went to America and diddle President Reagan and the American people and we have them where we want them now". Then came the apparent collapse, and what appeared to be the "break up" of the Communist Empire. Yet with enough guided missiles in their armory to destroy the Free World, and still under control of men who hate Christian America, we have been "force fed" the information that they are no longer a danger to the Free World. Yet every one of these "breakaway" nations are governed by "hardnosed Communist Jews", who hate the West. They are now rearming with aggressive weapons, three times faster than we are. In the past five years we have not built a nuclear sub, while they are producing two per quarter, all superior to what we have now. While we have not floated a nuclear carrier in five years, they are building two per year. They do not build these aggressive weapons unless they intend to use them. Yet gullible Americans, led by the compromisers in Washington, D.C., are spending billions each year to support these enemies and keep them economically strong. We have done it since World War II. While spending billions in defense against this so-called enemy, on at least fourteen major occasions, when they were on the verge of economic collapse, our leaders set them up again, using our tax dollars.

Have we been deliberately duped by the enemy? or do we have **TRAITORS** in Washington, D.C.?

Over 100 years ago, Supreme Court Justice was quoted as saying: "If the people frame a Constitution, the rulers must obey it. Neither rulers nor functionaries . . . have the right to cripple or destroy it, because according to their view, it is inconvenient, or unwise". Yet this has been done, and the Supreme Court which should be it's guardian, has been foremost in destroying it!

In "Le cresspoole Grande", sometimes called Washington, D.C., many of our leaders have become traitors to the real concept of Americanism and refuse to follow the ideals laid down by our Founding Fathers. They follow the concept: "When treason prospers, none dare call it treason!"

Unfortunately, many of our government servants have found means of making **TREASON** profitable, as they have done, and are doing business with our enemies, both in Vietnam and China.

A few years ago, when a highly decorated Vietnam veteran turned in information to Washington implicating high ranking officials in the dope trade, he was told to "keep your mouth shut!" When he refused, he came under government persecution. I had the same thing happen to me in Korea, when I turned over State Department documents which came into my possession after Ambassador Muccio left Korea and I was sent to search the State Department building in Seoul. I sent these to Sen. William Knowland, (R-CA) who was head of the Armed Forces Committee. He told me later than when he insisted that an investigation be brought against Ambassador Muccio, liberal Democrats in the Senate began a campaign of harassment which drove him from the Senate. You can imagine what happened to me, when high officials found that a mere First Lieutenant had gone above their heads and "jumped the chain of command".

Today, in the Armed Forces, as in the rest of the government, it is not "What is right!" But what is expedient! Do what your superiors tell you to do, and no questions asked! The very thing we prosecuted German soldiers for doing in World War II. I can no longer, in clear conscience advise a young man to enter the military, as he will no doubt be putting his life in jeopardy for the United Nations, and could very possibly be expected to harass his own people. It sickens me to see where young men have to be promised a college education to enter the service. There was a time when Americans did this for love of country and American principles!! We were making \$21.00 a month in those days, when we put our life on the line!

The twin bulwarks of civilization have always been "individual responsibility", coupled with "individual freedom!" The two go hand in hand. If men are to remain free, they must be willing to protect **ALL** freedoms, not just those which appeal to them.

If for instance you believe in "freedom of speech", and you should, but have little use for firearms; if you allow the government the right to take away my Second Amendment rights, it will only be a matter of time until they take away your First Amendment rights. It has always been thus! The reason for this should be obvious. All our freedoms are so closely tied together and woven into the fabric of our well being, that if you destroy one, you begin a deterioration process which will destroy all of them.

The very opening words of the Declaration of Independence proves that our Founding Fathers understood this when they said: "Prudence, indeed, will dictate that governments long established should not be changed for light and translucent reasons; accordingly, all experience shows that mankind are more disposed to suffer

while evils are sufferable, than to right themselves by abolishing forms to which they are accustomed." (**NOTICE CAREFULLY NOW!**) "But when a long train of abuses and usurpations, pursuing invariably the same end, evince the design to reduce them under absolute despotism; **IT IS THEIR RIGHT; NAY, IT IS THEIR DUTY**, to throw off such a government, and provide new safeguards for their future security".

This was the basis on which the War for Independence was fought! We are very close to this same "stage of despotism" with the Clinton Administration now!

It was for this principle of freedom that men and women have died and are even today being imprisoned. Men like Gordon Kahl, who are regarded as criminals by the alien government in Washington, but who in reality were Christian Patriots who loved their country and were willing to speak out for our rights, even when they knew they would be censored and persecuted!

If Patrick Henry had been alive in 1997, he would have been referred to by the controlled media as a "seditionist, a hate monger, an anti-America!" For surely, on the basis of his stand in an earlier day, he would take a stand against the **DICTATORSHIP** which is being formed in our Nation's Capitol.

Benjamin Franklin would be labeled as an "anti-Semitic, hate monger" for "spilling the beans" about the part played by International Zionism in this **TREASON!**

It was a patriot who stood before that First Continental Congress, as they trembled in indecision. John Hancock had given a stirring speech counseling loyalty to the King. At this, John Adams, rose, and pointing his finger at Hancock, he spoke these words which have come ringing down to us through the corridors of history: "Is life so dear, and peace so sweet, as to be purchased at the price of chains and slavery? Forbid it, Almighty God! I know not what course others may take, but as for me, 'Give me liberty or give me death'!" He sat down to thunderous applause, and the Declaration of Independence was signed without a dissenting vote.

Yet today, we see signs of an internal decay, which can only lead to defeat and slavery. Millions of Americans are now beginning to remember Adam's words, and more will as the noose tightens around our throats! The question is, will we do anything to stop it?

This same spirit caused Davy Crockett of Tennessee, to march over a thousand torturous miles, with a band of frontiersmen to a place in Texas called the Alamo in 1836, to fight beside the Texans in a hopeless fight against overwhelming odds! When he arrived, they asked him: "Davy, why did you come here? This is not your fight!:" and he replied: "we have made it our fight!" Why? Because he knew that if freedom died in Texas, it would only be a matter of time until it died in Tennessee. This is a principle we better learn to recognize, if we wish to survive!

If the bureaucratic monstrosity we call our government can murder a patriot's wife and son in Idaho, and over 80 men, women and children in Waco, Texas, on a pretense of wrong doing, then they can do the same thing to you, if you have the courage to stand up to them and say "**NO**"!

