Volume 3, Number 52

Dorval, Montreal, October 8, 1959

Price 5 cents

Volunteers for the "Pennies for UNICEF" Hollow'en project listen attentively as Mrs. R.D. Williamson, Lakeshore Chairman, illustrates a point with one of the campaign posters. From left to right, they are: Mrs. A.S. Johnston, Dorval Chairman; Mrs. W.M. Hayman, Dorval Co-Chairman; Mrs. H.L. Hurdle, District Chairman, Dorval East; Mrs. R.D. Williamson; Mrs. F.J. Pougnet, District Chairman, South Strathmore and Pine Beach; Mrs. C.F. Hiltz, District Chairman for arenorth of Dorval Station; Mrs. W.K. Wallace, District Chairman, Central area west of Dorval Avenue. Missing from the picture, Mrs. W.S. Woodley, District Chairman for North Strathmore, Pine Beach area.

## Militia Given Major Role In National Survival Against Nuclear Attack

Militia units in the Montreal area are beginning a new training year that will be different from any in their historic past, according to a spokesman in Dorval, one of many Lakeshore members of Canada's part-time army.

The difference is contained in two words: National Survival.

In conjunction with the Regular Army, the Militia is now directly responsible for the tasks of warning civilians of the imminence of an attack, determining the location of nuclear explosions, assessing damage, carrying out the initial entry into areas damaged by nuclear weapons or affected by fallout, directing the police and fire services, repairing essential municipal services, supporting local government in the maintenance of law and order; all of which is aimed at supporting the conduct of rescue operations to save the lives of the inhabitants in stricken areas.

For this purpose, Militia and Regular Army units have been organized into mobile columns which consist of a number of rescue companies, support companies of specialized troops such as engineers, medicals and signals, and companies to provide logistical and administrative facilities.

An entry into an area subjected to nuclear attack will have to be made in a manner similar to an attack on a conventional battlefield. The militiaman will spend much of his time in conventional military training, for the new responsibilities can be performed only by units organized, equipped and disciplined along military lines.

Once a unit is capable of operating and maintaining itself in the field, it can soon be taught the rescue and radiation monitoring skills required for survival operations.

With the exception of armoured, artillery and infantry units which

are being streamlined for this additional role, remaining Corps perform almost precisely the same functions in the battle of survival as in their conventional role. In fact their scope of employment is broadened, their specialized equipment entitlement is increased and their training thereby becomes more interesting. It is emphasized that sufficient heavy equipment and weapons remain available in armour, artillery and infantry units to complete full military training.

Important to the National Survival role of the Militia and the need for increased strength are the new regulations governing the method of qualifying and commissioning officers. The purpose of these regulations is to appeal to a large number of potential officer candidates and simplify the method of qualifying for higher rank without lowering the standards of efficiency.

It is no longer necessary for a potential officer to have spent a year at a University or Command contingent of the Canadian Officers Training Corps before being able to qualify for a commission; applicants now are required to be of good standing in their community, to have completed junior matriculation and to be under 30 years of age and to be under 28 years of age for armoured, artillery and signal corps officers. Applicants must, of course, also pass the Army physical examination and "E" test.

To qualify for promotion, provisional second-lieutenants must successfully pass examinations within two years of appointment. Two means are at their disposal to achieve this: one is to complete a local headquarters training portion plus two weeks of practical training at summer camp, or alternatively to attend a four-week theoretical and practical course at a command summer school.

## Red Cross Home Nursing Courses Begin Here In Mid-October

Montreal homemakers can learn the techniques of basic Home Nursing by attending free courses organized by the Montreal Branch of the Red Cross Society and taught by volunteer graduate nurses at Red Cross House, 2170 Dorchester Street West.

Starting in mid-October, each course consists of twelve 2-hour lessons, and classes are held in evening sessions from 8-10 p.m. weekly at the Red Cross House teaching centre.

Home Nursing courses are of vital importance to everyone. Women from 16 to 60 have attended these courses in the past, and the forthcoming courses are available to lay participants who are beyond the school age. Designed to give the business girl, the volunteer and the homemaker a thorough, basic knowledge of simple nursing procedures and techniques, these courses include isolation methods for the prevention or spread of disease, artificial respiration, the handling of home accidents, recognition and reporting of illness, and aid the development of other important skills that will make her a more efficient and understanding helper in moments of crisis.

Throughout the courses, adaptations needed in minor disaster situations and in civil defence are considered and widely discussed. Applications are also being accepted for a short course in Mother-and-Baby Care, which is scheduled for the fall.

Applications for both courses may be made by telephone to Wellington 7-7761 - local 43.

Enthusiastic support from over two hundred persons who attend Home Nursing Courses during the past year in an aggregate of ten twelve groups bears evidence of the tremendous need which exists for further improvement in home nursing and related services.

## Great Books Club Formed In Dorval

The Great Books Club of Dorval which held its first meeting in week at the Dorval Civic Library, 40 Martin Avenue, is based on simple idea. It is that ordinary people can learn something by reading, and then getting together to discuss, in their own non-expert terms, selections from a list of 100 classics, which it is felt, has had the greatest influence 4923 western civilization.

In other words, in its adult education in the broadest sense, the club consists are moderated by a hostess and usually fall into two parts; first, what did the book say from an objective point of view; second, what impressions were made on the individual readers.

The list of 100 books mentioned were compiled at the University of

Chicago and they are divided into six years of reading.

This coming year, the Dorval club will be reading the following books: Ecclesiastes; Homer - The Odyssey; Sophocles - Oedipus Rex and Oedipus at Colonus; Plato - Memo; Aristotle - Ethics, Selections; Lucretius - Of the Nature of Things; Bks I to III; St. Augustine - Confessions; Bks I to VII; Shakespeare - Hamlet; Descartes - Discourse on Method; Hobbes - Leviathan, Selections; Pascal - Pensées, Selections; Swift - Gulliver's Travels; Rousseau - On the origin of Inequality; Cant - Perpetual Peace; Mill - On Liberty; Mark Twain - The Adventures of Huckleberry Finn.

In his new post, Mr. Chambers will be in charge of operations which embrace Manitoba, Saskatchewan, Alberta, British Columbia, Yukon and the Northwest Territories. At the same time, he becomes district manager of B. C.

## Lakeshore Film Society Welcomes New Members For 1959-60

The Lakeshore Film Society opened its fifth season on Monday, October 5 at 8:30 P.M. with the showing of John Huston's literal adaptation of Dashiell Hammett's, the Maltese Falcon. All showings are held in Room 258 in the Main Building of Macdonald College, Ste. Anne de Bellevue.

Among the films scheduled for the 1959-60 season are: La Grande Illusion (France); I Vitelloni (Italy); Day of Wrath (Denmark); the Hunters (U.S.A.); Citizen Kane (U.S.A.); Ugetsu Mongatari (Japan) and Othello (U.S.S.R.)

The Lakeshore Film Society is a non-profit, non-political organization, formed for the purpose of encouraging interest in the film as a

medium of art, entertainment and information.

