### C. **Condolences to the family Joseph Caruso. Mr. Caruso was a Guidance Counselor at the Middle School, President of the LBCTA, and President of the Long Beach School District Retirees Association. Mr. Caruso can be thanked for many of the working conditions that we still enjoy today and the strong foundation he set in our contract. He was an asset to the Long Beach culture and community and will be sadly missed. The LBSDRA will be awarding an extra scholarship this year in memory of Joe Caruso. ## II. **Committees**

### A. **Grievance Committee—Karen Bloom**

1. Unfortunately we were denied at Stage 4 for our Pre-K grievance, allowing students to attend LB Schools. It was considered to be a fringe benefit, which Pre-K teachers are not entitled to.

2. Please contact me if you have any issues that you feel are a violation of our contract.

### B. **Negotiation Committee—Chief Negotiator’s Report—Keith Harvey**

I will be presenting the potential Sick Bank changes to the executive board on October 23. If the Executive board approves the changes they will be presented at a general membership meeting for ratification.

4. Windows-So far the district fixed approximately 155 windows at Lindell which is approximately 1/3 of the total windows and they expect to finish the rest by next week. They will then

begin fixing the windows of East School. In addition, fans have been installed in all elementary classrooms! Thank you to buildings and grounds for getting this done!

5. If you have any Health & Safety issues that you are unable to resolve at the building level, please email me at [kbloom@lbeach.org](mailto:kbloom@lbeach.org).

6. Thank you to the administration and the tech team for trying to create a smooth opening to the school year. The staff have been reporting classroom computer and technology issues, and the "tech help desk" team have been working toward addressing those issues promptly.
7. Some teachers' files in their documents folder were missing which caused issues for teachers looking to start the year.
8. We appreciate the effort that went into ensuring the classrooms were ready for the first day. We hope to continue to build on this relationship and explore ways to improve upon the success of this year for following years.
9. The district Chromebook initiative faced some challenges in rollout this year. There were some Chromebooks that did not transfer from the middle school to the high school at the

start of the school year and many new entrants to the school. There were also Chromebooks that were handed in for service and never came back from being fixed. We appreciate the attention that the building administration paid to this matter to ensure that next year the rollout is more efficient.

**10.** The district should explore hiring a director of technology in order to coordinate both district technology hardware and software initiatives.

**11.** Thank you to the custodial staff for their efforts in making the building look great upon arrival this year. We are still experiencing some issues with inconsistent heating and cooling in some classroom. Some rooms on the 2nd and third floor have had no air circulation or cooling. We appreciate the efforts being made to address those issues and hope they are resolved quickly. Also, there were lights on the 3rd floor that were out in some classrooms and bathrooms and we appreciate the attention that the custodial staff paid in addressing and fixing the problems.

**12.** The district still needs to study the traffic pattern at the High School to ensure the safety of Students, Teachers, and Residents.

**13.** Some teachers are awaiting feedback on students with ICT/and or self-contained and their placement in regular classes. We hope to meet the needs of all students.
