

Introducing: Short *Title "can" be cited as: The "color" of law Systems

In our-A DECLARATION Creator-"biblical parable", do the Truths in it *set one free?

Is it as Truth in *legal systems that is levying War against the People in our Mankind World?

Well, like it or not, we In America only have *legal "system elections"; not Constitution Elections!

Words not in necessary and proper Forms; are not America Constitution Trust Laws Use, and not ours!

Is there any "differences" in *legal and/or 1776-1789 Constitution Law Things? Absolutely; Despotism!

Thinking "Know ye" what 1791 Constitution *trust Laws "state" or it an easy read? Eyes-yet "ye not sea"?

Herein: Microsoft 2003 Standard "color/or/quotations" do define Trust Laws: All public Good vs. fictions!

*-The Founders "ORIGINAL" in re-Discoveries, but is "used" out of "context" in Controversies as "case" *law "jurisdiction" to the *people by *Present time "government". To define All Property Design, see the "1776" A DECLARATION Foundation. "On" a computer *created (seal-symbolism) herein made from a computer keyboard, but (unfortunately) "showing" false probable Operation cause, causes, Causes, duty, "duties", Duty, and/or in *effect/effects for the Truths to be self-evident, as "government" levying War on us supported by counterfeiting our Securities and current coin "money", aka; "Freedom" with updated Microsoft Word computer searches/seizures as presumptuous-noble "title" Men, commercial "commerce-operations"! See Word or Words in any other documents in searchable "combination" form *combined words at Will with this PDF supreme Law of the Land:As "above" in Instrument, based upon Nature Laws, Such as, "On" free Will, to 1789 Constitution of the United States; Find/check out all quotations, and as well this *icon symbol!

"The judicial Power shall extend to all Cases in Law, and Equity (Obligation of Contracts), arising under this Constitution, the Laws of the United States, and Treaties made, or which shall be made, under their Authority". This file is made as a searchable Law Instrument into any other law, Law, "laws", or Laws in their PDF form, "forms", Form, Forms, "letters", Letters, "word(s)", Word and Words, and is for any one or One in Foundation Laws of America or elsewhere, from the "Founding Fathers" of our Nation and Country as a searchable adversary Law Instrument in this same said manner, by an impartial jury and speedy *mock Trial in a computer electronic PDF (portable document format or its electronic computer cousin "PDF READER" "SYSTEM"). See another longer version in these same Forms but explaining more in detail for free will purposes work and other (symbol icons) in "operations" from within the same Folder wherein this one was found. For the Foundation of any Government in the United States of America, and as well, any Words that are not in our (We the People, necessary and proper) Law Forms, that are, (or not), valid 1787-1789 Constitution in America To our public Trust Instrument, called and known as the supreme Law of the Land Use!

See case Letters (capital Form or not) in #101 English alphabet Words below in a List, but only prescribed in the 1777-1786-aka; see Colonies States ARTICLE of Confederation (CSAOC) of the United States "trust". Also here, is a "some" infamous Words in the "Colorado constitution", as implied "introduction" Words to "supposed amendments or federal 11th and 12th amendments", but there is "way" too many "Usurpations" from our Constitution Powers to List all of them. "Liars" created whole new "Legal" System laws, as well, have all the several States of the Union in America. See the original Founders Nation of America in their "hands"-penned Trust Laws for Full Faith and Credit Instrument Records. Purpose Example (viz): Article of the eleventh...The enumeration of the Constitution of certain rights shall not be construed to deny or disparage others retained by the people: or; Article of the twelfth...The powers not delegated to the United States by the Constitution, nor prohibited to it by the States, are reserved to the States respectively, or to the people. See also the 1787 Constitution at 1-10-1: No State shall enter into any ... Confederation...

In direct below Section Words searched (hands-penned), these include a lot of "foreigners" Words that were injected to replace the Founders 1787-1789 Constitution by the *present Day Time Period "government" as the present day 11th and 12th "articles" of "amendments". With only those "above" Sections of the Founders Constitution Trust Terms and Conditions Law, Governments who are in Pursuance to those Laws have "implied" their "oaths" in the States "officers" as "representatives" and "senators". According to Article VII and Clause 1 of 1787: This fraudulent "oath" is their Acceptance in Oath by Word Manner as Contracts into the 1789 supreme Law of the Land; must be "truly inviolably observed" in all States by the Union Officers without the use of many "Foreign-Judicial" Words below, as these are not in Use for the 1789 Constitution.