Membership cards may be obtained at the door on the nights of subsequent showings. However, since membership is limited to 125, those interested in joining should make their arrangements as early as possible in the season. Memberships may be reserved and information obtained by telephoning Mrs. Helen Morrison, Ste Anne de Bellevue 5834 or Mr. D. Betts, OX 5-6092.

Individual membership fees are \$6.00 with a reduced fee of \$10.00 for married couples, and entitle the member to attend all showings during the season, extending from October to March.

With an objective this year of \$634,000, the organizational work for the annual drive of the Federation of Catholic Charities is now nearing completion.

This year's campaign takes place October 15 - 29.

Arthur Lapres of 150 Windward Crescent, Lakeside, has been appointed divisional chairman for zone "A" of the parish division. This district comprises the area from Dorval to Baie D'Urfee and takes in the parishes of St. Veronique's, St. John Fisher, Resurrection, St. Edmund's and Corpus Christi.

## Civil Defence Still Vital

Civil Defence as we know it is due for some radical changes. Its importance has been underscored and its meaning spelled out in terms which leave no doubt that it is to stay with us for some time whether we like it or not.

Canada's militia army, which was drawn into the picture vaguely a few months back, has now had its role assigned in the national survival picture. In addition, shelters against nuclear attack have been designed for home use.

This does not mean, however, that local groups have lost their importance or that they can afford to relax, or that volunteers are now unnecessary.

On the contrary. Mayor John Pratt has stressed the need for co-ordination between all levels of government and has had correspondence with Hon. J. Waldo Monteith, Minister of National Health and Welfare, on this score.

It is therefore gratifying to hear from Air Vice Marshal Alan Ferrier, Dorval's Civil Defence Co-ordinator, that the latest tabulation of replies to the city's C.D. questionnaire has revealed a total of 223 volunteers willing to serve.

## Dorval Warrants A Post Office

There are two stores in Dorval to our certain knowledge which devote space to Post Office business. The space is cramped, often overcrowded, so that the impatient customer needing stamps must needs use one of the many machines maintained by private enterprise.

For this privilege he pays an exorbitant 10 to 20 per cent over and above the face value - quite a lucrative return on a Government commodity.

Some time ago the Federal Government promised to investigate and possibly eliminate these private vending machines and to replace them, at strategic points, with Government-owned machines selling the stamps without additional profit.

This has been done in some isolated spots in the City of Montreal.

It appears, however, that Dorval has been by-passed. Neglect such as this would not be too bad were the city to have its official Post Office. Pointe Claire has two, one south of the tracks in the area of the village, and a second at Valois, north of the tracks.

Post Office buildings, as we understand it, depend upon a municipality's growth. Dorval is growing by leaps and bounds. It will soon have a provincial liquor store - why not, then, a Post Office, too.

## Letters To The Editor

The Editor,  
Dorval Reporter.

Now that we are in the month of October and the children are once more planning their activities for Halloween, it is to be hoped that the residents of Dorval will encourage the children to collect UNICEF again this year. Besides bringing health and happiness to millions of helpless children in less fortunate parts of the world, it also fosters in our Canadian children a spirit of sharing with others and the idea of lending a helping hand to those unable to help themselves.

(Mrs. W.H. Price)

these children. Through the pennies and nickels collected by these children on October 31st, thousands of Canadian young people are able to share their prosperity with their less fortunate neighbors. At the end of the evening, children are pleased to find that by sharing their fun in dressing up and calling on their neighbors, they are helping to buy milk and medicine for needy boys and girls of other lands.

The price of a comic book will give 50 glasses of milk in India. An ice-cream cone will protect 10 children from tuberculosis in Chili. A chocolate bar will cure a child of yaws in Nigeria. U.N.I.C.E.F. works with the governments of assisted countries, who add more than two dollars for every one dollar U.N.I.C.E.F. spends.

It is our children who have pushed this movement along and whose enthusiasm has made it grow so enormously.

Anyone wishing to assist in this campaign are asked to call Mrs. A.S. Johnston ME 1-3331.

## UNICEF Group Seeks Assistance

Tonight while millions of Canadians are in the comfort of their homes, two-thirds of the world's children will go to sleep either sick, or hungry. The United Nations Children's Fund is the organization working against the destruction of these small bodies.

In the past few years "Halloween for U.N.I.C.E.F." has been the largest program for giving aid to

## Reports From Ottawa

Last month I was requested by the City of Lachine to ask the Governor General in Council, in other words the Cabinet, to reconsider a decision already reached on a former appeal in connection with the 55th Avenue crossing. This being a Cabinet matter, I forwarded this second appeal to the Cabinet Minister concerned, the Minister of Transport, with my suggestion that the entire question of railway crossings in this area might very well be reviewed in order to find the earliest possible solution. With this request I enclosed a petition of a large number of residents of Lachine in regard to the 55th Avenue crossing. As I have mentioned previously, such a request by the City of Lachine for a re-consideration by the Cabinet is highly unusual, if not without precedent, in such a matter. I am not surprised to find, therefore, that the Cabinet has taken no steps to take this appeal under consideration for a second time in regard to a finding of the Board of Transport Commissioners which it found worthy of upholding when the first appeal came before it. In this respect I have received the following letter from the Honourable George Hees, Minister of Transport, reiterating that this is a matter for the Board of Transport Commissioners to decide:

of September 17th and the attachment referred to therein.

"Yours sincerely,  
"George Hees"

Next week I shall publish the contents of the above-mentioned letter from the Chief Commissioner of the Board of Transport to the Deputy Minister of Transport, which sets forth in great detail the facts surrounding the 55th and 34th Avenue crossings, as well as other crossings of interest to the citizens of Dorval, Pointe Claire and Beaconsfield.

## Lakeshore Civitan Club Sponsors "Back To School" Safety Program

Distribution of "School Days - Drive Carefully" bumper strips marked the opening of the Lakeshore Civitan Club's Safety Campaign. This all-out effort is being carried on in conjunction with Civitan groups throughout the United States and Canada to make drivers aware of the added hazards encountered during the first few school months.

"Courtesy is contagious," President W.E. "Bill" Emerson said to the members present, and he elaborated by saying that a courteous driver is a safe driver.

The Lakeshore Civitan's Executive announced the following appointments for the 1959-60 season.

Val Chartier, Chairman of Membership and Extension Committee; Roy Pelletier, Chairman of the Citizenship Essay Contest. This contest is open to all senior students in both Protestant and Catholic high schools along the Lakeshore. The Special Events Chairmanship went to Peter Gage. Bill Bourne was chosen to succeed Ernie Moore as Publicity Chairman.

The Club's principal project is support of retarded children. As its main source of revenue, the Club sells the delicious "Claxton Christmas Cake."

Chairman Tom King of the Cake Committee is busy with plans to make the coming season's sales the highest ever! An organizational rally is already planned for the very near future.

The Lakeshore Civitan Club is one of over 800 clubs in Civitan International throughout Canada and the United States, with a total membership of approximately 30,000. The local club gathers on the first and third Wednesdays of each month for a dinner meeting at the Naples Inn, Lakeside.

