half inches in length by 18 an a half inches wide with no tile over tile design in it, an no  
rectangular an no square tile design inside the tile length and wide. The bathroom tilett must be  
softer colour so you can see the grease, the dirt, and what must be clean. The right word is tilett  
as it is me tilett an mus have me name which is tilett so it is protect. You mus neva blend the  
small tiles with the right big tiles. The Ban/not man must have their piss commode/urinals to use  
where they live. We do not use toilet. We use the Commode as our body have a come an a  
mode. Where we shit an piss mus have the rite an propa commode for us to use. A few esamples  
of the commode an tilette to use is below.

Ban/man piss commode

Shit piss commode

All commode in public an where you live is private for girl an boy. The shit piss commode in the picture is wrong, as all commode must be burned away with the fan that is built into the commode so none go into the drainage.

This type of big an wide bath is betta to use. Cabinets with plenty of drawers an shelf mus be in your bath room. Do not use window that is low like in this picture. Use window that is above the cabinet counter level where you live. Windows mus neva be made from glass, wood, or plastic. Windows mus neva break an neva can cut out by devels with machine or instruments that you cannot see the cut out.

Big green leaf Coaco that is also call Colocasia Jacks Giant to make windows, clothes, shoes, tires

The Coaco plant leaf above is to use to make windows that you can see through from the inside an not see through from outside, an use for clear see through windows that do not break an not cut out by devels. This leaf is also to use to make metal doors that opens on the outside. Do not use doors made to open on the inside. This plant leaf is also to use to make airplane tire an wheel. That can float on water and can also float on any type of trees. When this plant lea is use the airplanes an air transport can neva crash an no one in the airplane is ever destroy or damage.

All bathroom an kitchen mus have at least two window. Kitchen mus be separate from family room an separate from living room an separate from dining room. Where you live mus neva eva be made with any wood roof, wood floor, wood wall, wood door, wood windows, or small tiles. You mus live in edifisus an edificious/building made with stone, rocks, bricks with the cut out for the steel to go inside an the rite an propa concrete that do not have any synthetic cement an no cyntetic or plastic bricks, or blocks, or wall. If where you live is made of any type of wood, sue the States an do not pay for any suit against them. The court house must give you the money that you is to pay for the suit against the state. You can write the suit against them yourself an if they do not pay you, what you charge them, then you can talk to a Barrister an they can demand the money from them for you. Always copy what you send to the court house so you have your own copy for your record. You can say I charge you two million dollars for the board house I live in. Even if you make the board house, you charge them as no one mus neva eva live in a house an neva eva live in board house. You mus live in what is 6 times bigger than a mansion on a property lot that is neva smaller than one an a half acre.

Do not use any small tile to decorate inside the big tile like in this shower. Your shower and your bath where you live must be separate.

Crocodile, crocodile, crocodile, alligator, alligator, an iguana lizards follow the small tiles and follow the cobble stones they put on roads and in walking areas. The small tiles and cobble stones America makes with the alligator, crocodile, crocodile, crocodile back, and from parts of the iguana lizards in the Mercantile areas of Merk and is shipped through the Panama Canal to America, Europe, Africa, Middle East, the Orient areas, to the Antarticas, the Pacifics, to south and north America and to the West Indies, worldwide, local, domestic, global, an international and that is very very wrong. No one and no others must ever use the small tiles. America also use Mercantile to make the big tiles that we identify above, and Merk use the skin from those reptiles identified above to make the big tiles. You is to use any type of salt to clean the tile so they have a better protect. You can use the bath salt, the cooking salt, the sea salt, the Epsom salt an other salt to clean them. Do not use plastic commode seat anywhere.