If parents can be jailed in Missouri, for refusing to send their children to a government run school, where they will be taught the false religion of Secular Humanism instead of love and obedience to God, if these parents can be sent to prison for standing up for their rights, then it can happen to you in Florida, or New York.

A man many admired during World War II, once said: "If you will not fight when you can easily win without bloodshed (and this most American Christians, by their actions refuse to do); if you will not fight when your victory will be sure and not too costly; you may arrive at a moment when you will have to fight with all odds against you, and you have only a precarious chance of survival". I wish this message could be trumpeted from the pulpit of every church in America. We are now in this precarious position, which is the major reason we **MUST NOT GIVE UP OUR GUNS** at any cost!

I have before me as I write, a law which was approved by the State Legislature of Oklahoma and signed by it's governor on May 11, 1990. It went into effect on January 1, 1991. It requires all citizens to present to the tax assessor, on a yearly basis, a detailed inventory of all personal property, including jewelry, guns, and personal items, etc. If the tax payer refuses to do this, the tax assessor is authorized to obtain a search warrant and go into a private home and make the inventory himself. In fact the law specifically states: "At least once, every four years, the assessor **MUST** inspect all real property in the State". This did not take place in some communist "gulag", but in the conservative state of Oklahoma. I have no idea if it is being carried out. But if such a draconian law can be passed in Oklahoma, it can be passed in your state, unless you take steps to stop it. The old saying is still true: "All that is necessary for evil to succeed, is for good men and women to do nothing!"

This is something that Christians need to learn, before they have their right to worship God, taken from them. Lawmaking is headed in this direction!

If we could get Christians to spend half as much time fighting against evil, as they do in in-fighting among themselves over some point of doctrine, we could win this war! We need to remember the words of Benjamin Franklin when he told the Continental Congress: "Gentlemen, the time has come, when we will either hang together, or we will hang separately!"

Tyranny is never stopped by appeasement! You can't "plea bargain with tyranny". It needs men and women with "enough fire in their souls, to raise a little smoke once

in a while". We must either learn to work and fight together, or face a horrible end in some Zionist concentration camp. This is their plan!

I have now finished my introduction, and I hope have laid the foundation to discuss **FIREARMS AND FREEDOM - Gun Control Always Means People Control!**

I am going to approach this important subject from a different angle than most, since I will not use many statistics. I have noticed that most folks forget figures as soon as they leave a meeting. I have also noted that the saying is true: "While figures never lie; liars are often clever in using twisted figures to prove their point".

A prime example took place a few years ago during a Congressional hearing on Gun Control, held by liberal Senator Birch Bayh from Indiana. His star witness was Sen. Ted Kennedy, the "hero of Chappiquiddy". Mr. Kennedy testified under oath, that 32,900 Americans had been killed the preceding year by guns in the hands of civilians, and that since 1900, over 750,000 Americans had been slaughtered by civilian gun fire, more than in all the wars this nation has ever fought.

These are impressive figures and are even more interesting when we see how he came up with them: He took the FBI statistics for people who had died in the preceding year by gun shot wounds, including murder, manslaughter, suicide and accidents, and lumped them under "gun killings". Then because these cities represented approximately half the national population, he merely doubled them. One does not have to be very brilliant to see where these would not be accurate, for we know that urban areas have a much higher death rate from gunshot wounds than rural areas.

No one was able to figure where "Teddy Boy" came up with the 750,000 killed since 1900, since records on gun deaths have only been kept on a national level since 1932.

Listen to his closing argument: "The force of argument against guns is simply a fresh corpse every day. How far must deaths from civilian gunfire go, before the public decides against guns? A disarmament pact is needed among American civilians, which will stem the flow of blood caused by guns in the hands of Americans".

One does not have to be brilliant to understand that Senator Kennedy was deliberately making a misleading statement in which he was attempting to ascribe all gun deaths to law abiding citizens. This is simply an outright lie! The percentage of gun deaths at the hands of law abiding Americans is extremely low and when we take a close look at the Senator's statement, we can see that he doesn't "lie any better than he swims".

The last FBI Uniform Crime Report I have is ten years old. It was made in 1987. With over 200-million firearms in the hands of American civilians, less than .015% were ever used in the commission of a crime. 99.85% were not so used. Only .002% of the long guns (rifles and shotguns) and less than .018% of the handguns were ever used in committing a crime. These official figures should give you a pretty good clue as to who the culprits are, and it's not the law abiding citizen against whom the gun laws are aimed.

The Jewish controlled media has been especially obnoxious in putting out deliberate misinformation. It comes to the public through big name broadcasters like Peter Jennings, Sam Donaldson, Dan Rather, and others. It comes through the Zionist controlled newspapers and magazines. They have been lying to us for over ten years. They have told us that 80% of the American people are in favor of gun laws, when experiences in liberal states such as California and Massachusetts, have seen the people rejecting them, often by a heavy margin.

When the California Chairman of A.P.R.A. (American Pistol and Rifle Association) wrote to the networks requesting the source of their information, he was referred to the New York Times, which is probably one of the most prejudiced anti-gun sources in the country.

Gun control has been a "hot issue" and is bound to get hotter. For total control of our people by the New World Order, cannot take place, as long as 100-million Americans are armed and ready to defend their God given rights.

As a result, the "mattoids" in our government, and those above them who hand down the orders have been working on a long range plan which will eventually disarm civilians if it is successful. When this happens, "goodbye to freedom, and welcome to the Zionist Global Slave Plantation". For this reason alone, we **MUST NOT ALLOW ANYONE TO TAKE OUR GUNS, FOR ANY REASON!**

As I mentioned earlier, if anyone, criminal, or government official tries to illegally enter your home or business, without, in the case of the government official, a legal warrant signed, not by some BATF or IRS official, but by a judge of competent jurisdiction, you have the right to treat them like a common criminal. The government agent may be more dangerous than the criminal.