Russell G. Chambers of 146 Lincoln Drive, Beaconsfield, has been appointed to the newly-created post of Western Superintendent of Atlas Copco Canada Ltd., Dorval, with headquarters in Vancouver, B.C., President Halidan S. Jacobsen announces. In his new post, Mr. Chambers will be in charge of operations which embrace Manitoba, Saskatchewan, Alberta, British Columbia, Yukon and the Northwest Territories. At the same time, he becomes district manager of B.C.

## Course Offered In Metalcraft

A ten-weeks' course in metalcraft for both beginners and advanced students will be offered by the Lachine-Dorval YMCA for residents of Dorval. The course will be held in Surrey Gardens School in North Strathmore starting October 14th at 8:00 p.m.

Instructress for the metalcraft course is Mrs. Betty Fiedler of Dorval and formerly from Vancouver where she has taught metalcraft.

THE DORVAL REPORTER 3  
October 8, 1959

The hunting man has a choice of no less than 51 different types of purebred dogs to help him get his bag. Of this number 26 are regarded as sporting dogs by The Canadian Kennel Club (official organization governing canine affairs in Canada) and 25 are known as types of hounds ranging in size from the Miniature Dachshund to the great Irish Wolfhound. For a list of sporting dogs and hounds write The Canadian Kennel Club, 667 Yonge St., Toronto, Ontario.

By K. M.

In case you have wondered what happens on the new autoroute when you miss the basket with your quarter, there is a Dorval lady who knows. A guard appears, picks up the quarter -- and hands it back to you for a second shot -- all under the exasperated eyes of your husband who does not understand how you could possibly miss the first time.

The unattached turtle mentioned in this column last week has been claimed. He apparently had a long walk from Decarie Grove to the top of Ilanfield Circle. Time -- a little under two months.

The Canadian Association of Consumers was told last week that standard sizes in clothes for children should be available next year or early in 1961. When this becomes an accomplished fact one of the pet projects of the C.A.C. will have been realized. The local organizations who send representatives to the Consumers Association will have a feeling of direct participation. Lack of standard sizes has always been a concern to families, and a popular subject at consumer discussions. When we get the standard sizes, government regulated, it would be nice if we could keep the children one size for a few months at a time.

A \$200 scholarship and a \$50 prize were awarded at the Montreal Lakeshore University Women's Club Meeting on October 5. The Club in less than two years has given out scholarships worth \$350, and has thereby made concrete indication of the group's interest in education. They intend to raise the amount next year if possible. Who wins the scholarships? Any girl attending a Lakeshore high school, and planning to continue her education at an accredited Canadian University may apply. Copies of application forms in French and English are sent to all High Schools on the Lakeshore, and awards to graduates are made on academic standing. This year's scholarship winner was Ellen Anne Purdie (John Rennie High School) who will take Physical Education at Macdonald College. Prize winner Beverley Ruth Steer (Lachine High) will go to Macdonald College to obtain her Degree in Education.

There is a man around our town of good character and good habits but his friends have been avoiding him lately. It is just that instead of saying, "How do you do?" those days he is saying, "How would you like to teach Sunday School?" And there is a minister who by making an innocent remark in good faith may have set the campaign for teachers back a few paces. Urging members of the congregation not to be shy of the Sunday School task he remarked that the need of teachers is so great, training is provided, and control over the children is as easy as it is at home....

In a "River of Gold" the Guides and Brownies are carrying out one of their nicest ideas for the Golden Jubilee Year in 1960. This Autumn all across Canada the girls are busy planting bulbs, and next spring for the celebration of the fiftieth anniversary of Guiding in Canada, golden tulips will bloom in tribute across the nation. You will be seeing pictures of Dorval Guides and Brownies planting two Guide Emblem Trefoil designs at Dorval United Church last Saturday. I don't know if they will make the photos or not but definitely in the picture are the fathers and other helpers who dug the flower beds.

Parents hooked for the year... the executive of Saint Veronica's Parent Teacher Association has sent out a programme for the year's meetings, outlining the dates and topics to be discussed. One topic of immediate interest "The Catholic High School" will take place on November 26. February 25 meeting will deal with another popular subject "The Teenager -- A Joy or a Problem?"

Land has definitely been reserved on the former Royal Montreal Golf Course for a new Protestant School. However until the streets are laid out purchase of the land cannot be made. In the meantime Dorval Gardens School enrolment runs near maximum.

Late Nature Notes: We are not the only ones who are confused by this alternating cold and hot weather. Mrs. Philp and Mrs. Cunningham on Violet Crescent report that their raspberry plants are producing a few clusters of berries. Mrs. Cunningham has noted also that squirrels in her area have speeded up in their storage preparations. They climb the stalks of the sunflower plants and tug and pull until they break the whole head off -- an intriguing process to watch.

An unscheduled but opportune three-way meeting took place on Saturday afternoon at Dorval Gardens Shopping Centre, involving Mayor Pratt, two gentlemen from Virginia, and a Dorval Reporter scout. The reporter, curious about all the men with names on lapel pins, obviously convention delegates, wandering around the shopping centre, stopped to chat with two of them who were from Springfield, Virginia. They were participating in an Urban Land Institute four-day convention at the Queen Elizabeth Hotel, and part of a group of one hundred and fifty delegates from the U.S.A. and Canada who were guests of Steinberg's for the day. At the moment when these gentlemen were talking about how impressed they were with our Dorval Shopping facilities and Canadians, Mr. Pratt, out shopping, happened to come along, and was introduced to the delegates from Virginia, adding to the tour a personal welcome from the Mayor of Dorval.

If any of you see a bright orange Sports Car whipping around Dorval (observing the speed limit of course) you are likely looking at the car which recently won in the Canada Class Sports Car Event at St. Eugene, Ont. The orange is the Dutch racing color, and represents to Mr. R. Snyder an ambition from his youth in Holland, realized in Canada. Mr. Snyder who has lived in Canada for six years was a racing car enthusiast in Holland, and drove in races when he was eighteen. When he came to Canada, he found the possibilities of obtaining materials better, and building a car within reach. In November, 1957, a year after he was married, he started his project in a garage heated by a small stove. He tells me that he didn't mind the cold winter weather when he was working on the car, and that his enthusiasm over the car finally won his wife's interest and encouragement.

His Sports Car, powered by a German-made three-cylinder engine has a top speed of 130 miles per hour. Painstaking work has gone into its construction and no one would guess when looking at this sleek bright car that the aluminum body was hand beaten over a tree stump. When the car was finished Mr. Snyder spent months making trial runs at the St. Eugene course and readjusting, until just two weeks before the race in which he placed first. He hopes to compete in races in the U.S.A. next year.

There is a modest neighbour of ours who is not saying much about a recent promotion. He always knew he had a way with motors, and was the "over the fence consultant" on all matters re limping lawnmowers, snow blowers, etc. Now we find out that Mr. J. Terreault, Handfield Circle, has been given a send-off by his friends at the airport as he begins his new job -- Air France's Technical Advisor for Canada.

