PERFORMANCE DELIVERED

8 REASONS WHY A CHURCHILL PLATE IS MORE THAN JUST A PLATE

WE BLEND CENTURIES OF EXPERIENCE WITH CUTTING EDGE TECHNOLOGY AND DESIGN INNOVATION TO PRODUCE ONE OF THE STRONGEST CERAMIC BODIES IN THE WORLD.

Manufactured in the UK, Churchill's tableware is precisely engineered to perform to the demands of the hospitality environment. Every step in the process is practised and refined. From the sourcing of raw materials and unique formulation of the clay body, to

shape engineering and numerous quality checks ensuring that Churchill products work as hard as you do. Top industry chefs choose Churchill over other brands due to the performance, expertise and design of our ceramics adding value to their hospitality operations.

01 PERFORMANCE MATERIALS

02 ENGINEERED SHAPE & FORM

03 VITRIFICATION & FIRING

04 GLAZING

PERFORMANCE MATERIALS

Our unique clay recipe is essential in creating a strong and durable product for the hospitality industry. Our raw materials are selected to deliver the optimum balance of strength and whiteness.

GLAZING

Our glaze is hard wearing and designed specifically for the hospitality environment. The durability is a combination of the glaze recipe, the firing temperature and substrate. Our Eco Glaze is specially formulated to be re-usable, minimising our impact on the environment.

SERVICE & STOCK

At Churchill we are dedicated to reliability, ensuring our product is in stock and delivered on time. We pride ourselves on our stock levels and ability to deliver on time, all around the world.

05 QUALITY & CONFORMANCE

06 DESIGN INNOVATION

07 SERVICE & STOCK

08 HISTORY & HERITAGE

ENGINEERED SHAPE & FORM

Every piece of Churchill's ceramic is designed with performance in mind. Through expert shape engineering, we reinforce strength and durability while continual investment in technology guarantees functionality and consistent quality.

QUALITY & CONFORMANCE

Churchill ceramics are continuously tested and quality checked, from the stage of raw materials, throughout the manufacturing process to the final fired piece.

HISTORY & HERITAGE

Established in 1795, Churchill have been manufacturing ceramics in Stoke on Trent, England for 225 years.

VITRIFICATION & FIRING

100% of Churchill's ceramics are vitrified which is essential to the hospitality industry. Through the process of vitrification, the particle structure of our ceramic body becomes strong, dense and watertight.

DESIGN INNOVATION

Churchill are experts in ceramic design and at the forefront of innovation. Our entire product portfolio is designed in the UK by our experienced and talented design team. We work with chefs from around the world ensuring we understand the needs of our customers.

VINTAGE PRINTS

NEW COLLECTION

Med Tiles

Eclectic Mediterranean Pattern

The Med Tiles design is an impression of the antique Moorish tiles found in the Mediterranean cities of Spain, Portugal and North Africa. Inspired by the vast heritage behind these patterns, the design features a worn and aged look.

Printed in a reactive colour which means that every piece is unique. Ideal for sharing plates and signature dishes, Med Tiles mixes and matches with other Churchill ranges to create an eclectic look.

Nourish

Designed for Global Flavours

NEW COLLECTION

The Nourish collection features a range of bowls and dip pots decorated in artisan style glazes. A comprehensive range, Nourish is the perfect accompaniment to dishes from around the world. The new fresh Oslo Blue reactive glaze is semi matte and decorated all over. Siena Brown features a hand dipped reactive brown outer with a semi matte black inner, while Tokyo Black features the colours inverted; semi matte black on the outside and reactive brown on the inside of the bowl. Siena Brown and Tokyo Black are finished with a rustic edge band.

NEW COLOR & ADDITIONS

Patina

Inspired by Surface Texture

Stonecast Patina is inspired by tones and surface texture created naturally over time, shaped on materials such as metal, stone, leather and wood. Patina is a modern interpretation of the antique sheen effect created by aging. The new is revealed through the old. The nature of the manufacturing process means that each piece will be slightly different, adding to the overall charm of the product. With a range of technical attributes, Stonecast Patina is designed to withstand the rigours of a back of house hospitality environment.

Stonecast®

NEW COLOR & ADDITIONS

Inspired by the seasons

Stonecast is an exciting collection of rustic and hand decorated products inspired by the changing seasons and fresh ingredients. The rustic collection is revived from a design in the Churchill archives, dating back to the days of the James Broadhurst factory. Stonecast is hand decorated and then finished with a fine speckle and rustic edge in a rich golden brown. The nature of the manufacturing process means that every piece will be slightly different, adding to the overall charm of the product.

Introducing Petal Pink as the eleventh color in the Stonecast collection, a statement color ideal for serving desserts, brunches and meat free dishes. Shape additions to Stonecast include walled plates in a selection of existing colors.

Stone

Reactive Texture Through Print

Studio Prints collections are a contemporary take on traditional studio pottery. Stone, a range within the collection, is inspired by the traditional process of hand carving ceramics from natural stone. Manufactured in the UK, Studio Prints inspired designs are achieved with Churchill's innovative print process. The print is positioned directly under the glaze, creating a protective layer over the decoration. Emulating tones and textures of nature, Studio Prints Stone has all the durability and technical reassurance required for the hospitality environment.

NEW COLLECTION

Kintsugi

Interpreting Ceramic Arts

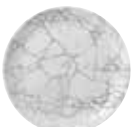

Studio Prints collections are a contemporary take on traditional studio pottery, the new Kintsugi design is a modern interpretation of the Japanese art of repairing broken property. The intricate crackled design features a subtle, reactive texture that makes each piece unique. The design is decorated underglaze, creating a protective layer for added durability.

The Kintsugi design is available in Agate Grey, a subtle and reactive color tone that enhances the delicate pattern.

Chefs' Plates

Innovation in Shape Design

NEW ADDITIONS

Amongst the colored tabletop revolution there is still a place for fresh, contemporary whiteware. Chefs' Plates is a collection of innovative shapes designed to add value to white tableware.

Introducing contemporary walled plates in two new sizes. The design features a modern walled edge and a concentric embossment that is reminiscent of hand thrown pottery. Now available in four versatile sizes that are designed for the elevated food presentation of starters, mains, tasting plates and tapas.