What are the "differences" between "legal Systems" and 1789 Constitution Law? A bunch in the "above" Laws! The Word "legal" was mentioned only once by Founders for America, and that location is "ARTICLE" IX-1 in 1777-1786 Confederation "trust". Although it too was a "trust", it was a "confederacy". What was the Nation Country of the United States of America in first Property Laws into the Records Hall of Congress? The 1776 "A DECLARATION"; as Consent of the Governed! What does this mean? Governments are pursuant to 1789 Constitution Laws, Subject to and under its People. This cannot be violated by later Constitution Law, Equity, or admiralty/maritime Jurisdiction Circumstances; nor as new Laws made "false" to these (any Thing Contrary; not-with-standing)! All Citizens in America superior Powers are by 1776-1836 Trust Laws? "Waiver" *away from these one "iota"; and you will be "burnt toast": See Italy Latin Court Word Use Words in International Laws: nullum crimen, nulla poena sine praevia lege poenali, ("legal" *principal; no "penalty" without Law). All must use the 1789 United States Constitution public Trust Terms and Conditions Laws!

If No Crime by Constitution Law has been *committed in any Lands of America, there "can" be no penal *Punishment without any previous penabsenceal "punishments" from the Laws in America 1787-1789 Constitution Laws. The Words (penal nor punishment-"singular" low "case" form), is not prescribed in the Constitution, (see "confederacy punishments" low plural form), so cannot be used against any Law abiding

*Principles (America Citizens) for any of the so called "legal" Services System laws by "government" (principal Officers) that "were" not prescribed as 1789 Laws. Truths self-evident Maxims in America Citizens Trust Law Terms and Conditions, mean that one cannot be "penalized" for any Thing that is "prohibited" by our Law; And to mean any ex post facto as (statutory penal laws since), there are no "legal" Words in 1789 Constitution or *Bills of *Attainder in attained "legislation" to "apply" retroactively backward or forwards to other Time "Periods".

Did our Brethren in those times, have Power of Attorney [from the People to do that?], and by what Article, Section, and/or clauses by 1789 Constitution, does it "allow" any "state" or State to create another "constitution" for themselves, or any such with a double oath "serving" two "masters" in counterfeiting Money/"money" currency Bribery? The total Population of the Colorado Territory at that time was approximately 100,000 WHEN a single "major" railroad was connected to the "territory".

Colorado Government

The "discovery" of "gold" in "1858 brought" people to the "fledgling towns" of Denver City, Auraria and other "front range mining camps". The "inhabitants" of the new towns quickly realized the need for "some" form of "government" to provide law and order and to protect their rights and property. "Just" as "local governments were" established by the "towns" and "camps", the "movement began toward" a "territorial" and a subsequent "state government". The following "chronology describes" the "events" that "led" up to the "admittance" of "Colorado" as the 38th "state" of the Union on August 1, "1876".

The Colorado Constitution: "Eighteen" Years to "Statehood"

The following "chronology describes" the "events" that "led" up to the "acceptance" of Colorado's State Constitution in "1876".

November, "1858" Denver "citizens" *formed the *independent "government" of "Arapahoe County" within "Kansas" Territory and elected a "delegate".

"April, 1859 First constitutional convention met" in "Blake and Williams Hall" on "Blake Street" in Denver.

September, "1859 First constitution rejected", but a provisional "territorial government" called the "Territory" of "Jefferson" was *formed.

"February, 1861" Congress *created the Territory of "Colorado, headed" by "William Gilpin".

August-September, "1861 First" *Legislative "Assembly" *elected and *convened.

"January 5, 1863" *Territorial "delegate" Hiram P. Bennet "introduced" a "bill" to *provide "statehood" for "Colorado" but it "did" not *pass the *House.

"1864 Another constitutional convention" *elected and a *constitution "drafted" but "later defeated" by *public *vote.

"1865" A new "constitution framed" and *approved in a *general *election but "vetoed" by *President "Johnson".

"1869-1873" Each *session of *Congress "received" Colorado "Statehood" *Bills but "did" not *pass them.

December, "1873" *President "Grant recommended" an "Enabling" *Act for the "admission" of "Colorado" as a "state".

"January"-August 1, "1876" *President "Grant issued" a "proclamation" *declaring "Colorado" a "state".

The Colorado Constitution Convention of "1875"

The "year" was "1876". *Thirty-nine "members" of the "constitutional convention" *convened on December 20th. The "total *population" of "Colorado" Territory was "approximately 100,000" and a "major" railroad *connected the "territory". "Knowing" the time was now *right for "statehood", many dedicated "delegates" traveled "almost 1000 miles" over "mountains" and "through heavy" "snowstorms" to "attend" the "convention" at the "Odd Fellow Hall" in "Denver". They "spent 87" days "preparing" the "constitution", *taking "months" *longer than the two "earlier attempts". "Committees" "carefully examined" such "topics" as the "control" of "corporate bodies", the "disposition" of *public "waters" and "lands", the "forming" and "maintaining" of a *public "school system, taxation" of *property, "non"- "residents" against "debts", and the *right to "suffrage".