Man who had the biggest scare of the week was the homeowner on Le Page (his house had suffered considerable damage September 23 after a water main behind Yale Shopping Enterprises area broke) when he discovered that a water shut-off about five o'clock in the afternoon, October 2, was caused by another broken main at the top of LePage near the new apartment buildings. This time, however, there was no flooding, and the damage was repaired with only minor inconveniences to householders.

The appointment of William E. Emerson as Marketing Manager and his election to the Board of Directors have been announced by F.W. McIntosh, President, Pepsi-Cola Company of Canada, Limited. Mr. Emerson of 225 Allcroft Road, Beaconsfield, will now be responsible for the company's marketing policies, plans and programs, for the duties previously handled by the general sales department. Born in Stratford, Ont., Mr. Emerson was educated in Toronto. He joined the Pepsi-Cola Company of Canada, Limited in 1951, and since that date has served as Manager of Syrup Sales, Regional Manager for Ontario, Assistant to the General Sales Manager, and Manager Bottlers' Division. The father of two daughters aged three and two, Mr. Emerson is well known in community and service work in Beaconsfield, and is President of the Lakeshore Civitan Club.

## Y.M.C.A. Study-Discussion Group

Plans for a special study-discussion program entitled "The Art of Living With Yourself and Others," have been completed by the Lachine-Dorval YMCA.

As part of its informal educational program for men and women the YMCA is encouraging people with inquiring minds to take part in this type of program. The series will be held for six consecutive weeks with the opening one scheduled for Tuesday, October 28th at the Lachine-Dorval YMCA. The series is being offered by the Y in cooperation with the Mental Hygiene Institute.

Feeling comfortable about ourselves, feeling right about other people and being able to meet the demands of life are the fundamentals of mental hygiene. These subjects will be discussed more fully during the six weeks series. Discussion groups will be led by professional staff members of the Mental Hygiene Institute.

Mrs. Kay Crowe, Director of the Department of Family Life and

rarent Education of the Mental Hygiene Institute will give leadership to the series. Topics to be discussed include acceptance and tolerance and the values that an individual uses in understanding himself and others. Feelings of rejection, loneliness, hostility, frustration and fears will also be discussed and explored.

"What is success, is it necessary and how do we achieve it?" will be a topic for one of the six sessions. The problem of meeting the demands of life with the stresses and strain of present day living will be the concluding topic for presentation and discussion.

Anyone with a genuine interest to learn and understand more about this aspect of daily living is invited to join the study-discussion series. No prerequisites are needed other than a desire to learn in an informal setting.

Registration for this series can be made at the Lachine-Dorval YMCA now. A nominal fee will be charged.

### "Our dreams came true at 60"

How we retired on \$300 a month for life

"My wife and I have always wanted to travel. So when I retired last fall we set out to see a lot of places we'd only dreamed of before. And I get \$300 every month while enjoying it--thanks to my Confederation Life Pension Plan.

"When I first talked to my Confederation Life man, I was pleasantly surprised at how easily I could make my dreams of retiring come true--without risking my savings. And with my Confederation Life Pension Plan, I added valuable Life Insurance protection for my family. For any man who values security, I believe the Confederation Life Pension Plan--with or without the Life Insurance Protection--is a perfect way to make your dreams of retirement comfort come true!"

#### PICK YOUR OWN PENSION PLAN

- Retire at the age that suits you best.
- Choose a monthly pension for life, or cash.
- Add Life Insurance for your family's protection.
- Include special disability benefits with your Pension Plan.
- Use the simple, automatic Pay-O-Matic savings plan.
- Register your policy for income tax savings.

PROTECT THE ONES YOU LOVE, CONSULT

**OF BOOKS AND LIBRARIES**

"People who never knew there was a City Hall before, are discovering it through the Library, and people coming in to pay their water tax are discovering that there is a library," smiled Mrs. M.B. Lachance, when I chatted with her in the pleasant shelf-lined room at 40 Martin Street recently.

Since taking up its new quarters in the City Hall in December, the Library has increased its membership by nearly five hundred, and its circulation of books has doubled in that time. Over one thousand books have been added to the accession list in the past six months, some by purchase, some by donation. And who has ordered them, received them, catalogued them and, more remarkably, knows what's in them? Why, Mrs. Lachance, of course, volunteer Librarian extraordinary of this fast-growing community project.

There are books to suit every age and taste, and particularly remarkable is the fine collection of non-fiction -- biography, history, travel and the crafts are represented. Mrs. Lachance is happy to announce that the Library is becoming bilingual, and there are now a few French books for children and adults. "This library has been built on the suggestion system," Mrs. Lachance told me. "The library is always willing to accept suggestions for the purchase of new books, though, of course it doesn't follow all the suggestions!", she twinkled.

The library is staffed entirely by volunteers. Thirty community-minded women in Dorval are giving their time to promote the success of the Library. Though it is open only two afternoons and two evenings a week, reading, cataloguing, and doing the multitudinous behind-the-scenes jobs which keep the Library running smoothly. Plans are already afoot for a branch library in Cowland Park. "What about a Bookmobile?", I asked. Well, that seems to be a dream of the more distant future.

"What is your greatest need in the Library at the present time?", I queried.

"We would like to start a Children's Story Hour, possibly half an hour every two weeks", said Mrs. Lachance. "The hour could be arranged to suit the person interested in telling the stories."

Won't one of you mothers who tell such good stories to your children, widen your listening circle a little? Simple puppeteering too, is a natural for the children's section of a library. Do call Mrs. Lachance and tell her you are interested. Donations to the Library are 98% adult books, yet 2/3 of its members are children. Young Canada Book Week is coming up in November. The Dorval Civic Library Tag Day is October 17. Let's all keep our Library growing!

**ART**

Speaking of Art, a big thank you to Robert Goutley who got us off to an artistic start by designing the heading to our column. Many people know Bob as an actor and more recently as the director of the Lachine Children's Players, but his talents lie in other directions too.

**ASSOCIATION OF LAKESHORE ARTISTS EXHIBITION**

Do drop in to Miss Montreal and see the exhibition of paintings by Lakeshore artists. Our first impression was that the paintings had been hung artistically with consideration as to blending of colour and relationship of subject matter. Our intuition had not failed us, for the people responsible for arranging these exhibitions are Lois Eastman Coates assisted by Doris Thompson, both exhibiting artists.

Whether they paint delicately in water colour, with sure clean outlines which produce an Oriental feeling, as does P. Roy Wilson, A.R.C.A., or in warm soft pastels, as does Victor Rose, or mould the paint on thickly with a palette knife as does P.W. Jones, all these artists have this in common - they paint what they see, and what they see is very pleasant to look upon. The slow hope of spring in the retreat of the snow, overlooked by a mild sky; the quaint, narrow street with the cathedral, ethereal in the background; the sugar bush, cold, in the late afternoon sun, with the hot glow through the half-open door of the sap house - all are here, dear and familiar as our Quebec countryside is in reality. "Bound for School", by Henry J. Simpkins, A.R.C.A., is a delightful representation of a child on horseback in the late spring mud.

