## TESTIMONIALS:

*I feel different dancing here. I like taking class where you actually get pushed and get to grow and get the motivation and attention that makes you better.*

*-Juliet F.*

*My daughter has four years of dancing experience. She has been dancing at Aspire for just two months and I am seeing the "joy" she once had for dance again! It is visible when she dances! She has enjoyed every instructor... experienced, talented, and encouraging... seems to be the common thread at this studio. It is truly special. Miss Alexia... thank you! We look forward to an amazing year of dance!*

*-Paula A.*

*A beautiful place to grow not only as a dancer, but a person! The coaching staff truly care about each individual that walks through the doors! The director herself has created an inspiring and safe place to learn and grow and dancers and individuals! There is definitely a bright future in store for Aspire!*