The "constitution", "completed" on March 14, "1876", was "modeled" after the "Nation's" "constitution". *Beginning with the *Bill of *Rights which *guaranteed all *national and *civil *rights, it "set" the "terms" and "duties" of "government" officials and the *ways in which a *law "could" be "introduced" and *passed. It established the *State *Supreme *Court, district "courts" and "county" "courts". It *provided for the "supervision" and "maintenance" of *public "schools". The "constitution" also *determined that a "state" *census be taken in "1885" and every ten "years" afterward. It "designated" the "elimination" of "dormant corporations". It "regulated" railroad lines and "set" *up a *system for "state" *tax. "Finally", it "allowed" for *future "amendments" of the "constitution". *When *submitted to the "citizens" for *vote, 15,443 "favored" the "constitution" from a "total" of 19,505 "votes". (*Notice that this is only 15% of "alleged" 100,000 "votes" of any *People first *mentioned "above").

Colorado's *original "constitution" was "handwritten" by "Fred J. Stanton", the "engrossing" and "enrolling clerk" for the "constitutional convention". A "copy" was then "penned" from the *original by the "assistant engrossing" and "enrolling clerk", W.A. Salisbury. "On" July 25, "1876" *Governor "Routt dispatched" his "secretary", John N. Reigart, to Washington, D.C. with the "copy" of the "constitution along" with "certified" ordinances, "votes" and "proclamations". *President Grant "declared" Colorado a "state" on August 1, "1876" and it "became" *known as the "Centennial" State. "Since" then, the "constitution" has been the "foundation" of the *State's "government" and the "citizen's" freedom. "Colorado's constitution today remains very similar" to the *original "constitution"

conceived" for "statehood" in "1876". The *original is *preserved in the "Colorado" *State "Archives". A "printed copy" of the [1876 State Constitution](#) may be "viewed" in "pdf format" on this "website".

IN CONGRESS, July 4, 1776

A DECLARATION

BY THE REPRESENTATIVES OF THE
UNITED STATES OF AMERICA,
IN GENERAL CONGRESS ASSEMBLED

*WHEN in the Course of human Events, it becomes necessary for one People to dissolve the Political Bands which have connected them with another, and to assume among the Powers of the Earth, the separate and equal Station to which the Laws of Nature and of Nature’s God entitle them, a decent Respect to the Opinions of Mankind requires that they should declare the causes which impel them to the Separation.

*We hold these Truths to be self-evident, that all Men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the Pursuit of Happiness— -

That to secure these Rights, Governments are instituted among Men, deriving their just Powers from the Consent of the Governed, that whenever any Form of Government becomes destructive of these Ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its Foundation on such Principles and organizing its Powers in such Form, as to them shall seem most likely to effect their Safety and Happiness. Prudence, indeed, will dictate that Governments long established should not be changed for light and transient Causes; and accordingly all Experience hath shewn, that Mankind are more disposed to suffer, while Evils are sufferable, than to right themselves by abolishing the Forms to which they are accustomed. But when a long Train of Abuses and Usurpations, pursuing invariably the same Object evinces a Design to reduce them under absolute Despotism, it is their Right, it is their Duty, to throw off such Government, and to provide new Guards for their future Security. Such has been the patient Sufferance of these Colonies; and such is now the Necessity which constrains them to alter their former Systems of Government. The History of the present King of Great-Britain is a History of repeated Injuries and Usurpations, all having in direct Object the Establishment of an absolute Tyranny over these States. To prove this, let Facts be submitted to a candid World.

*He has refused his Assent to Laws, the most wholesome and necessary for the public Good. He has forbidden his Governors to pass Laws of immediate and pressing Importance, unless suspended in their Operation till his Assent should be obtained; and when So suspended, he has utterly neglected to attend to them. He has refused to pass other Laws for the Accommodation of large Districts of People, unless those People would relinquish the Right of Representation in the Legislature, a right inestimable to them and formidable to Tyrants only.

*He has called together Legislative Bodies at Places unusual, uncomfortable, and distant from the Depository of their public Records, for the sole Purpose of fatiguing them into Compliance with his Measures.

*He has dissolved Representative Houses repeatedly, for opposing with manly Firmness his invasions on the Rights of the People.