Conspicuous by their absence are any examples of non-objective art, though Ron Simpkins approaches this spirit in the tempestuous mood of "Windy Day". Incidentally Ron is Henry J. Simpkins' son.

Childish it is perhaps, but I cast my vote thus. Which canvass would I take home, had I to choose. Doris Thomson's "Shasta Daisies and Tiger Lilies" fairly burst from the canvass in their vitality of colour. Mrs. Coates' "Early March" is a soft landscape, easy to live with. Truly these are all the sort of paintings one could feel at home with. And the prices are reasonable too.

**DRAMA**

Little Theatre is making news all along our Lakeshore, and one of the drama groups most recently to join the fun is the E-Z Players. We asked Mr. Ralph England, the director for an explanation of their catchy and unusual name. "Oh, that's easy", he punned, "Mrs. Zinck and I took the first initials of our names, and as she is an American we gave the 'z' the American pronunciation."

The E-Z Players was formed a year ago, and draws its membership from Montreal to Hudson. Their forthcoming production, "The Man Who Came To Dinner", directed by Ralph England and John McFadyen, should provide them and us with plenty of fun, as it is a rollicking comedy. Laurence Evershed plays the leading role of Sheridan Whiteside. Gerald England and Gerhard Andary, both of Dorval, play supporting roles, and John Bisschereaux, a Dorvalite, is stage manager.

**ST. VERONICA'S COUNCIL CATHOLIC WOMEN'S LEAGUE TO HOLD CARD PARTY**

The St. Veronica's Council of the Catholic Women's League will open their season with a card party to be held at St. Veronica's School Auditorium, Marcell Avenue, Dorval, Friday October, 16th at 8:30 P.M.

The year's program will also include a day of Reparation, to take place October 18th at Marie Reparatrice Convent on Mount Royal Avenue, Montreal. Those interested please call Mrs. F. Ganley, ME. 1-1365.

**L'Shore West Lions Club Hold First Meeting Of The Season**

The Lakeshore West Lions Club commenced the 1959-1960 term last Monday evening with a dinner and business meeting held in their Den at the Larry Moquin Hotel, Ste. Anne de Bellevue.

President Moe Renaud outlined the Aims and objects of the Club and reviewed the organization of the various committees.

While the Club will continue with the activities now underway, such as sponsoring Little League and Pony League Baseball; Boys and Girls work generally; individual appeals and projects of a welfare nature; helping in the Easter Seal Fund Raising Campaign; etc - a concentrated effort will be made to develop a major project, preferably one that will absorb the entire membership.

The ways and means committee is planning a number of fundraising campaigns which will enable the Club to carry out the above mentioned programme. One of these campaigns will be the sale of Christmas Cakes which received such a generous response last year from residents along the Lakeshore.

The President advised that the month of October had been labelled "Membership Month". Members should take this opportunity to invite guests to the regular meetings who, they consider, are prospective Lions.

He pointed out that there maybe men in the Lakeshore Area who would like to have information about Lionism in general or about Lakeshore West Club in particular. Should this be so, information may be obtained by calling President Moe Renaud at OX 5-6019, Secretary George Thompson at OX 5-2262 or Vice President Bill Pfeleger at Ste Anne de Bellevue, 5568.

Miss Florence Limoges, Bell Telephone Representative, presented an amusing and enlightening skit on voice range, in an advertisement.

## Professor Keith Callard Guest Speaker at Lakeshore Forum

Many urgent questions raised by the uneasy situation in Asia and the Mid-East will be discussed by a uniquely qualified authority at next Tuesday's Lakeshore Forum, when the topic is "A Waking Giant Stretches."

The speaker is Professor Keith Callard, associate professor of political science at McGill, and researcher in the Institute of Islamic Affairs at the same university. Through one-stop observation and close research, Professor Callard has become a top expert on two of the world's power-cores: India and the Moslem world.

Born in England, Professor Callard served in the Indian army from 1943-46. There he developed a keen interest in India's problems even learning the Urdu language so he could get in closer touch with them.

After the war he studied at the London School of Economics, graduating in 1948. He was invited to join the political science department at McGill. He has been on the staff there ever since, with time out for further studies and trips to the Far East and North Africa.

A Rockefeller Foundation grant enabled Professor Callard to spend 1954-56 studying conditions in Pakistan at a time of considerable ferment. What he learned there served as a basis for his book:

"Pakistan: A Political Study." On his return to McGill in 1957 he was appointed to his present Islamic Institute post, in addition to his associate professorship.

In January and February of this year Professor Callard attended an international congress in Pakistan. And he spent July and August in Tunisia, studying the legacy of colonial institutions, on a grant from the Canada Council.

Professor Callard's talk will deal with the East's rejection of European-type civilisation, and the problems this poses for the Western world. These are problems, this poses for the Western world. These are problems that must be solved if the West is to survive in a world where non-Europeans - overwhelming in numbers - begin rapidly overtaking us in technology. A question and discussion period will follow the talk.

The open forum will be held at 8:30 p.m. on Tuesday, October 13, in the Unitarian Church Hall, 14 Cedar Avenue, Pointe Claire. Anyone interested is invited to take part in this meeting.

When purchasing a dog be wary of the word "toy". It is sometimes a seller's gimmick for moving stock that does not measure up to standard size, i.e. Toy Collie, Toy Terrier, etc. Only 18 breeds are recognized as "toys" by The Canadian Kennel Club.

Ladies of St. Marks Church

for the losers and played a strong game at half back. Saunders starred on defence for Dorval East.

Strathmore surprised everyone with their strong defensive game against Courtland Park who were the big favourites to win. The game ended in a 6 all tie, each team scoring an unconverted touchdown.

Campbell was again the big gun for Strathmore and in addition to scoring the touchdown he also played well on defense. Another boy who deserves mention is little Jack Pierotti who made some five runbacks.

Hughes scored the Courtland Park touchdown on a nice run. Dave Clarke played a terrific game and stood out with his defensive play.

The teams will play again next Monday, October 12th, at Courtland Park. The opener will commence at 9:15 a.m. between Courtland Park and Windsor, Gardens. The second game between Dorval East and Strathmore will

improved Westlake squad noted them out 27-26. The most exciting game of the season saw lots of wide open football with some great running by Westlake's Bob Farje and Dorval's Al Brewer.

Quarter-back Bill Sansom once again showed great improvement as a passer, throwing TD passes to Art Cross and Al Brewer and hitting Mike Deserres on the short ones. The Dorval defensive line played poorly, leaving gaping holes for Bob Farje to romp practically free all morning.

Westlake are now in a position to set themselves up with a play-off spot by knocking off Pointe Claire next Sunday, while the Dukes will have to come up with a key one to take the undefeated Lachine Lakers at Courtland Park on Friday night.

Scoring for Dorval against Westlake were: Art Cross, 2 touchdowns; Al Brewer, 2 touchdowns; Roger Nicholson, 2 converts.

## OF BOOKS AND LIBRARIES

"People who never knew there was a City Hall before, are discovering it through the Library, and people coming in to pay their water tax are discovering that there is a Library," smiled Mrs. M.B. Lachance, when I chatted with her in the pleasant shelf-lined room at 40 Martin Street recently.

