

GESTATION OF THE MANCHILD

This illustration shows the actual retrograde and 'gestation' period of Jupiter in the 'womb' of Virgo. Before Jupiter becomes retrograde it enters into retrograde zone and starts slowing down. Before it becomes stationary and starts moving into backward direction, it keeps moving into forward direction with retarded speed. Jupiter remains into stationary motion for some moments before it starts moving backward. The time when Jupiter just starts moving backward is noted down in the calculations.

Birth of the Manchild.

As far as Biblical 'signs' go, the actual sign is not the event itself. If something or someone is to be 'birthed', this event is just signaling that the event is perhaps on the horizon and about to occur. However, the actual date and time is very significant as to its source and depiction. Can 1 event signal 2 'birthings' of a prophetic dichotomy? Yes. On one level of possible prophetic meaning, this sign could be related to a completed gestation period of a 'body' associated to Christ's Body. On the other hand, it can also be associated with the 'birthing' of the New World Order and/or its 'Christ' Manchild; in this case the AntiChrist.