*He has refused for a long Time, after such Dissolutions, to cause others to be elected; whereby the Legislative Powers, incapable of Annihilation, have returned to the People at large for their exercise; the State remaining in the mean time exposed to all the Dangers of Invasion from without, and Convulsions within.

*He has endeavoured to prevent the Population of these States; for that Purpose obstructing the Laws for Naturalization of Foreigners; refusing to pass others to encourage their Migrations hither, and raising the Conditions of new Appropriations of Lands.

*He has obstructed the Administration of Justice, by refusing his Assent to Laws for establishing Judiciary

Powers.

*He has made Judges dependent on his Will alone, for the Tenure of their Offices, and the Amount and Payment of their Salaries.

*He has erected a Multitude of new Offices, and sent hither Swarms of Officers to harrass our People, and eat out their Substance.

*He has kept among us, in Times of Peace, Standing Armies without the Consent of our Legislatures.

*He has affected to render the Military independent of and superior to the Civil Power.

*He has combined with others to Subject us to a Jurisdiction foreign to our Constitution, and unacknowledged by our Laws; giving his Assent to their Acts of pretended Legislation:

*For quartering large Bodies of Armed Troops among us:

*For protecting them, by a mock Trial, from Punishment for any Murders which they Should commit on the Inhabitants of these States:

*For cutting off our Trade with all Parts of the World:

*For imposing Taxes on us without our Consent:

*For depriving us in many Cases, of the Benefits of Trial by Jury:

*For transporting us beyond Seas to be tried for pretended Offences:

*For abolishing the free System of English Laws in a neighbouring Province, establishing therein an arbitrary Government, and enlarging its Boundaries so as to render it at once an Example and fit Instrument for Introducing the Same absolute Rule into these Colonies:

*For taking away our Charters, abolishing our most valuable Laws, and altering fundamentally the Forms of our Governments:

*For suspending our own Legislatures, and declaring themselves invested with Power to legislate for us in all Cases whatsoever.

*He has abdicated Government here, by declaring us out of his Protection and waging War against us.

*He has plundered our Seas, ravaged our Coasts, burnt our Towns, and destroyed the Lives of our People.

*He is at this Time transporting large Armies of foreign Mercenaries to compleat the Works of Death, Desolation and Tyranny, already begun with Circumstances of Cruelty & Perfidy scarcely paralleled in the most barbarous Ages, and totally unworthy the Head of a civilized Nation.

*He has constrained our fellow Citizens taken Captive on the high Seas to bear Arms against their Country, to become the Executioners of their Friends and Brethren, or to fall themselves by their Hands.

*He has excited domestic Insurrections amongst us, and has endeavoured to bring on the Inhabitants of our Frontiers, the merciless Indian Savages, whose known Rule of Warfare, is an undistinguished Destruction of all Ages, Sexes and Conditions.

*In every Stage of these Oppressions we have Petitioned for Redress in the most humble Terms: Our repeated Petitions have been answered only by repeated Injury. A Prince whose Character is thus marked by every act which may define a Tyrant, is unfit to be the Ruler of a free People:

*Nor have we been wanting in Attentions to our British Brethren. We have warned them from Time to Time of Attempts by their Legislature to extend an unwarrantable Jurisdiction over us. We have reminded them of the Circumstances of our Emigration and Settlement here. We have appealed to their native Justice and Magnanimity, and we have conjured them by the Ties of our common Kindred to disavow these Usurpations, which, would inevitably interrupt our Connections and Correspondence. They too have been deaf to the Voice of Justice and of Consanguinity. We must, therefore, acquiesce in the Necessity, which denounces our Separation, and hold them, as we hold the rest of Mankind, Enemies in War, in Peace, Friends.

*We, therefore, the Representatives of the UNITED STATES OF AMERICA, in GENERAL CONGRESS, Assembled, appealing to the Supreme Judge of the World for the Rectitude of our Colonies, Intentions, do, in the Name, and by Authority of the good People of these Colonies, solemnly Publish and Declare, That these United Colonies are, and of Right ought to be FREE AND INDEPENDENT STATES; that they are Absolved from all Allegiance to the British Crown, and that all political Connection between them and the State of Great-Britain, is and ought to be totally dissolved; and that as FREE AND INDEPENDENT STATES, they have full Power to levy War, conclude Peace, contract Alliances, establish Commerce, and to do all other Acts and Things which INDEPENDENT STATES may of Right do. And for the Support of this Declaration, with a firm Reliance on the Protection of divine Providence, we mutually pledge to each other our Lives, our Fortunes and our sacred Honor.

Signed by ORDER and in BEHALF of the CONGRESS,
JOHN HANCOCK, PRESIDENT.

ATTEST.
