

This,

this,

or this,

Where would you rather be living?

Welcome to the Lord's Mountain Mover's Homes Listings

One of the main objectives of our ministry is to help those who need a second chance in life. Many human beings have made that bad decision which has ended up with them either being on the streets, in jail, or in prison. They are someone's brother or sister, someone's mother or father, or someone's son or daughter. They may even be a member of your family! When everyone else has given up we want them to know that God hasn't, and neither have those who continue to demonstrate God's love and mercy for all mankind.

We are beginning to network the Christian homes in our area. These homes are providing a safe and caring environment for all types of people, from all walks of life. Our aim is to give them back the dignity that all of us expect and deserve as one of God's creations.

The homes listed on this website have been checked out by our ministry or recommended by those who have. Each home or ministry may have differing rules or guidelines so we encourage you to check them out to see which suits your needs the best. We support the efforts made by these homes, but they remain autonomous ministries unto themselves.

May God guide you in your effort to help others, or get help yourself. We look forward serving you and may our Heavenly Father, who is in the restoration business, bless you as you bless others.

Thank you,

Pastor Pete

In His service
