Dear Fellow Members,

The board would like to take this opportunity to bring you up to date on club news from 2014-2015.

The club hosted several successful events in 2014 including:

- Two outdoor 3-D archery shoots and two indoor 3-D archery shoots
- A Vegas 300/450 Round event
- The 3rd Annual Women’s Fun Shoot
- The 22 Long Rifle competition for adults and youth
- 102 youth ranging in ages from 6-17 participated in Beginning and Advanced Archery classes in 2014
- We also hosted firearms safety training, personal protection training and assisted with various law enforcement departments with their range qualifications
- The fall and winter rendezvous

Several improvements were made to the property including:

- New Electronic gate and key card system, installed in March. Along with this project the entrance was widened 10’ for easier access
- The indoor building had an air conditioning unit added and new concrete side walk was installed on the south and east sides
- In the garage, we installed new underground wiring, lighting and a new concrete floor
- New steel roofing and siding were added to the Old Clubhouse
- On the 200 yard range, bunker block was added for safety along with a new steel gate. A crushed rock berm was added in front of the backstops for Firearms Safety classes and other firearms training.
- New target bags were purchased for the outdoor archery range and 10 dozen additional arrows were purchased for the youth classes

Future plans include:

- Epoxy the concrete floor of the indoor building
- Install new steel soffits on the old club house building
- Install steel roofing on the 50 & 100 yard canopies
- Additional security cameras around the property
- The Club continues to donate to the Owatonna Foundation, in 2014 we donated \$10,000 and plan to make additional donations in 2015.
- Continue to look for ways to be involved and assist local school districts with educational material and lecture programs that will expose students to club related topics.

We will be planning work days this summer and weather and time permits, your involvement would be appreciated. Contact one of our board members if you would be interested in volunteering.
