

Sarah Cheong

I was born in Malaysia, and have moved around for most of my childhood, before settling in Toronto. I first started working with children in 2018, and joined the SK program at Jackman Daycare in 2019. I run the Nursery School program in the morning, and the after school program with Grade 3s.

Some of my hobbies/interests include hiking, travel, playing board games, and wheel throwing (functional ceramics/pottery). I'm so glad to be learning and growing alongside the children, and look forward to getting to know all the families!

Thank you!
Sarah

Neda Shihadah

I've been at Jackman for 9 years. I am a registered early childhood educator. Majority of my positions at Jackman have been with grades 2 and 3, and summer with JK-grade 1. I am currently working in room 207 with grade 3.

My hobbies are shopping, baking, and traveling. I am the middle child. I have a younger and older brother. I am expecting my first child in November of 2022. I will be back to visit of course!