Common decency demands that the law **MUST** always protect the law abiding against the criminal. Unfortunately, in modern American, this is not always the case. Let me give you a few examples of how it has been used against the law abiding, rather than the criminal. There are many such:

1 - A man from Kenosha, Wisconsin moved to Chicago over a weekend. Since state offices were closed, he was unable to register his firearms, as the law read. On Sunday, he apprehended four men who were attempting to break into his

apartment, and held them at gun point until the police arrived. They arrested him along with the four burglars and held them in the same cell in the city jail over the weekend. On Monday a judge fined the four burglars \$500.00 each and suspended the fines. The innocent victim was fined \$500.00 and six months in jail, because he had apprehended the criminals with an unregistered firearm. This was a blatant miscarriage of justice as anyone can see.

2 - A Chicago man who struggled with a burglar who broke into his home with a knife, shot and killed him. The judge cleared him of the shooting, then turned around and sentenced him to six months in prison for doing it with an unregistered gun. Again a plain mockery of justice!

Retired Phoenix, Arizona police officer Jack McLamb, one of the most highly decorated men on the force, now retired and Editor of **AID AND ABET**, a bulletin put out specifically for policeman, put his finger on the problem when he wrote: "It is an indisputable fact that at one time in America, we operated our government solely on the principle that if something was morally wrong (in government), we never committed such acts to accomplish a desired end even for good.

"If we did commit such acts, we knew we were no different from the common criminals we had taken an oath of office to defeat.

"Today, this is not the case. Over and over again there are cases brought to our attention which show us that when our present day officials are faced with the possibility of not being able to accomplish their worthy goals by obeying the law, they have chosen rather, to accomplish their goals by violating the law, and the rights of the people, if these stand in their way. When they are caught, they always cry, 'We did it for the people! It was for the good of the people we did the illegal acts'".

The Communist and World Zionist leaders believe the same thing. Their motto is "the end justifies the means", even if they must run "rough shod" over the rights of the people and murder millions of them. This is why the largest Jewish newspaper in America, **THE AMERICAN HEBREW** from New York City, in 1919 was able to say of the Bolshevik Revolution in Russia: "The ideals of Judaism!" (These are not my words, but come "straight from the horse's mouth!"). As a result of this kind of thinking, promoted in their holy book of Babylonian Talmud, which states that all "goyim", (a Yiddish term of contempt, meaning "non-Jew" animal", have no rights and are on earth to be slaves to the Jews. In one place it states: "When Messiah comes, (the Jewish State), every Jew will have 2,000 goyim slaves". This is your Zionist New World Order in operation). They are the one's who want to disarm you!

As a result of this type of thinking, government officials who are under their control, and a majority in America now fit this description, will murder, terrorize, cheat, lie and steal, as long as it promotes their pet goals.

Mr. McLamb went on to point out: "Our nation's founding documents and our present laws created a system which is directly opposed to the Communist (Zionist - Mohr) system. We have a moral code which tells our people that certain acts must never be committed, no matter how desirable the final goal may be ... But today, we have some within our government system that pay allegiance to the alien idea that the 'end justifies the means'. Sadly, we police officers can attest to this". (unq.)

Any anti-gun gunner who professes to believe that Gun Registration will not lead to Gun Confiscation, is either a "fool", or an "outright liar", for the two always go hand in hand! The official who says: "All we want is your cheap Saturday Night Special, to keep it out of the hands of the criminals", knows they are shooting to disarm all law abiding citizens, since most gun crimes are not committed by cheap handguns.

It is unfortunate indeed, that so many decent, patriotic gun-owners, have become so "brainwashed" in liberal "mind detergent" (which is made up of an "ounce of fact, dissolved in a gallon of hogwash"), that they refuse to see how Orwellian Newspeak has effected their thinking. Many say: "What's wrong with registration of guns when all the government is trying to do is stop crime? We're law abiding folks; they know we have no intention of using them against the government".

I have been an avid pistol shooter most of my adult life. I have absolutely no use for some cheap, pot-metal pistol, which may explode when fired. But I also have enough intelligence to know that if we allow the government to register and confiscate a \$79.95 Saturday Night Special, it will only be a matter of time until they try and do the same thing with our Smith and Wesson Combat Masterpiece, which cost over \$500.00. That's how bureaucratic government works.

Now let's look at another angle of the problem which confronts us. At first glance it may not seem to tie in with Gun Control, but it does. There is a real possibility of a food crisis in this country in the near future. For the first time since the National Emergency of World War II, our national reserve food supply has dropped below the thirty day level. A few years ago, we had enough food stored for ten years. Then the "big hearted" liberals in government, like Ted Kennedy began to give it away, often to our enemies. After all, as a Christian nation, we couldn't let people go hungry, now could we? That would be immoral! Today, if there was an emergency, the shelves of the Super-Markets would be emptied in a few hours, as most of them have no more than five days food supply on hand. Some of you long range thinking folks, have prepared for such an emergency by storing food. The majority haven't! What would happen if the government declared food rationing, as it did during World War II? We can expect them to confiscate food, just as they will firearms, if we let them get by with it, and it will be a crime to have more than two weeks supply of food on hand. The only way government officials can safely confiscate your food, is to first disarm you. Gun control always comes before a government monstrosity can control it's people. It's also very possible, that you will have to protect your stored food, against hungry hordes who didn't have sense to prepare!

You can't do this if they take away your firearms! **WE MUST NOT LET THEM DISARM US, FOR ANY REASON!**

Many of you will fight before you give up the food to feed your family, and you should, for your freedom and your life will be at stake.

The last vital warning we will have that the New World Order is preparing for takeover, will come when a concerted effort is made to disarm us. This has happened in every modern nation which has regressed into dictatorship!

As far back as 1968, almost thirty years ago, the Director of the National Task Force for the Control of Firearms was asked why most Americans were suspicious of their motives. He honestly replied: "Because they know we are out to get their guns!"

One of the best examples of how this happened on a national basis can be found in a book titled **NOT A SHOT WAS FIRED!** written by Jan Kosak, a member of the Secretariat of the Communist Party in Czechoslovakia. He tells how the communists were able to take over control of that country, without firing a shot, by using a process which has been described as "creeping gradualism!" It is disarmament of the people through gradual planned steps.

I'm sure most of you have heard the illustration of the frog. You can catch most any kind of frog and put him in a pan of cold water on the stove, and he will sit there without moving. Then turn the unit on to low heat, and he will sit there and cook to death, since the temperature change is so gradual. This is what has been happening in this country and Canada, until today, even good patriotic gun owners have been fooled by government objectives.

