

Concert Dress Order Form

(for ALL NEW Band or Orchestra females)

Dress measurement day is: **Thursday, September 8th, 2016** during class hours

A uniform black concert dress is **required** to be purchased by all female participants of Band or Orchestra. The dress is made of a washable polyester fabric. It has an empire waist, slight v-neck and short bell sleeves. There are no zippers or buttons, but ties in the back which allows for a larger size to be purchased to accommodate growth, which means only one dress should need to be purchased for the entire four years of performances.

Please complete the form below and return to the school by **Thursday, September 15th, 2016** along your with payment so that the orders may be placed and dresses received before the first concerts. There may be an additional charge if a special order needs to be placed for late return of this form.

The size is determined from the measurements taken at school by an Office representative. A size chart is included if you would like to double check measurements as **there are no returns or refunds** since they are made to the sizes ordered.

Please note: Sizes are NOT reflective of typical department store sizes.
They are based on measurements and company specific sizing.

Dresses arrive unhemmed and will need to be hemmed prior to the first concert. You may wish to have it hemmed by a tailor as it is worth a few dollars since the dress will get a lot of use over the years.
