

---

Shirley Johnson-

I was born in Chicago almost 65 years ago but have made New Mexico my home for most of the past 40 years. My primary sport is Softball; and I have traveled widely to play; attending Nationals in San Francisco, Houston and Cleveland (we took bronze in AA division).

“Numbers” are my passion so when I am not playing softball I LOVE to keep score for any team who can use that help.

I sometimes sit in front of my TV and keep score for games on MLB (especially my Cubbies)... to stay in practice!

Another aspect of my passion for numbers allows me to successfully “run the tournament desk” for Pickleball events.

I love being the NM Senior Sports Foundation Clinic Coordinator because it gives me the opportunity to experience all sorts of sports!

And share those experiences with other seniors who might like to “give it a try”.

Our Archery clinic, for example, rekindled my interest in that sport and I have returned to shooting weekly.

I learned at the Field Events clinic that discus and shot put are NOT for me...but Long Jump. Wow! I liked that a LOT!

Please visit the Clinic section of our website and see what future opportunities are in store!