One thing Christians in particular need to remember is that government bureaucracies, especially the type we now see practicing it's socialism, hates Christianity with a special virulent hatred. For in the end, they **KNOW** it will be Christian Patriots who will throw a "monkey wrench" into their plans for a One World Government.

There is a reason for government hatred of Christians and that has been true since the First Century Christian church disrupted the corrupt government of the Roman Empire. The Christian Patriot, is one of the few individuals with "guts" enough to expose the ulterior motives of the New World Order, and it's Zionist leaders. Since our political leaders, and many church leaders are closely tied in with this unsavory crew, they are heading in a path which can only lead their people into slavery. As a result, Christian Patriots have always been hated and persecuted by bureaucrats. It is the God given task, for those who love the King, to do this. This was what He meant when He said: "Occupy until I come!" You can't do that, hiding in a comfortable spiritual foxhole, waiting for Him to rapture you out of the mess which

was caused by your Christian apathy! The enemy of mankind seek absolute control over the souls and bodies of mankind, while the Christian Patriots seek the absolute freedom which comes only through the Kingship of Jesus Christ!

The answer as to why they seek control should be obvious to any thinking person. These "pseudo-liberals" like to think of their moral values as the "ethic of the future!" These are the fellows you will find hanging around the Student Unions of our big universities, with their strings of impressive degrees, as they attempt, many times successfully, to inculcate in our sons and daughters, a heathen philosophy which intimates that "God is dead!" and that all that matters is "doing your own thing!" These are aided by the **TRAITORS** who stand behind the pulpits of many of our Judeo-Christian churches, calling for "detente" with the enemies of God.

I saw this hypocrisy in action a few years ago, when I was lecturing on "Abortion" at Ohio State University, Columbus.

During the Question and Answer Period following the lecture, a strikingly beautiful co-ed asked: "If we can't have abortions and contraceptives, how will we control the population explosion?" When I asked her if she had ever heard of "Self-control?" you would have thought from the audience reaction that I had slapped her face. Here were close to a thousand young men and women, about ready to step into life, who had been so "brainwashed" by their college professors, that they believed they were "victims of their environment", and had no choice to make in life. Later, I found that this young lady was the head of an organization to protect baby seals in Newfoundland. Can't you see the hypocrisy involved here! Protect "baby seals", but no problem with murdering unborn human babies for the convenience of their mammas! No wonder this country is headed for hell!

These are the same type of folks who are so upset when someone is killed by a handgun, but show little or no concern for the millions who have been murdered by dictatorial governments, after they have first been disarmed!

These hypocrites are smart enough to know that out there somewhere in America, are strong, morally healthy Americans, men and women who see through their hypocrisy and are willing to expose it. These patriots are armed, and ready to use their weapons if necessary, to preserve their freedom. This is something their sick souls can't understand, and it "scares the hell out of them!" If this evaluation is not true, then explain, if you can, why they resort to lying, one-sided picture painting of gun owners and Patriots?

A few years ago, the Jewish owned and controlled national ladies magazine, **THE LADIES HOME JOURNAL**, pictured all American hunters as: "beer swilling, blood-thirsty, uneducated slobs". The **REPORTER** Magazine, another Jew owned "rag", in 1977 made this amazing statement: "Every year thousands of right-wing extremists join the **NRA** (National Rifle Association) to obtain guns, ammunition,

and surplus military weapons such as machine guns, bombs, flame throwers, bazookas, and aerial bombs, which are given to the **NRA** from Army surplus". Let me say that if you believe this "horse hockey", you are a candidate for the State "funny farm"!

The communist strategy for disarming a free people before takeover was set forth by Nicolai Lenin, when he said: "A system of licensing and registration of firearms, is the perfect device to deny gun ownership to the bourgeoisie". (Middle class!)

Yet in spite of these warnings, coming straight from the enemy themselves, there are millions of gullible Americans, a high percentage who consider themselves to be Christian, who seem to feel that if all the tiger hunters in the world were to hang up their guns, the big cats would turn into vegetarians overnight.

But anyone who has any intimate knowledge of these "man eaters", knows that "a tiger will always remain a tiger. His claws, his fangs, and his appetite for fresh blood and meat, is as much a part of his tiger nature, as his beautiful stripes. When you live in an area where man eating tigers are on the loose, sensible people go armed".

This is also true when evil men are on the loose and when they show by their actions in government that they are more dangerous than common criminals. (Can you name any time in our history, when a street gang has murdered as many citizens as our government did at Waco, Texas?)

A well-known historian, years ago, recognized this danger from big government, when he wrote: "The liberties which are most apt to remain, are those which are the most jealously and carefully guarded by their holders". Nothing can guarantee freedom, unless we are willing to guard it!

It is not pleasant to tell Americans that we have been "sold out", by our political and religious leaders, who have taken this nation to the verge of extinction as a free people. Many realize this, without the courage to openly admit it!

It literally makes me sick to think of the evil which has been perpetrated against our people by our own government, and the absolute treachery of some of our leaders, who for gain and popularity are willing to "sell their souls to the devil". But this is not at all new in history. In Isaiah 56:10,11, written about 710 B.C. we read these words directed at the leaders of Israel. They are most appropriate for our political and religious leaders in 1997: "His watchmen are blind: they are all ignorant (of God's will for America), they are all dumb dogs, they cannot bark, (a watchdog that cannot or will not bark when danger approaches is useless); sleeping, lying down, loving to slumber. Yea, they are greedy dogs, which can never have enough, (always looking for a handout from some political lobby like the Israelis)

and they are shepherds (leaders) that cannot understand; they look to their own way (doing their own thing), every one to his gain .. ." (political bribes of any kind!)

It is difficult for me to understand the moral regression which has taken place in our nation's capitol within my lifetime. But the truth remains, whether we want to admit it or not.

The problems we face in Canada and the United States, are the same as those faced by our Israel people since Jacob became their hereditary father about 1804 B.C. There are problems similar to those which have destroyed 23 great civilizations which have gone before us. These have left their bones to bleach on the sands of history, as they have been destroyed from within, by moral and spiritual subversion, long before the barbarians swarmed over their walls or battered down their gates. Today we look for scapegoats to blame, and come up with the **JEWS** and the **ALIENS**. While both of these groups have added immeasurably to America's woes, they are not the **CAUSE** of our problems. They are the **EFFECT** of our **DISOBEDIENCE** to God. (For confirmation on this, I suggest you read Deuteronomy 28).