Since taking up its new quarters in the City Hall in December, the Library has increased its membership by nearly five hundred, and its circulation of books has doubled in that time. Over one thousand books have been added to the accession list in the past six months, some by purchase, some by donation. And who has ordered them, received them, catalogued them and, more remarkably, knows what's in them? Why, Mrs. Lachance, of course, volunteer Librarian extraordinary of this fast-growing community project.

There are books to suit every age and taste, and particularly remarkable is the fine collection of non-fiction -- biography, history, travel and crafts are represented. Mrs. Lachance is happy to announce that the Library is becoming bilingual, and there are now a few French books for children and adults. "This Library has been built on the suggestion system," Mrs. Lachance told me. "The library is always willing to accept suggestions for the purchase of new books, though, of course it doesn't follow all the suggestions," she twinkled.

The Library is staffed entirely by volunteers. Thirty community-minded women in Dorval are giving their time to promote the success of the Library. Though it is open only two afternoons and two evenings a week, mending, cataloguing, and doing the multitudinous behind-the-scenes jobs which keep the Library running smoothly. Plans are already afoot for a branch library in Courtland Park. "What about a Bookmobile?" I asked. Well, that seems to be a dream of the more distant future.

"What is your greatest need in the Library at the present time?" I queried.

"We would like to start a Children's Story Hour, possibly half an hour every two weeks," said Mrs. Lachance. "The hour could be arranged to suit the person interested in telling the story."

Won't one of you mothers who tell such good stories to your children, widen your listening circle a little? Simple puppeteering too, is a natural for the children's section of a library. Do call Mrs. Lachance and tell her you are interested. Donations to the Library are 98% adult books, yet 98% members are children. Young Canada.

## TEENAGE Dorval Civic Library Gym Programs

Besides sponsoring 24 Teams in the Adult Mixed Bowling League, the Strathmore Community Association are sponsoring two junior bowling groups for boys and girls between the age of 8 and 13. The children living north of the highway will bowl at the Valois Bowling Alleys and should contact Mr. D. Moreau at 227 St. Leon Avenue to register, while the children living south of the highway will bowl at the new Dorval Lanes Bowling Alleys and should contact Mr. S. Blakemore at 75 Touzin Avenue. Bowling will start Saturday morning, October 24th.

Boys and Girls between 13 and 16 living in this area and wishing to bowl with the Teenage Bowling League at the Dorval Lanes Bowling Alleys are asked to contact Mrs. Juneau, 85 Vinet Avenue, or Mrs. Price, 80 Neptune Boulevard. This League will start Saturday, October 17th at 1:00 p.m. providing the Alleys are in operation.

Dorval boys and girls are invited to take part in programs sponsored by the Lachine-Dorval YMCA at public schools in the Dorval area. The popular gymnasium program for boys 8 to 12 years of age will live in North Strathmore is held every Saturday morning at Surrey Gardens School from 9:30 to 11:30 A.M.

Teen-age boys and girls from 14 to 17 years of age may participate in a Saturday afternoon variety gym program at Courtland Park School. This activity will be held from 2:00 to 4:00 p.m. and the sessions will start on Saturday October 17th.

The 'Y' also announced that plans are underway for organizing a Junior Hi-Y Club for boys who are in grades 8 and 9. Any boy who is interested in joining this club is asked to get in touch with Reg Gates, Youth Secretary at the Lachine-Dorval YMCA at ME7-2511.

# L'S Monster Grizzly Bears Discovered First In Alberta

A super-race of grizzly bears has been discovered in an Alberta community, recently opened up as last Me of the country's hottest oil and prospecting areas.

The huge beasts are believed to be remnants of the plains grizzlies which once roamed with the buffalo herds across the prairies and were thought to be extinct before the turn of the century.

An article in the September issue of Imperial Oil Review reports that discovery of a "Valley of the Giants" in the Swan Hills area 50 miles northwest of Edmonton gives an intriguing zoological apple for naturalists throughout North America.

The bears are of eye-popping proportions. They measure up to 10 feet from nose tip to hind feet, and weigh up to half a ton. In the bear kingdom, only the Alaska Kodiak tops that.

Fewer than 400 of the shy monsters are believed to have survived in an 8,000-square-mile domain of woods, babbling streams, and small mountains which, until recently, was one of the continent's few primeval spots. Today such has been found in Swan Hills, from more than 100 drilling and seismic crews are operating in the region.

The Swan Hills grizzlies are not shoochy Mountain or coastal grizzlies, nor do they appear related to any other type of bear now living on the continent. However, their skulls are strikingly similar to those of the plains grizzly exhibited in the National Museum in Ottawa.

Michael Hendry and other early explorers reported seeing thousands of "big bears" roaming the prairies, and prior to 1850 Fort Walsh in southern Saskatchewan was shipping as many as 600 bear-skins a year. These grizzlies were

described as longer than any other, with needle-sharp claws and colors ranging from chocolate to silver brown. The Swan Hills grizzlies match this description.

The Imperial Oil magazine tells how Albert Frederick Oeming, zoology graduate and Edmonton wrestling promoter, heard rumors of a giant race of grizzlies in the Swan Hills area, spent years questioning Indians and whites before he saw one, and finally developed a theory to explain them.

"There is historical proof that herds of buffalo roamed as far north as the Peace River to escape the advance of man," says Oeming. "I think a handful of the plains grizzlies came with them and bred up in the Swan Hills which, until lately, was one of the most inaccessible areas on the continent."

Today the huge bears appear to be moving north again, as supply roads and clanking bulldozers enter their once-silent kingdom. This has pushed them closer to the settlements along Lesser Slave Lake, and Oeming has been concerned about their arrival.

The Review article tells how Oeming fished a 10-foot-long trap, by which he could first knock out the grizzlies with ether, then tag them and transport them deeper into the wilderness. He also went from oil camp to oil camp, telling the story of the bears and asking crews not to shoot them. The Canadian Petroleum Association circularized the industry, asking cooperation. Garbage dumps, always a magnet for bears, were moved farther from cookhouses, and some camps banned rifles. Then the Alberta government backed up the conservation effort by placing Swan Hills off-limits to all bear-hunters.

"There's a good chance now that the plains grizzly won't vanish from the earth," Oeming says.

Pitching camp is no trouble at all with the tent-on-wheels now being sold by a United Kingdom firm. This revolutionary, lightweight folding tent trailer can be towed by the smallest car at normal cruising speeds and erected on site in less than two minutes. For towing, the tent trailer measures 6 1/2 feet by 5 feet by 2 1/2 feet and weighs about three hundredweight. Erected, it has a head room of 6 1/2 feet at centre. It sleeps four adults and is made of ten-ounce rot-proof canvas.

The trailer, which has the trade name of "The Poppet", is equipped with roller bearings on the wheels; stop, tail and numberplate lights; reflectors and provision for flashing indicators.

The chassis is all-steel, and damageable parts can be replaced. It has self-compensating brakes and a tow bar.

