CUSTOMER REFERRAL PROGRAM

Refer a friend and get \$25 off your next month's service. Your friend will get \$25 off his or her installation fee.

1. New customer must not have been a previous customer of Freedom Broadband during the past year.
2. New customer must give your name at the time he or she contacts Freedom Broadband for service.
3. New customer must be a standard installation. A standard installation includes only 1 radio to connect the premise to the nearest tower or access point, 200' or less cable, a standard roof or ground mount, and no trenching.
4. New customer must be serviced by an existing Access Point in place at the time of referral. Customer referral program will not apply where Freedom Broadband is required to expand its network, add new Access Points, or implement network upgrades in order to serve the new customer.
5. Current customer will not receive referral incentive where customer is already receiving other discounts. New customer will receive the referral incentive.