When free people, especially those who dare to go by the name of Christian, like those in Canada and the United States, refuse to accept their responsibilities before God, they lose their freedoms and become slaves. It is the natural aftermath of apathy! Yet today, the average Christian in this country and Canada refuses to face up to the fact that both of our nations are in critical states, because of our refusal to take a stand on issues dealing with freedom and righteousness.

To deny that we are ensnared in a hideous complex, never ending, ever widening economic crisis, is to close our eyes to a hideous reality. Yet today, we see the strange and perplexing sight of our governments, especially that of the United States, as it borrows money, from the International Jewish bankers, at high interest rates, so that we can give it away in Foreign Aid, often to nations who "hate our guts".

While this is going on, our own military veterans, men who have put their life on the line for their country, are being given the run around by a government which for the most part has lost interest in them.

Today, American farms and small businesses are being driven into bankruptcy by the thousands, because they cannot handle the ungodly interest rates charged by the International banking vultures. But once enemy nations, such as Red China, which a few short years ago was murdering American servicemen, are now being given special preferential treatment in loans, and Foreign Aid. No wonder that Harry Hopkins, the side-kick of President Harry Truman told him: "Tax! and tax! spend and spend! the damn fools out there are too stupid to know what's happening to them!" The spending policies of our Congress remind me of King Rehoboam, as

recorded in 1 Kings 12. When the Israel leaders went to him and requested a lowering of his father Solomon's taxes, he took the advice of the liberals and told them: "My father made your yoke heavy and I will add to your yoke: my father also chastised you with whips, but I will chastise you with scorpions". Today our Congress says "We will balance the budget", when they know it's impossible as long as the Jew run Federal Reserve controls our economy, so instead of lowering taxes, each Administration, Republican or Democrat makes them higher.

We have been told from our pulpits, and from TV evangelists like Jack Van Impe and the LaLonde brothers on Trinity Broadcasting System, that we **MUST** support the "bastard state of the Israelis", in Palestine or run the risk of God's displeasure. Yet these are the one's who "spit when His name is mentioned, and call Him an "illegitimate bastard". And we support their evil deeds. (See 2 John 10, 11). When in God's name will we wake up?

We see massive unemployment as American jobs are sent overseas under a **NATF** treaty, so that super-rich men can get richer paying slave wages. We see over 12-million American children going to bed hungry every night, while our legislators attempt to "feed the world".

We see immigration out of control, with over 12-million illegal immigrants flocking into this country, many times for the "freebies" they can get, while American troops, instead of protecting our borders, as they should be doing, are sent overseas to fight for the United Nations in such places as Bosnia and Somalia.

We see over 25-million people on welfare rolls, many who are able bodied, but who refuse to work, and who threaten violence and riots if they do not get "fed at the public trough". We see a stock market that has risen spectacularly to over 6000 points, but which could go broke overnight, while our Federal and State governments are "drowning in a sea of red ink".

We see terrorism looming larger and larger, as our bankrupt Foreign policy has earned us the hatred of millions of people who used to be our staunch friends. Now we see officials admitting that there is a real danger from a terrorist attack using chemical and/or biological agents which could leave millions of our people dead and crippled for life, yet while they spend billions to protect the elite in Washington, D.C. they are doing nothing to protect their own citizens.

Imagine, if you can, what would happen in this country if the Social Security, Welfare and Government checks were suddenly cut off. We would see bloody rioting on our streets within a week, as men tried to feed their families and we would very likely see the United Nations troops which are already here with their equipment, used to control our people. In fact, I am convinced that is why they are here!

Since 1983, highly trained Russian Sepenatz troops have moved freely in this country, and at that time, the F.B.I. said that they knew the names and addresses of over 100,000 Communist agents who were plotting the overthrow of this country. But we could not move against them, because they had made no overt move against us. (This is like a man threatening to kill your wife and children, while you are forced to sit idly by and wait for him to make the attempt!)

Yet, in the face of the greatest, most serious threat to our freedom, there are so-called intelligent people, many who go by the name of Christian, who want to disarm our law abiding citizens leaving them helpless before the enemy, whether this enemy is our government or some foreign United Nations aggressor.

But more and more concerned Americans, as they travel America's highways, are standing on their 2nd Amendment rights, and their motto, like mine is: "I'd rather be tried by twelve, than buried by six!"

One reason for confusion in the minds of our citizens, is that they seldom take time to study history. If they did, they would soon notice that the "denial of the right of self-defense" always accompanies the abrogation of other rights. There are many examples of this.

The F.B.I. rightly identifies "violent crime", as "murder, forcible rape, and aggravated assault". These are the crimes where the criminal is most apt to be armed. (Unfortunately, the F.B.I. does not list crimes of violence perpetrated by the government against the people).

Statistics tend to prove that stricter gun laws have little effect on the commission of crimes committed with firearms. Take for instance the Sullivan Gun Law of New York State, which is said to be the strictest in the nation. Yet violent crime in New York City runs about 142 per 100,000 population, when in little Vermont, just to the north, with one of the most lenient gun laws in the country, it is less than 45 per 100,000.

Of course the liberals are quick to point out the environmental differences between Vermont and New York City. But that is not the reason. The reason can be found in the Vermont Gun Law, which simply states: "You may not purchase a firearm for an illegal purpose. But if you use one in the commission of a crime, there is an automatic five years added to your sentence, and no judge or 'plea bargaining' Prosecuting Attorney can change it".

In New York City, with the much tougher law, only 14 out of every 100 criminals apprehended (caught in the act) in the commission of an armed crime, ever see the inside of a jail, while in Vermont, with a very liberal gun law, very few get away with an armed crime.

This is the only thing which has proven to cut down on crime. When decent citizens are hampered by the law which was designed to protect them, then you have the foundation of a Police State.

Bible justice was very simple and direct. Under it, there was no need for expensive prisons. A proven murderer, rapist, kidnapper, or child molester was put to death, quickly! On the testimony of two or three witnesses. If the witness was found to have lied, he suffered the fate of the man he had condemned, so there were very few false accusations made.

If you stole from someone, you paid them back at the rate of twice what you stole, and if what you stole had to do with their livelihood, you paid then five times its value. You lived at home with your family and paid a stipulated sum from your pay check. If you were a "hardhead" who refused to do this, you were executed. In this way crime was kept to a minimum in Israel, as long as God's law was obeyed.

