

## Our Wedding Planning Services

It's the day you've been dreaming of since you were a little girl and stressing about since he got down on one knee!

I think it's safe to assume that the idea of a planner is at the forefront of every bride's mind. Whether she plans to use one or not, I'm sure there are times when each bride would love to sit back and watch as her planner puts everything perfectly into place. For that reason, we are here to help you.

As owner and event consultant I will provide artistry, ingenuity and expertise to make sure your affair is a One-Of-A-Kind. From Chic to Rustic, Vintage, Outdoor Garden, Winery, Manor and Grand Ballroom or whatever theme defined, I will combine your vision with my experience to provide a unique event making it your very own. My goal is to make sure even the tiniest of details are addressed throughout the planning process and on the day of your event. Whether you need complete or partial wedding planning or just day of coordination we can provide just the right antidote!

At **Kelly Lynn Weddings & Events** we understand that planning a wedding can be a daunting task how difficult it can be to blend & mesh families and friends together without creating drama and stress while planning your event. We will work diligently to minimize stress for our clients. We will take the time to listen to you (and your families) and help you to understand and how to make not only your wedding but your planning as stress-free as possible.

We will begin with an in-depth and in person consultation and we will simply just listen to you and your fiancés wedding day cravings. During our time together we will get an understanding of your event aspirations, learn about your personal style, your family traditions and gain an understanding of your personalities.

Based on your lifestyle and preferences you can decide which level of expert personal service my wedding management services suits your needs the best.