# Sports on Parade

BY GABY FILIATRALLT

The small fry football league played their second double header last Saturday at Courtland Park. Football has caught the imagination of our boys the same as Little League years ago. If you are one who hasn't seen a small fry football game, you are missing something. The boys take the game very seriously and you will be surprised how fast they learn. The boys always did and always will like body-contact games and football provides them with that kind of sport. Properly coached and trained the boys also learn to play football the right way. Physical training in football is second to none and the players will gain a lot in practising this particular sport.

The thing that impressed us most last Saturday was the way all adults connected with the Small Fry Football League took it seriously. From the coaches, time-keepers and officials of the game, everyone is there 100%. We do not know who the referee was but he deserves a lot of praise for the nice way he handled the game and, what is more, the way he handled the boys. Taking time out after a complicated play, to explain why was such and such a play called back or which way such a play should have been made is very seldom seen and, as young boys have a lot to learn, you can figure out how many questions they asked. It may delay the game a little but next time the players will know what to do and how to do it and then time will be saved. Acting as referee alone for a football game is something and, when the same fellow finds the patience to help the youngsters, he deserves an extra note of thanks. You only had to see with what respect the players were looking to him for explanations to be convinced that in their eyes, that referee was the top man on the field.

Gene Benoit, convener of the Small Fry League and all his volunteers deserve many thanks from our citizens for organising the new league. It will take a lot of work but, looking ahead, success is a sure goal and our hats are off to all of you.

While football will be going strong for some weeks yet, talks about hockey should soon be resumed. Already many of last year's Midgets are wondering if juvenile hockey will be played in Dorval this coming winter. News about the subject should come out soon. Brother Paul Omer of the St. Louis Marie School is anxious to enter one team in any good organised league. On the Lakeshore or in Lachine it doesn't matter as long as the league will be organised on sound basis. Brother Paul Omer was successful last winter in bringing the first championship title to Dorval with his midget team in the Lachine Inter-Church League. If the interchurch forms a juvenile league this year he will certainly enter a team. Players could be selected from the St. Louis Marie School and we are told that players from the St. Stephen and St. Veronica schools would be welcome also. It would be a very good thing as juvenile teams are something we don't see very often. If a juvenile league could be formed in Dorval it would be perfect but we don't think that we have enough players to form a league.

The players interested in juvenile hockey are the over-aged from last year's Midget teams and there are not enough to form three or four teams. Another suggestion would be to form one juvenile team from players all over the City and enter it in a Juvenile League. Plans were made last winter for one juvenile team but the lack of cooperation received from certain quarters forced the cancellation of such a project.

While on the hockey subject we would like to make the suggestion that a school for hockey referees should be started right now and that only persons who meet the school's requirements be allowed to officiate on the City's rinks next winter. Last winter, as with previous winters, some very poor sportsmanship was displayed on our City's rinks and in every case the responsibility rested with poor officiating by unqualified persons. On the other hand, games with tempers of both teams very high, were kept under control when qualified referees were on duty. We have many good hockey referees in Dorval and only these should be allowed on the City's rinks. We are sure that they would be very glad to volunteer to teach some willing youngsters the art of refereeing. The Little League refereeing school last summer proved that it could be done. Small Fry Football at its beginning seems to have qualified referees, why not hockey?

## CNR Football Special Saturday

Canadian National Railways will again operate a "football" special from Montreal to Ottawa next Saturday, October 10, when the Alouettes meet the Roughriders for the fourth time this season.

The train will leave Montreal at 9:10 a.m. daylight saving time, stopping at Lachine and Ste. Anne de Bellevue enroute. Returning, it will leave Ottawa at 6:00 p.m.

James Lalonde, sports representative, announces that tickets are available at ticket offices of the railway and at Lord's Sport Shop. The fare of \$7.60 for the return trip includes a \$3.00 ticket to the game.

## Small Fry Football

Windsor Gardens now lead the Dorval Pee Wee League as the result of their big win over Dorval East last Saturday.

Simpson and Joyal were again the big ground-gainers for the winners with Simpson scoring 4 Touchdowns and converting one for a total of 25 points. Joyal and Read each notched a touchdown and Joyal got 2 converts.

Thomson scored 2 Touchdowns

for the losers and played a strong game at half back. Saunders starred on defence for Dorval East.

Strathmore surprised everyone with their strong defensive game against Courtland Park who were the big favourites to win. The game ended in a 6 all tie, each team scoring an unconverted touchdown.

Campbell was again the big gun for Strathmore and in addition to scoring the touchdown he also played well on defense. Another boy who deserves mention is little Jack Pierotti who made some five runbacks.

Hughes scored the Courtland Park touchdown on a nice run. Dave Clarke played a terrific game and stood out with his defensive play.

The teams will play again next Monday, October 12th, at Courtland Park. The opener will commence at 9:15 a.m. between Courtland Park and Windsor, Gardens. The second game between Dorval East and Strathmore will start at 10:30 a.m.

## Westlake Edges Dorval Dukes

The Dorval Dukes missed their chance to sew up second place on Saturday morning, when a much

improved Westlake squad noed them out 27-26. The most exciting game of the season saw lots of wide open football with some great running by Westlake's Bob Farney and Dorval's Al Brewer.

Quarter-back Bill Sansom once again showed great improvement as a passer, throwing TD passes to Art Cross and Al Brewer and hitting Mike Deserres on the short ones. The Dorval defensive line played poorly, leaving gaping holes for Bob Farney to romp practically free all morning.

Westlake are now in a position to set themselves up with a play-off spot by knocking off Pointe Claire next Sunday, while the Dukes will have to come up with a key one to take the undefeated Lachine Lakers at Courtland Park on Friday night.

Scoring for Dorval against Westlake were: Art Cross, 2 touchdowns; Al Brewer, 2 touchdowns; Roger Nicholson, 2 converts.

## MORE AND MORE GROCERS SELL MORE O'Keefe

Grocers everywhere are noticing this new sales trend. Everyday more and more people are discovering mild O'Keefe Ale. Next time you order beer from your grocer, make it O'Keefe — you'll enjoy its natural mild flavour.

### THE O'KEEFE MILDNESS SECRET

Ever bitten into a grape seed? It's bitter, unpleasant. Grape growers found by experiment that they could develop seedless grapes with nothing to spoil the delicate flavour. It's the same with hops. Ordinary hops contain seeds which give an unpleasant bitterness to ale. However, O'Keefe master brewers insist on costlier "Seedless Hops"; result—there's no unpleasant bitterness, just the right, natural mild flavour.

Drink O'Keefe The Mild Ale!

Teen-age Bowling League of the Strathmore Community Association opens its season today at the new Dorval Lanes bowling alleys, commencing at 1:00 p.m. This league is for boys and girls between 13 and 16.

