Next Meeting: Tuesday, April 3

7:30 PM @ Aero Club (Bowman Field)

Next FunFly/Swap Meet: April 21, 2018

AMA CHARTER #895

Direct correspondence to: Bruce Whatley, 8202 Cheshire Way, Louisville, KY 40222

March Meeting:

The March meeting was held on March 6 at the Aero Club.

Membership & AMA Renewals

The gate combination was changed on March 10. If you have not renewed your membership for 2018 a \$10 late fee now applies. Midyear discount only applies to "new" members.

If you haven't renewed your AMA, now is the time. Get it done flying season is almost on us. Note some renewals are due during the year, not at the end.

April Fun Fly

The April Fun Fly will also be a field maintenance day. We have plenty of dirt available and will be filling holes in the runway and pit area. Please bring a shovel, rake or other implement of destruction to help with filling, moving or spreading dirt. Work starts at 9:00 AM each worker will receive a ticket for a chance to win one of two drawings for \$50.

Library Plane Show

The library show has been rescheduled for August to coincide with the library's summer reading program. This gives the LFPL time to promote our show along with the reading program. We will need volunteers for the show as well as planes, quads and whatever you have that's RC to display. See Jim Rippy or Gary Esterle if you wish to help or display.

2018 Aviation Heritage Weekend

We will also be doing a booth at the Heritage Weekend at Bowman Field again this year. We will be looking for display planes and volunteers for this event also.

Odds n Ends

>Jerry has vinyl club window decals. Nice and only \$12...

>Jerry has a new order of club caps on the way. Caps are \$12, shirts \$12 to \$16 depending on size. He has some shirts in stock. If you have a special request, contact John Vetter.

>AMA cards must be displayed while flying. There are card sleeves in the file cabinet in the club house.

>May meeting will be the first at the field this year.

>Note we do not send out renewal notices, the postage is too expensive.

>When locking the gate, the chain goes under the gate not over.

What's New

Jim Rippy brought his new X-UAV FPV tail pusher aircraft. It is painted Air Force gray with military markings, cruises for 15 minutes with 3000 mAH battery. Very stable with LemonRX stabilized 7 channel receiver.
