

5. Schools Impacted

- Children in the surrounding Fountain Valley schools will suffer from influx of children from Crossings plan area.
- FVUSD will not build more school rooms and/or add more staffing before the new Crossings area residents are in place and their children cause additional overcrowding in the few at capacity local schools.
- At least a couple of generations of Fountain Valley school kids will get poorer education than current students in the FVUSD neighborhood schools due to the Crossings project.