**Meet The Scandinavians**

Back in 1945, the Danish Allied Committee became involved in something that members of the Committee had hardly even dreamed about. Many British and American military personnel came to Denmark to vacation there and as the Second World War had just been fought to the bitter end, we can well imagine that the situation in Denmark - having just ended her less chaotic and not quite suitable for foreign visitors and tourists. Nevertheless, the Danes wanted to do their utmost not to disappoint the visitors. The hotels were few and in many cases had been damaged during the occupation; the only way out of this dilemma was then to appeal to the Danes themselves and this provided some truly heart-warming results. The hospitable Danes opened up their homes for their well-liked overseas visitors who appreciated this friendliness even more because it gave them a chance to get acquainted with the Danish way of life. For a few days, the visitors really became Danes as by magic; they lived like Danes, ate like Danes and amused themselves like Danes and when they went back home, they were able to tell their friends and relatives in detail what it is like to live in Denmark.

It is a well-known fact that to get to know a country, one has to live there. That is the only way to become acquainted with a nation and its way of life. This is, however, in many cases a practical impossibility, because most overseas visitors spend only their relatively short vacations in Europe. Therefore, the National Travel Association of Denmark carried on the work of the Danish Allied Committee in 1948, together with Scandinavian Airlines System and it is now fully possible for any visitor to Denmark to get acquainted with his Danish counterpart, no matter what his trade or profession. The program is called "Meet the Danes", and SAS has hundred of names of families who will be pleased to receive any visitors, entertain them and discuss with them the various aspects of life. There is no financial interest whatsoever involved and the program has been established for the sole purpose of creating and strengthening friendship between guests from abroad and Danish families.

The families gladly and of their own free will open their homes and enjoy the company of their international guests without expecting anything in return. It is a splendid example of the famous Danish hospitality.

This scheme was soon adopted by other Scandinavian countries too. Norway and Sweden both planned their respective programs, called "Know the Norwegians" and "Sweden at Home". Needless to say, both are strictly non-commercial according to the example set by Denmark.

Whether you are a football player, teacher, carpenter, salesman or nurse, by contacting your nearest SAS office or your travel agent you will be able to get in touch with your Scandinavian "opposite number" during your next trip to Europe. Many friendships which will last a lifetime have already been made. As an additional feature, this service has been extended to professional individuals and groups too. Thus, a dairy farmer will have a chance to see a Scandinavian dairy, a teacher to see a modern school and a doctor to visit a hospital. Nor is there any need to be afraid of the language barrier, because the majority of Scandinavians speak English as a universal second language.

The hotel situation in Scandinavia has improved immensely during the past decade and modern hotels are available in all four corners of Scandinavia; but nevertheless the door is always open also to a private Scandinavian home.

**Plastic Ideas**

Translucent plastic sheeting reinforced with glass fibre which will not splinter, even when nailed without drilling, has been produced by the plastics division of a British aircraft firm.

It is light, strong, weather and fire-resistant, and, say the manufacturers, inexpensive. The sheeting admits up to 85 per cent of natural daylight, has heat-retaining and sound-resisting qualities, and is thus useful for building and interior decorating. One type, in corrugated form, is being widely used for factory roofing. The sheeting has also been used as a light and manoeuvrable background for film and television sets. The same company have developed a process of incorporating gaily printed fabrics—cotton, silk or nylon—within flat translucent plastic sheeting. The manufacturers say that special care is taken to preserve the trueness of the pattern colours. This material has only recently gone into production, but apart from its obvious uses in the home it has already been used for illuminated wall panels in restaurants.

A novel method of fabricating chemical-duty plant has also emanated from this company: vessels are made from rigid P.V.C. sheeting and then reinforced.

The October meeting of the Calendar Year of the Strathmore United Church will be held on October 13th at 8:30 p.m. in the Upper Sunday School Hall. Miss Helen Nielsen will speak on "Life in Thailand", illustrating her talk with coloured slides. Members are asked to bring donations of good, used clothing to this meeting.

Mrs. T. Keenan of Winnipeg, Man., was a recent guest for several days of her brother and sister-in-law, Mr. and Mrs. A. P. Brown, Strathmore Boulevard.

Mr. L. G. Jordan, Graham Blvd., returned home last week-end after spending the past week in Northern Ontario.

Congratulations to Mr. and Mrs. Alan M. West, Thruzin Avenue, who celebrated their thirteenth wedding anniversary on September 28th. Congratulations also to Mr. and Mrs. F. Newcombe, St. Louis Avenue, who celebrated the 17th anniversary the same day. St. Veronica's Parish Council of the "Catholic Women's League is holding its Annual Card Party on October 16th.

Mrs. S. W. Thoms, Stream Avenue, returned home last week after spending a ten-day vacation in Paris.

Congratulations to Mr. and Mrs. J. McEwen, Clement Avenue, who celebrated their eighteenth wedding anniversary on October 4th; and also to Mr. and Mrs. Howard W. Byrdwell, Sources Road, who were married fourteen years in October 6th.

Mrs. H. M. Hadley and Mrs. J. W. Horton, who are both leaving Strathmore were entertained recently by their W. A. Group of the Strathmore United Church. The meeting was held in the Ladies' Parlour of the Church when court whist was played and both ladies were presented with pieces of china as farewell gifts.

Congratulations to Mr. and Mrs. C. P. Morrison, Neptune Boulevard on the birth of their son in the Montreal General Hospital on September 28th.

The Strathmore Community Association's Annual Fall Dance will be held on October 24th. Tickets may be obtained from Mr. Layzell, ME. 1-8850; Mr. Aucco, ME. 1-3753 or Mrs. Charland, ME. 1-6361. This event also marks the close of the Tennis Season and the

**CALYPSO RHYTHMS IN NASSAU** -- Mr. and Mrs. John Anderson of 18 Tulip Ave., Dorval, Quebec, Canada, dance beneath moonlight and palm trees at the poolside patio of the British Colonial Hotel, where a reception was held for the Ontario Chapter of the American Society of Travel Agents. Nassau was selected as the first out-of-Canada meeting place for the group of travel agents.

trophies won during the past season will be presented that evening.

Congratulations to Mr. and Mrs. Frank Rogerson, Westwood Avenue who celebrated their wedding anniversary on October 1st.

Congratulations to Mr. and Mrs. Douglas Archibald McAllister whose marriage took place last Saturday morning in the Chapel of the Annunciation of Our Lady, Town of Mount Royal. Mrs. McAllister was formerly Miss Rosemary Lillian Creagh, daughter of Mr. William P. Creagh of the Town of Mount Royal and of the late Mrs. Creagh, while Mr. McAllister is the son of Mr. and Mrs. Douglas B. McAllister, Lagace Avenue.

Mr. and Mrs. E. C. Fisher, Hyde Park Avenue, returned home recently after spending a two-week vacation motoring to Detroit, Mich.

Congratulations to Mr. and Mrs. A. R. Donald, Sources Road, who celebrated their nineteenth wedding anniversary yesterday.

Due to the second Monday in celebrated their nineteenth wedding anniversary yesterday.

Due to the second Monday in October being a holiday, the regular monthly meeting of the Dorval Safety Council will be held on October 19th in the City Hall at 7:30 p.m. This meeting is open to the public and it is hoped that more safety-minded citizens will make an effort to attend. There is still a great need for a secretary for the Safety Council and if anyone feels they could help in this capacity, Mrs. Godbeer, the Chairman, at
