Personal Service with a Global Perspective

Over the past 17 years, the *Imports Exclusive* family has been supplying pottery from all over the world to independent garden centers. We have developed a diverse product line incorporating timeless classics, current trends in garden décor and the newest ideas from our designers.

For 2015, we anticipate bright colors and unusual styles to continue to be very popular. Our fiberclay planters are a durable, lightweight way to bring fully saturated colors into the garden. We also expect a big demand for unique textures. Oceanic black clay is both incredibly durable and rustic, while Antique Planters provide refined, classic elegance.

We appreciate the opportunity to work with our garden center partners and continue to strive to provide excellent customer service with a personal touch.