But Biblical justice has been perverted in America, as we have been "sucked into the Babylonian System of government, (which includes control of our economy), until today, justice has become a "by-word" with many. I will only give one example of this, which has stuck in my mind over the years.

In 1975, the State of Massachusetts passed what was called the **CRIMINAL REFORM ACT OF 1975**, or more popularly **THE PROWLER BILL**. This criminal tainted bill said in essence that a citizen "may not use force against a criminal who is committing a crime, if there is a way for them to retreat".

A young mother of two little children was confronted by a drunk man who forced his way into her home at knife point. She retreated into the basement with her babies, and as the drunk came down the cellar steps, cursing and threatening, she picked up an old single shot .22 caliber rifle in the basement and fired one shot which killed him. The judge who tried her case, sentenced her to 14 years in prison, stating that she could have retreated out the basement window with her children and she did not! My personal opinion is that this judge should be run out of town on a rail, and then hung from the closest lamp post, as a warning to others who may think of perverting justice!

I know most of the arguments used by the anti-gun crowd, but have never heard any of them who were foolish enough to claim that they had seen a rifle climb off a wall rack and shoot anyone, or a pistol climb out of a dresser drawer to kill an intruder. There was always a human finger on the trigger, so why blame the inanimate object?

In spite of the loud and rude sounds made by the "anti-gun crowd", only a tiny fraction of gun killings are done by law abiding persons. Even in family squabbles. Police statistics prove this. When family members shoot each other, overwhelmingly

they are a criminal element in the first place. The average decent American just does not do such things.

Yet the thinking of Americans has become so "twisted", that even among many who call themselves Christian, they will back an AD like I saw in the San Francisco Examiner a few years ago. The Judeo Christian churches in the city ran a full page AD, saying: "Be a Christian! Bring your gun to church Sunday and turn it in for scrap!" (I think they were going to use this scrap to make a statute' of the Dr. Martin Luther King, Jr., patron saint of the liberals).

It was interesting to note that only eight guns showed up city wide. I sort of liked this Ad, for I believe that any man who would be stupid enough to turn in his gun like that, is too lacking in intelligence, to safely keep it in his home!

Just as current laws against drugs and drug pushers have been a failure, so have laws against the use of guns. While drugs have created many crime problems, especially in our big cities, the liberals prefer to target guns. Have you ever wondered, especially after the government fiasco at Waco, why our government does not take action against the thousands of armed criminals and their gangs in places like Los Angeles, Chicago, and New York City? Frankly, I believe they are afraid to. So they pick on individuals, such as the Weaver's, or on some unpopular group like those at Waco. Then proudly tell us how they are merely trying to protect us against these "extremists". What in the world could be more extreme than the city gangs, like those who roam the big city streets unhindered?

I believe Satan knew he could never conquer "true Christians" through force. Especially as long as they were willing to follow God's Law. He knows scripture too, and **KNOWS** the promise God made to "True Israel", not a heathen people we call Jews today. It can be found in Isaiah 54:17 - "No weapon that is formed against thee shall prosper... This is the heritage of the servants of the Lord, and their righteousness is of Me, saith the Lord".

So the enemy, knowing that **OBEDIENCE** was prerequisite of this promise, set out to conquer us through smooth words and promises which are given to us by our politicians, educators, and in many cases Christian pastors. These men and women have prostituted themselves to the heathen philosophy of Secular Humanism, which is actually Talmudism in disguise. It has reached the point, where as Isaiah stated, our people, many times Christians, say to their leaders: "Prophecy (tell) not unto us right things; speak unto us smooth things, prophecy (tell) deceits (falsehoods). Get you out of the way, turn aside out of the path (of righteousness), cause the Holy One of Israel, Yahweh God, to cease from before us."

The enemy has been so successful in getting Christians to disobey God, that they have been able to change our Constitutional Law, under God, into Admiralty Law, under the ungodly United Nations. This is why in every courtroom, and official

government office in the United States, the American flag bears a gold fringe. This indicates acceptance of Admiralty (United Nations) Law. It is why, in many courtrooms of the nation, if you bring up the Constitution in your argument, the Judge is apt to say: "If you mention the Constitution in this courtroom again, I will hold you in contempt of court".

Today the people of this country, especially White Christians are in a "snare and a trap". The Bible foretold that this dilemma would happen if we forgot God's Law. Yet in many Judeo Christian churches in the land, Christians are being told by their pastors "God did away with the Law at Calvary. You are now saved by grace and have no need of the Law. Yet both our King Jesus, and the Apostle Paul said emphatically: "NO! GOD FORBID!" In Matthew 5:17,18 our Lord said in essence: "I did not come to destroy the Law and the prophets but to make it perfect, and not the smallest part of the law shall pass away, until all has been fulfilled". The Apostle Paul went on to confirm this in Romans 3:31, where he emphatically tells us that while we are not "saved" by keeping the Law: "Do we make void (invalid) the Law through faith; God forbid! may, we establish the Law".

Then as though to put a final seal of approval on the validity of the Law, the Apostle John in 1 John 3:4 tells us: "Whosoever committeth sin, transgresseth also the Law; for **SIN** is **TRANSGRESSION** (breaking) of the **LAW**". If there is no **LAW**, as our preachers say, then there can be no **SIN**, and the very idea of this is ridiculous, since we see sin on all sides.

In Joshua 23:13, our forefathers were ordered to go into Canaan and drive out the wicked inhabitants of the land, so that they would not contaminate God's people. God said, "If you don't do this, they shall be snares and traps unto you, and scourges in your sides, and thorns in your eyes . ." result: "The stranger that is within thee shall get up above thee very high; and thou shalt come down very low". (Vs. 44) ~ he shall be the head, and thou shalt be the tail". This has happened in America, where we are now under Zionist control, when you see the letters **ZOG** (Zionist Occupation Government) don't laugh, for it has become a reality! As a result, instead of being governed by God's Law, we are controlled by heathen laws which harass and destroy our people

Our first President, George Washington, knowing the importance of the 2nd Amendment in keeping this alien influence from taking control, said: "Firearms stand next in importance to the Constitution itself. They are the American people's liberty teeth and keystone to their independence . . . from the hour the Pilgrims landed, to the present day (and on to 1997, I might add - Mohr), events, occurrences, and tendencies prove that to ensure peace, security and happiness, the rifle and the pistol, are equally indispensable . . . The very atmosphere of firearms anywhere and everywhere restrains evil interference. They deserve a place of honor with all that's good."

