

Phoenix Talent Little League ASAP Plan 2019

Safety Plan and Requirements

- League Safety Officer: Cody Rombach on file with the Little League Headquarters
- 2. PTLL will distribute a paper copy of this Safety Manual to all Managers/ coaches, league Volunteers and the District Administrator

3. <u>Emergency Phone Numb</u>	ers:	911
 Local Police Emergency 		541-535-1253
 Local Fire Emergency 		541-535-4222
 League President 	Erin Parent	541-944-1575
 League Vice President 	Jeanetta Woodside	541-601-3845
 League Secretary 	Jennifer Sousa	541-951-9232
 League Treasurer 	Jeanetta Woodside	541-601-3845
 League Safety Officer 	Cody Rombach	541-840-1846

This list will be posted in the concession and dugout areas

- 4. PTLL will use the official Little League Volunteer Application form to screen all of our volunteers
- 5. Mandatory Fundamentals meeting February 28th, 2019. This meeting is mandatory for any and all volunteers.
- 6. First Aid: Each team will be issued an updated First Aid Kit and is required to have it at every practice/game. A representative from each team who has completed the First Aid training must be present at every practice/game. Proof of First Aid completion is due to the Safety Officer on or before April 1st, 2019.

www.firstaidforfree.com

- Any person volunteering for PTLL MUST complete Concussion Training. Proof
 of Concussion Training is due to the Safety Officer on or before April 1st, 2019
 http://www.cdc.gov/HeadsUp/youthsports/training/index.html
- 8. Coaches will be required to walk/inspect the fields prior to practices and games. Umpires will also be required to walk the fields for hazards before each game
- 9. PTLL has completed and updated our 2019 Facility Survey online
- 10. Concession Stand Procedures
 - The menu shall be posted and approved by the Safety Officer and the League President
 - Enclosed is a copy of the PTLL Concession Stand Safety Procedures which will be posted in the concession stand

- 11. The League Safety Officer will inspect all equipment in the pre-season Managers/Coaches will inspect equipment prior to each game Umpires will be required to inspect equipment prior to each game
- 12. Accident Reporting: PTLL will use the provided incident tracking form from the LL website and will provide completed Accident forms to Safety Officer within 48 hours of the incident. Accident Reporting form is attached
- 13. PTLL will require all teams to enforce all Little League Rules. Including:
 - Proper equipment for catchers
 - No on-deck batters circle
 - Coaches will not warm up pitchers
 - Bases will disengage on all fields
- 14. League Player registration Data or Player Roster Data and Coach/Manager Data will be submitted via the Little League Data Center at www.LittleLeague.org

Concession Stand Tips and Safety

Concession Stand Tips

Requirement 9

12 Steps to Safe and Sanitary Food Service Events: The following information is intended to help you run a healthful concession stand. Following these simple guidelines will help minimize the risk of foodborne illness. This information was provided by District Administrator George Glick, and is excerpted from "Food Safety Hints" by the Fort Wayne-Allen County, Ind., Department of Health.

1. Menn

Keep your mean simple, and keep potentially harmfore frods (meant, eggs, dairy products, protein salads, or fruits and vegesables, etc.) to a minimum.

Avoid using preceded frods or lethorest. Use only foods from approved sources, avoiding foods that have been prepared at home. Complete control over your food, from source to service, is the key to safe, sanhary food service.

2. Cooking

Use a food thermomener to check on cooking and holding temperatures of potentially hazardous fixeds. All potentially hazardous fixeds and the kept at 41° F or below (if cold) or 140° F or above (if hot). Circund basef and ground pork products aboutd to cooked to an internal temperature of 135° F, poultry parts should be cooked to 165° F. Most foodborns illnesses from temporary events can be traced back to bipses in temperature control.

3. Robestia

Rapidly releast potentially hazardous foods to 165° F. Do not attempt to heat foods in crock pots, steam tables, over stemo units or other holding devices.

Slow-cooking mechanisms may activate bacteria and never reach killing temperatures.

4. Cooling and Cold Storage.

Foods that require refrigeration must be cooled to 41° F as quickly as possible and held at that temperature until ready to serve. To cool foods down quickly. use an ice water both (60% ice to 40% water), stirring the product frequently, or place the food in shallow pans no more than 4 inches in death and refrigerate. Pans should not be stored one atop the other and lids should be off or sjar until the food is completely cooled. Check temperature periodically to see if the food is cooling properly. Allowing hazardous foods to remain unrefrigerated for too long has been the number ONE cause of foodborne illness.

Hand Washin

Frequent and thorough hand washing rounding the first line of defense in preventing feedborne disease. The use of disposable gloves can provide an additional barrier to contamination, but they are no substitute for hand washing!

6. Health and Hygiene

Only healthy workers should prepare and serve food. Anyone who shows symptoms of disease (cramps, names, fever, voniting, diarrhea, joundace, etc.) or who has open sores or infected cuts on the hands should not be allowed in the food concession area. Workers should wear clean outer garments and should not smoke in the concession area. The use of hair restraints is recommended to prevent hair suding up in food products.

Food Handling.

Avoid hand contact with raw, readyto-est foods and food contact surfaces. Use an acceptable dispensing utensil to serve food. Touching food with bare hands can transfer germs to food.

8. Dishwashing.

Use disposable mensils for food service. Keep your hands away from food contact surfaces, and never reuse disposable dishware. Which in a four-step process:

- 1. Washing in hot soapy water.
- 2. Rinsing in clean water,
- Chemical or best somitizing; and
 Air drying.
- 7. Juli 0

Ice used to cool cans/bottles should not be used in cup beverages and should be stored separately. Use a scoop to dispense ice; never use the hands. Ice can become consminated with become and viruses and cause foodborne illness.

Wiping Cloths

Rinse and store your wiping cloths in a backet of sunitier (example: I pallon of unites and I/2 sourcess of chlorinsbleach). Change the solution every two hours, Well sunitized work surfaces present cross-contamination and discourage files.

11. Insect Control and Waste.

Ecop foods covered to protect them from insects. Store peshicides away from foods, Place garlage and paper wastes in a ruliuse container with a tight-fitting lid. Dispose of wastewater in en approved method (do not dump it outside). All water used should be potable water from an approved source.

Food Storage and Cleanliness. Keep foods stored off the floor at least

Keep foods stored off the floor at least six inches. After your event is finished, clean the concession area and discard unusable food.

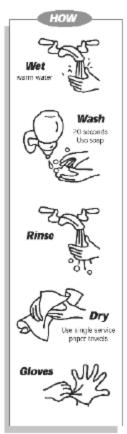

13. Set a Minimum Worker Age.

Largues should set a minimum age for workers or to be in the stand; in many states this is 16 or 18, due to potential hazards with various equipment.

> Safety plans must be postmarked no later than May 1st.

Volunteers Must Wash Hands

Volunteers Must Wash Hands
