Special Instructions

Please have your baby fed formula within 1 hour before the Bris (and properly burped). A satisfied baby is a happy baby by the Bris. Your child should NOT be nursed within 12 hours prior to the Bris.

Mother and baby should arrive at least 30 minutes before the scheduled time of the Bris.

Very Important, 48 hours before scheduled Bris

Do not soak with, or use ointments, creams or lotions on the Bris area. However, a sponge bath is o.k. Make sure your child is dressed in clothing which may be opened from the bottom and wrap your son in a warm comfortable receiving blanket.