If America is to be spared the horror which has infected 2/3rds of the world, it will be because American men and women, Christian in character, say to government: "You have gone far enough down the road to the New World Order! We will not allow you to go further".

Some say that our government has gone too far to be changed and that the enemy has become too strong to buck. Their plaintive cry is: "You can't buck City Hall!" Have you people slipped so far and become so soft, that we cannot recall with pride our first President George Washington, as he shepherded his men through that brutal winter of 1777-78 at Valley Forge?

The Tories in Washington said: "George, give up! You can't buck the finest army in the world, with that rag tag, starving, motley crew of yours". Yet he got up from his knees in the snows of Valley Forge, to put "feet under his prayers", and lead his starving, ragged troops across the frozen Delaware, to a magnificent victory at Trenton, which was the turning point of the war. Or have you forgotten the heroes of the Alamo, who stood against hopeless odds, in the defense of freedom.

I will never be able to forget the heroes of the Battle of the Bulge, in Germany during World War II, where surrounded and outnumbered, the American commander replied with one word: "**NUTS!**" to the German offer of surrender. Or the Marines at Chosen Reservoir in that brutal winter of 1950-51 in Korea. Cut off from all help, outnumbered thirty to one, Gen. Chesty Puller called his men together and told them: "Men, we have the enemy where we want them now, we can shoot in every direction". And the Marines came out with flags flying, bringing their dead and wounded with them! These were the men who epitomized the true spirit of America! This was the spirit, which with God's help made us a free nation and has kept us free for over 200 years. Are we to give this up, for a little temporary safety, before the International Slave State engulfs us?

Our freedom was not "bought and paid for at Valley Forge", that was merely the down payment on the account of freedom. Every generation must be willing to "pay on the account", if they are to remain free!

We will not lose our freedom sometime when at 3:00 a.m. we answer the door to a man with an automatic rifle, who says: "Come with me to the Concentration Camp!" We will lose it when we see things happening in our local schools, churches, and government, and sit back saying: "I'm only one man or woman, there's nothing I can do!" If enough of us feel that way, American freedom will die. We will take her to the cemetery and bury her, and over her grave erect a headstone with this epitaph:
AMERICA DIED BECAUSE THE CHRISTIAN PEOPLE IN AMERICA DIDN'T WANT TO BE BOTHERED!

Mark my words, it will begin with Gun Registration, followed by disarming us!

We can win this war for freedom, with the help of God, if we are willing to accept individual responsibility as Christians, for our freedom.

If you are too busy to become involved, at least get out of the way and don't become stumbling blocks to those of us who care and mean to do something to defend your rights!

The enemy are sure they will win, because they have been assured by our actions that the people of Canada and the United States are so inherently lazy, apathetic, and immorally insecure, "decadent they call it", that we don't care what happens,! Do you fit into this category? If you do, expect to become a slave!

We do not need a majority to win, for down through history, one man with God has often been a majority! Did you **KNOW** that we have a **FORMULA FOR SURVIVAL** which will work, if it is applied? We **KNOW** it will, for God gave it to us. It is found in 2 Chronicles 7:14 - "If My people, which are called by My name (Christian), will **HUMBLE** themselves, and **PRAY**, and **SEEK** My face, and **TURN** from their wicked ways; then will I hear from heaven, and will **FORGIVE** their sins, and will **HEAL** their land". My how the folks in the Judeo Christian churches of the land love to quote this verse. The problem is that the majority of them, including their pastors, do not want to stop "doing their own thing", to **OBEY!** How can we even put this into effect when our church leaders say "Christians no longer need God's Law!" It is fatal thinking which will eventually destroy us, unless we wake up and learn the truth. The **MOST** important thing our White Christian people **MUST** learn if we are to **SURVIVE**, is that **OBEEDIENCE TO GOD MUST COME BEFORE WE CAN HAVE VICTORY!**

ADDENDUM!

Here is some last minute news concerning the Gun control situation in the United States. (This came in before the November, 1995 election and may change rapidly if Mr. Clinton gets elected!)

In **THE SPOTLIGHT WEEKLY NEWSPAPER** for July 25, and August 22,1994, American gun owners were shocked by a survey that revealed that slightly more than one out of four U.S. Marines on active duty, expressed a willingness to shoot Americans who resisted Federal efforts to take away their firearms.

Further news surfaced in 1996 which indicates this survey was also given to Army, Air Force, Air National Guard, Coast Guard and other military personnel. Your sons and daughters in the military are being "brainwashed" into subservience to a United Nations entity, rather than in loyalty to this country. It is being done very

subtly. The Navy claims this survey was given by a Lt. Commander working on his Master's Degree. He was writing about the United States giving up it's sovereignty to the United Nations. However, this thesis was printed in bulk and disseminated to other services.

While the Pentagon claims this survey was only made to a Marine Group at 29 Palms, California, reports are coming in from across the nation that it is being given, not only to the U.S. military, but to Federal Police Agencies.

This survey is Dept. of Defense, DD Form 3208 (rev/96). All editions close with this scenario: "The United States government declares a ban on the possession, sale, transportation, and transfer of all approved firearms. A thirty day amnesty period is established for these firearms to be turned over to local authorities. At the end of this period, a number of irregular (militia) citizen groups and defiant individuals refuse to turn over their firearms to authority.

"Consider the following statement: 'I would fire upon United States citizens who refuse or resist confiscation of firearms banned by the Federal Government'".

Five blanks are left for the servicemen to check his position:

____ STRONGLY DISAGREE;

____ DISAGREE;

____ AGREE;

____ STRONGLY AGREE;

____ NO OPINION!

In the case of the Marines who were given the survey in 1994, 26.34% said they would be willing to fire on United States citizens if ordered to do so.

In response to another question asked in this same survey. 85.33% of the Marines said that they would willingly participate in a military mission under a United Nations Police Force! Where are all the Michael New's in our Armed Forces?

Could it be possible, that under the agenda of the New World Order, being pushed by men like President Clinton, our United States military is being changed from a "defender of the people, into being their suppressor?" Think seriously about this!

It appears that as quietly as possible, the combat training of our military is being shifted from "defense against foreign invasion", to "suppression of internal disorders

within the United States", caused by our government violation of America's Bill of Rights.

Military men in training, instead of attacking pseudo-enemy forces in the desert as we did during World War II maneuvers, are now being trained, with foreign troops, in specially prepared villages, training in "house to house, search and seizure tactics". This was at one time considered Police work, outside the role of the military. It is still against the law, even though Janet Reno, our U.S. Attorney General, and President Clinton approved of it's use during the Waco massacre.

The One World **TRAITORS** in our government and the United Nations cannot make us their slaves, as they have openly declared their intention of doing, as long as our people are armed and ready to resist.

The following was taken from **THE JUBILEE NEWSPAPER**, Sept./Oct. 1996 titled **THE SECOND AMENDMENT TAKES ANOTHER HIT!**

October 2, 1996 - Congress sent President Clinton several gun control provisions as part of an omnibus spending bill. The President signed this late at night, after both Houses of Congress overwhelmingly passed it. (Senate 84-15; House 370-37).

It appears that we have few Patriots in that "sewer on the Potomac", we call our nations' capitol. Maybe this is why a high ranking member of the Israeli government could boastingly and openly say: "We (Jews) have the best Congress money can buy!"

Here is a brief summary of what they passed. **ROADBLOCK GUN BAN** (Sec. 657), of the Treasury portion of HR 3610: known as the **KOHL AMENDMENT**, this sets up thousands of "gun ban zones" across state roads, where local, state police and the BATF are authorized to arrest any unsuspecting driver who has a firearm in their vehicle and is within 1,000 feet of any school. The maximum penalty is ten years in prison.

This new law re-enacts the "School Gun Ban Law", which was ruled unconstitutional by the United States Supreme Court last year (U.S. vs. Lopez).

This provision creates a "gun-zone ban", nearly a half-mile in diameter around every school in the country.

Anyone without a "pistol carry license", driving through this zone with an unloaded firearm, that was not in a locked container, faces the maximum prison sentence of ten years. This will even apply to off duty policemen. (What good is a pistol in a locked container if an emergency arises for its use?)

Another strange quirk of this law comes because of the way "school" is defined in Title 18 of the U.S. Code. This bill could outlaw possession of firearms by parents who are "home schooling" their kids. For anyone living within 1,000 feet of a school, any hunting trip would violate this ban, as you could not even carry an unloaded shotgun to your parked car, unless it was first approved by school officials.

This is just another way your tax dollars are being used to take away your rights.

Sec. 658 of the Treasury-Postal Bill HR 3610, threatens to disarm the women it is supposed to protect. This provision will impose a "life-time gun ban" on anyone who has been convicted of using, or attempting to use "physical force", in any domestic situation. This term, "use of force", is another Orwellian "newspeak" to cover both men and women who get into a little domestic spat between spouses, roommates, lovers, etc. This evidently was the purpose of the wording of the bill. The "use of, or attempted use of force", would not only effect women like the First Lady, who has been accused of throwing lamps at the President, but could also effect parents who "spank their children" when they are disobedient. (Another violation of a Biblical commandment to parents which is bearing "rotten fruit" throughout the nation).

Under the provision of this law, if you spanked your children for any reason, you could forfeit your Constitutional Right of ever owning a firearm.

Can't you see how the chains which are slowly binding us into slavery are surely and slowly being forged by the One World adherents? Many in our own government!

Opposition to this very restrictive and dangerous bill, came for the most part from Republican freshmen in Congress, who have not yet been "seduced" into climbing on the Congressional "gravy train".

Everything but the "kitchen sink" has been put into this bill. They even threw in a study on the possibility of placing "taggarts" into ammunition, so that the powder could be chemically traced back to it's source.

It gives the BATF a pay increase of almost \$100-million for 1997; \$16-million in the regular budget plus an additional \$66-million for anti-terrorist activities. Here again Orwellian "newspeak" comes into play, as the "terrorists" they contemplate harassing, are the people who fifty years ago had the great honor of being called Christian Patriots. Today, under liberal thinking, brought about through the media, education and many times in the church, the "people who love God, their race, their nation, and their family, who own firearms and are willing to use them to defend their God given rights", are held up as "hatemongering, anti-Semitic, NeoNazi terrorists" who are a danger to all decent citizens and **MUST** be controlled!

Who says so? The Jew controlled media, the educators, and often the Zionist controlled church! All are **TRAITORS** to the Christian American principle, and seek to destroy it!

Also cleverly placed in HR 3610, is a provision aimed at threatening the privacy of gun owners. The funding in this provision will force telephone companies to "retro" (change the design) of existing telephone equipment to facilitate the ability of the government to wiretap it's citizens. This could require builders to place microphones in the walls of private homes and apartments, so some government "snoop" could listen in on your conversation, twenty-four hours a day. Don't laugh! It is well on it's way to completion, with the approval of the men and women you have sent to Congress.

Use this information to confront your legislators who have turned traitor to our Bill of Rights. Don't let them get by with some bureaucratic answer such as the typical: "We appreciate your interest and want you to know we are looking out for your welfare".

A few years ago, when I happen to be in a position to find out that Russian troops and their equipment were flooding into Mexico, and were being strategically stationed within fifty miles of our border. I wrote several Senators and Representatives about this. One Senator referred this to the State Department, and an Under Secretary from Latin American Affairs, wrote me a rather nauseating letter stating in effect: "You can trust your State Department to look after the safety of Americans in the Western Hemisphere". Knowing something about the repeated **TREASON** of the State Department through unpleasant first hand experience, I was not at all impressed with the answer.

Most of our legislators never hear from us and when they do not, they believe they are getting by with their sometimes treasonous activities.

We **MUST** let them know, in no-uncertain, yet Christian terms, that "We the People" will hold them accountable for their legislative actions, and that a **DAY OF RECKONING** will come!

Then we **MUST** keep in mind two things: First, that **ETERNAL VIGILANCE IS THE PRICE WE MUST PAY FOR OUR FREEDOM**, and Second that **OBEDIENCE TO GOD MUST COME BEFORE WE CAN HAVE VICTORY!** When we act on these two things, then, and then alone will America return to the place of greatness and safety she deserves!
